

JUNIOR WEEK PLANS READY

N. D. BUEHLING IS ENGINEER EDITOR FOR NEXT YEAR

Managing Board Turns Publication Over to New Staff

N. D. Buehling, E. E., '30, was elected editor-in-chief and H. H. Stebbins, M. E., '30, was chosen as business manager of the Armour Engineer at a meeting of the managing board held last Thursday. The board consists of L. F. Bernhard, E. E., '29; M. B. Golber, M. E., '29; L. P. Brown, E. E., '29; R. J. Guenther, E. E., '29; C. J. McDonald, E. E., '29; Profs. J. C. Peebles, E. H. Freeman and Walter Hendricks.

L. F. Bernhard and L. P. Brown are the retiring editor and business manager, respectively. Buehling has been one of the assistant editors during the past semester, and Stebbins has occupied the position of assistant business manager, each is well qualified by experience for his new position.

These two men will be in charge of the May issue of the Engineer which will be distributed about May 20. The other new members of the staff are to be tentatively appointed during the next month, but the final organization will not be definitely decided upon until next semester.

INTER-HONORARY BANQUET GIVEN WEDNESDAY NIGHT

Annual Dinner Will Be At Sutherland Hotel

The annual inter-honorary banquet will be held tomorrow night, May 8, in the Red Bird Room of the Sutherland Hotel. Forty-seventh and Drexel. During the dinner, which will start at 8:30, those present will be entertained by the hotel orchestra. After dinner, the toastmaster, Prof. Daniel Roesch, will give an introductory speech. This will be followed by a talk from Mr. W. L. Abbott, on the subject: "After Coal, What Then?"

This banquet will be given in honor of the newly-initiated members of the various honorary fraternities. The members of the committee in charge of the banquet are:

- J. W. Manz, '29.
 - A. C. Gunther, '30.
 - G. H. Smith, '29.
 - S. Goodheart, '29.
- The fraternities have initiated the following men:
- Eta Kappa Nu, honorary electrical. G. W. Baker, C. S. Bogowicz, N. D. Buehling, J. Dollemmaier, C. R. Southwick, F. V. Forss, E. S. Geiger.
 - Phi Lambda Upsilon, honorary chemical. J. J. Zolad, L. J. Ferguson.
 - Pi Tau Sigma, honorary mechanical. R. J. Spencer, R. B. Johnson, C. F. Vojtech.
 - Salamander, honorary fire protector. J. A. Bechtold, E. W. Berg, H. W. Mullins, J. A. Ransel.
 - Sphinx, honorary literary. C. G. Anderson, D. L. Banta, E. P. Boynton, N. D. Buehling, P. E. Heath, S. Janiszewski, J. S. Meek, M. O. Nelson, D. T. Smith, H. H. Stebbins.
 - Tau Beta Pi, honorary engineering. C. G. Anderson, E. H. Chun, H. W. Faulstich, A. C. Gunther, A. T. Martin, R. M. Spencer, M. A. Tennyson, F. O. Zimmerman.

Entire Class Present at Senior Banquet; Much Revelry and Noise While Class of '29 Celebrates

CAL JOHNSON HEADS FAREWELL FUNCTION

CAL JOHNSON

With practically all members present, the Class of '29 held its Senior Banquet, Thursday night, at the Hotel St. Clair, accompanied by revelry and noise.

Professor Huntly was toastmaster, and Professor Schommer was also present.

Entertainment was furnished by professional performers, and also by members of the class who felt exceptionally happy. Much spirit was displayed by the men, while songs resounded the length of the tables. The committee in charge consisted of:

- C. H. Johnson, '29.
- H. H. Dozois, '29.
- A. H. Gent, '29.
- V. A. Peterson, '29.
- G. A. Petters, '29.

RAYMOND WILL GIVE RECEPTION FOR GRADUATES

Affair Will Take Place May 21 in Library and Gym

A reception will be given on the evening of May 21 in the Library of the Institute by Dr. Raymond, together with members of the faculty for the graduating class of 1929. A brief program will be given, followed by dancing in the Gymnasium. The entire senior class will be invited to attend, accompanied by their guests.

