Community kids view SAM movies

Kids at the Ada S. McKinley Community house will, beginning Wednesday evening, be entertained by the SAM Film Program. Wally Conniff, film chairman, announced that two hours of movies would be made available each week and that visual education czar Ted Lindgren will provide projection equipment.

Veronica Lake's Halloweeny, "I Married a Witch," will comprise Thursday's campus show at 6 p. m. in 131MC. For contractual reasons, it cannot be shown Wednesday, Conniff revealed. Cartoons and sports featurettes will be seen in Wednesday's 2 p. m. show.

News in Brief

C. E. Deakins, dean of students, this week extended an open invitation to presidents of Illinois Tech student organizations to attend a "get acquainted" session. The meeting will take place at 4 p.m. Friday, October 28, in the conference room of the dean's office on the second floor of the North Student Union.

The U. S. Civil Service has recently announced a number of job openings. Examinations for junior professional, junior management, and junior agriculture assistants will soon be given to fill a large number of these positions. Those interested may obtain further information from the placement office, second floor, MC.

The senior photo schedule has been extended one more week to accommodate those who have not yet had their pictures taken. The great demand for appointments warranted this extension through October 30.

Seniors are requested to sign up for one of the ten minute intervals open on these days and to be on time for the appointment. A sign-up sheet is posted on the SU bulletin board, along with the photographer's address and additional information.

Weir to study electronics here under ECA plan

Colin G. Weir, graduate of the University of Edinburgh, has been assigned to IIT by the Economic Cooperation Administration to study electric power transmission.

Weir is one of eight engineers selected by the British Government to receive advanced technological training in American methods under the ECA's technical assistance program. This advanced training is designed to supply these men with experience not available elsewhere.

The eight men, first of a group of fifty, will be placed in American plants to get actual experience in American methods and techniques.

Sigma Xi meet postponed for diesel confab

The Diesel Engine Manufacturers association will hold a symposium at Illinois Tech Thursday from 9 a. m. to 4 p. m. Talks will be given by industrial diesel engineers and inspections made of IIT's diesel laboratories.

This symposium postpones the Sigma Xi meeting originally scheduled for the above date. Instead this meeting will be held on Wednesday, November 2, at 8 p. m. in 115 CB. Roland A. Budenholzer, head of the ME department, will talk on the heat pump, called the ideal heating and cooling system for future homes.
