

# ARMOUR 5; LAKE FOREST 3

## Simpson Makes Eighteen Strike Outs

Armour's struggle with Lake Forest Monday evening ended with a 5-3 score in favor of the local team. Geo. Jennings took the hero role in the 10th inning after two-thirds of the canto was passed, with the bases full, when he socked a clean two base hit over the southern end of Ogden Field. This gave Armour a victory over one of the strongest college teams in the middle west.

Lake Forest jumped to a 3-0 lead in the fourth inning and maintained their margin until the 7th. Armour's staff of sphere bombardiers then snapped out of their slumber and annexed three clean hits which netted them two runs. In the following inning Armour placed two more safeties and knotted the score at 3.

King Simpson's powerful right arm functioned unceasingly and he was able to keep the visitors at bay during the critical moments. He annexed 18 strikeouts to his credit Monday night thereby establishing a current record among this season's college pitchers.

Simpson's effective hurling was re-inforced with the batmen's heavy hitting. Twelve wallops featured Armour's hickory swinging that evening. Three of the twelve hits came about in that eventful 10th.

## Metallurgists Tour South Chicago Plant

Monday, April 15, the members of Prof. Carpenter's senior metallurgy class journeyed out to South Chicago to make a tour of the Marsh plant of the Youngstown Sheet and Tube Company. Here they saw the huge blast furnaces and rolling mills in operation before inspecting the laboratories. The new modern labs of this company rank among the best equipped in the middle west.

## Rosen's Work Obtains Mention in New York

N. Rosen, '31, received a Mention on the IV project of the Beaux-Arts Institute of Design at New York. This is the first time that a Sophomore was placed in the projects sent to New York, as this kind of drawing is usually restricted to Juniors and Seniors.

The drawings of N. Rosen, J. Harridge, I. DeLong, and H. Schlager were submitted to the B. A. I. D. judgments, as they received a Mention Commended in the local judgment. The remaining three men did not place in the New York judgment.

The problem consisted of the design and rendering of an aquarium.

## Net Team Invades Lake Forest Sat.

Led by George Jennings No. 1 singles player and Capt. Stellar No. 2 man, the Armour Tech net team will open its season of 12 hard matches by invading Lake Forest Saturday, April 27, to engage the local squad in a tennis match.

Others who will make the trip are Coach Tibbals, Lamb No. 3 man and several promising candidates. Coach Tibbals is giving the latter group plenty of time to show their wares. At present, they are matching up against each other in order to determine the best performers.

Tennis has been very successful at Armour for several years, but this season the Tech racketeers hope to turn in an especially impressive record, which will eclipse all the others. They will be out Saturday to start the victory column rolling against Lake Forest and, although the north side institution is reputed to possess patent racketeers, there is no reason to doubt that the Armour net men will return victors.

## TECH NINE WINS OVER U. OF C. 5-4 SIMPSON STARS

### Hurler Is Big Gun in Tech's Attack; Strikes Out 15 Men

Chris Crisler's University of Chicago nine were victims of the superb pitching of Simpson and a concerted attack by the Tech batsmen in a game played at the Midway Tuesday. The Maroon batters could gather only four hits from Simpson's deliveries, fifteen men retiring via the strike-out route. All four of Chicago's runs were the result of misplays by the Armour infield. With his fast ball working to perfection, Simpson completely fooled the Chicago batters. Not satisfied with performing on the mound alone, Simpson garnered two hits in four trips to the plate. His triple to right center in the eighth scored Robin from second with the winning run.

George Lott, of tennis fame, handled the pitching duties for the Midway nine. His throwing was not particularly impressive, for the Armour batters found him for eight hits. Four of these were bunched in the third, and, combined with a walk, an error, and a passed ball, accounted for 4 runs. Simpson's aforementioned triple in the seventh with Robin on base accounted for the fifth and winning run.

Lang, '27, and "Dunnie" Dunlop, by a count of 14½ to 9½. J. Stranberg, '31, M. Larkin, '31, and C. Zacher, '31, served as alternates for the varsity.

In the doubles match, Christiansen and Ong took six points from Miller and Bates. In the singles, Ong took 2½ points from Miller and Weis took 1 point from Lang. These points constitute the varsity score, the alumni team taking the rest of the points.

The complete schedule for the golf team is not yet completed because many of the colleges and universities written either have no team or will not send them here. However, the manager has opened negotiations with several Big Ten universities and will report a complete schedule at an early date.

A 24 point match with Crane College is scheduled for April 26 at the Big Oaks golf course.

## Old Man Sol Aids Tennis Matches

The tennis tourney gained life with the return of fair weather. Eddy had a hard time with Schirmer last Wednesday but emerged victorious by two close counts 10-8; 7-5. There are now only 7 men still in the tourney. It is expected that within a week or two the finals will be played off.

## U. of I. Petitions to Raise Boxing Rating

A petition is being circulated at the University of Illinois, asking that boxing be made a major sport. It is to be presented to the Board of Athletic Control. Pending this action letters have been sent to other Big Ten schools in an effort to determine their views on such a change.

It is possible that this action will bring about a general change in the rating of this sport. It was not so long ago that basketball was a minor sport, but now it comes second only to football for the attendance it attracts and the profits it pays.