A feature of the evening will be the rendering of a number of selections by a trio of musicians from the Chicago Symphony orchestra under the direction of Mr. Arthur Heinicke. The trio will be made up of violin, cello and piano. There will also be a brief talk by Mr. Julian B. Arnold, and a few words by Dr. Raymond.

Light refreshments will be served. This evening will be the last social affair of the four years at which the seniors will meet the faculty and their wives. The orchestra, which will furnish the music for dance following the reception has not yet been selected.

Junior Week Calendar

- Monday, May 13
 - Afternoon—Baseball, Armour vs. Alumni, Ogden Field.
 - Honor "A" Society Banquet 6 P. M.
 - Evening—Open House.
- Tuesday, May 14
 - Baseball—Armour vs. Lake Forest at Lake Forest.
- Wednesday, May 15
 - Afternoon—Tennis, Armour vs. Michigan State Normal at Armour.
 - Evening—Annual Home Concert. Inter-Fraternity Sing.
- Friday, May 17
 - Morning—Inter-Fraternity Track Meet.
 - Afternoon—Baseball, Armour vs. Michigan State Normal at Armour.
 - Tennis, Armour vs. Detroit City College at Armour.
 - Track Meet, Armour vs. Lake Forest at Lake Forest.
 - Evening—Junior Promenade, Balloon Room of the Congress Hotel, Balloon Room Orchestra.
- Saturday, May 18
 - Circus Day.

Nine Plays N. W. Col.; Mich. State Normal

The Armour squad with Simpson and Stehno as their slugging aces will engage Northwestern College of Watertown, Wis., Wednesday, and Michigan State Normal Friday, with the hope of subduing both opponents.

Wednesday's tilt will take place on Ogden Field at 3:30 P. M., while Saturday's game will be played at Ypsilanti, Mich.

Michigan has had a formidable baseball team for a number of years. Two years ago Armour was outpointed on two occasions when they opposed that team.

The revival of competition between these teams, however, is marked with a few changes. Eli Ward, their master hurler is gone, while Armour will be present with one of the best teams that was ever assembled at the institution.

A. Watson to Head New Discussion Club

A. Watson, '32, was elected president of the Armour Discussion Club at last Wednesday's meeting, defeating H. Richter.

The constitutional committee, consisting of H. P. Richter, chairman; D. Chapman, and Polli, will submit the constitution next Friday.

Richter was also appointed secretary of the newly-formed club. It was decided to have each member present at the next meeting give a short impromptu discussion on some important topic of the day, followed by a general discussion by all the club members. The meeting is to be held at 2 P. M., Friday, May 10, in room H of the main building.

1929 Bulletin Out Soon

The annual General Information number of the Institute Bulletin will be delivered to the school in about two weeks, according to an announcement last week by the dean's office.

Breaks Nose in Gym

H. Slavitt, '32, suffered a fractured nose during a basketball game in one of the gym classes. He is back in school again, after a three days' absence.

Murray Lamm, '27 M.E., died Thursday night at his home at 4734 Ingleside Ave. His death was due to suffocation.

Junior Prom Bids Placed on Sale

Bids for the Junior Prom to be held in the Balloon Room of the Congress Hotel were placed on sale by the Social Committee yesterday. The regular orchestra has been obtained and there will be dancing from 10 until 2 with the supper served at midnight.

The favors will be by Marshall Field and Co. Bids will be limited to 125, with juniors having preference, so those who wish them should get theirs early from one of the following men:

- R. J. Serson.
- J. G. Papantony.
- P. E. Heath.
- C. J. Beale.
- W. Scott, Jr.

H. Stebbins '29 Elected President of A. S. M. E.

At a meeting of the Armour Branch of the A. S. M. E., held Wednesday, May 1st, the following officers were elected:

- President—Herbert Stebbins.
- Vice-president—Charles Vojtech.
- Secretary—Martin Vander Velde.
- Treasurer—Jerome Kovarik.

The elections took place between each reel of a four-reel film of the General Motors Corporation. The main feature of the film was the proving ground maintained by the General Motors for testing cars and trucks under various weather and road conditions.

Raymond Addresses Alumni at Eng. Club

Dr. Raymond addressed sixty members of the Alumni Association at a luncheon held Tuesday noon, April 30, at the Engineering Club. President Harper presided at this, the regular monthly meeting of the Alumni Association. President Raymond's subject was "Our Alma Mater." He told of the recent abandonment of the affiliation plans, and of present conditions at the Institute.

Math. Professors at M. A. A. Meeting

Dean Palmer, and Professors Krathwohl, Spencer, Bibb, and Heggard attended the meeting of the Illinois Section of the Mathematical Association of America held at Carthage, Illinois, on May 3rd and 4th. They left Friday morning and returned Saturday evening.

At the meeting Prof. Krathwohl read a paper on "The Organization of Freshman Mathematics at Armour Institute of Technology."

Palmer House is Scene of A.S.M.E. Annual Dinner

The Chicago Section of the American Society of Mechanical Engineers will hold its annual dinner at the Palmer House, Tuesday evening, May 7, at 7:00 o'clock. Mr. Elmer A. Sperry, national president of the Society, will make a special trip from New York to address the meeting. Mr. Lorado Taft, internationally known sculptor, will also speak. His subject will be "The Dream Museum for Chicago." Dr. Raymond, and Professor Gebhardt will attend.

OPEN HOUSE, CONCERT, JUNIOR PROM, CLASS RUSH ARE HIGH SPOTS OF WEEK

JACK SITZLER COMMITTEE CHAIRMAN

Junior Week with its attendant functions and excitement opens officially Monday morning, May 13. The first event scheduled is a baseball game between the Armour varsity and the Alumni, Monday afternoon. Following this game, the Honor "A" society will have a banquet, which many of the alumni members will attend.

Monday night, Open House night, will be a big feature of the week. A special copy of the News will be

out, giving full information about the exhibits.

Tuesday, Armour is playing a return game with Lake Forest in baseball. The northsiders have lost only one game this year, the one in which we before defeated them.

Wednesday, May 15, another athletic event is scheduled when the tennis team performs against Michigan State Normal on the Armour courts. In the evening, the annual Home Concert will be given by the musical organizations. The Band, the Orchestra, the Stress and Strains, and the Glee Club all have special numbers. The Inter-Fraternity Sing will also take place at this time. During this event, the social fraternities compete for a silver cup offered by the Junior Class for the best quality of singing.

Friday morning the Inter-Fraternity Track Meet will be held at Ogden Field. Letter men are not eligible for this competition. In the afternoon, the baseball team will play a return game with Michigan State Normal at Ogden Field. Armour also has a tennis match scheduled with Detroit City College to be played on the Armour courts, while the track team will be busy at Lake Forest the same afternoon. The Junior Prom, premiere social event of the school year, follows that night in the Balloon Room of the Congress Hotel.

Saturday, the crowning day, is Circus Day. The Decathlon will be held in the morning for the aspiring track and field stars, while the afternoon is the time for the annual Freshman-Sophomore class rush. The Freshmen, wearing green shirts, and the Sophomores, wearing red ones, will fight to secure possession of twenty hay-filled sacks in the middle of Ogden Field for ten minutes. Stunts by the different fraternities, music by the band, and programs of other entertainment will be provided for this afternoon.

The cup which was offered for the best decorated fraternity house will not be given because all of the fraternities would not compete; the donor did not care to make his offer unless all the fraternities were decorating their houses.

Smith Addresses F. P. E. S. on Insurance

On Wednesday, May 1, the Fire Protection Society of Armour was addressed by Mr. C. H. Smith of Marsh & McLennan, insurance brokers. Mr. D. W. Shand of the same company, who was scheduled to continue his series on Industrial Insurance was unable to attend; however, his colleague offered a very valuable talk on general insurance topics.

A. I. E. E. Election

At a meeting of the A. I. E. E. yesterday morning the annual election of officers took place. Jack Dollemmaier was elected chairman for the next year. J. G. Papantony, vice chairman. Stephen Janiszewski, secretary. C. E. Rudebus, treasurer, were the other officers elected. The constitution was adopted and a report of the year's work was read by Secretary Wack.

W. KAEMPFERT TELLS ASSEMBLY OF NEW MUSEUM

Modern Duplicate Will Replace Old Fine Arts Building

"The Technical Ascent of Man" was the subject of a lecture by Mr. Waldemar Kaempfert, director of the new Rosenwald Industrial Museum, given at a general assembly, Thursday, May 2. A large and enthusiastic audience took advantage of the opportunity to attend.

Mr. Kaempfert illustrated his lecture with moving pictures of several European museums and showed how the modern museum has moving exhibits rather than stationary ones.

The idea of an industrial museum is not new, Mr. Kaempfert explained, the idea having been proposed by Des Cartes, and a museum established in Paris. There is also a museum in the Crystal Palace, London, and one in Munich, Germany.

The moving pictures included views of all three museums, and showed the exhibits of the Munich museum being controlled by the spectators. This is a distinctive feature of the German museum and Mr. Kaempfert intends to incorporate the idea in the Rosenwald museum here.

The South Park Board is giving \$5,000,000 to replace the old Fine Arts building in Jackson Park with a new fireproof building which will be a duplicate of the World's Fair relic, except that it will be permanent. The new museum will be housed there. Already \$500,000 worth of exhibits have been offered, unsolicited, and it is expected that by the time the museum opens, about 1932, the gift exhibits plus the \$3,000,000 pledged by Julius Rosenwald will total approximately \$30,000,000.

Night School Closes

Final examinations were held in the evening classes last week, bringing to a close the second semester of the work. Grades will soon be available, according to Professor R. V. Perry, Director of Evening Classes.

Hammond Now Pres. of A. I. A.

Mr. Charles E. Hammond, '04, has recently been reelected President of the American Institute of Architects, a national architectural organization. He is also State Architect of the State of Illinois.

Vol. III MAY 7, 1929 No. 14

VERDICT—NOT GUILTY

Dean H. G. Doyle of George Washington University, after taking a survey of three hundred of our leading colleges, has decided that the college youth of today is not at all "collegiate." The conclusion does not surprise us—what does amaze us is that anyone should have considered it necessary to conduct an extensive questionnaire to find out the truth about the college youth. Perhaps this evidence was gathered for the benefit of the public at large.

The general public shows a woeful lack of knowledge concerning college life. Their ideas concerning the students at our higher educational institutions show to what extent the screen, the stage, and the publications mold public opinion.

The American public demands a label for everything; the magazines and the stage supply this need. The picture of a farmer is a hick, with goatee, overalls, and an atrocious New England slang; the stock broker is depicted as a heavy-set individual, continually chewing on a cigar. The most ludicrous of all is the collegian, a young man with a coonskin coat, tumbledown socks, ramshackle flivver, a tendency to hard drinking and bad manners.

The absurdity of this description may be seen at a glance. Most college students have a hard time making the grade financially, three or four hundred dollar fur coats are far beyond their financial means.

If there is one thing college does, it is to teach men to be careful of their personal appearance and manners. Slouchy socks, and unshined shoes are distinctly out of line on any campus. Slouchy manners are similarly frowned upon.

The accusation that ancient Model T's are prevalent is perhaps true. Such a car is all that most students can afford. It furnishes the maximum service for the minimum outlay; more power to the collegians for their excellent business judgment.

The man who is a heavy drinker can neither carry his class work nor participate in athletics with any degree of success. To accuse the average student of hard drinking is foolish. By his record he acquits himself.

MOTHER'S DAY

Next Sunday is known throughout the country as "Mother's Day." In an era when every form of sentiment has been commercialized to some extent, this one occasion remains singularly free from such cheapening influence.

Perhaps this is because of the deep feeling, the true love existing towards the mother. The mother's friendship and love is undying. She is radiant in her son's glory and helpful in his need. He may be a failure to the rest of the world, but to her he is the biggest and best man on earth.

Because she has done so much for her son, he cherishes her above all else. His love and respect are the only harvest that she reaps for her work. The setting aside of one day with its remembrances is a fitting tribute to her.

“THE SLIPSTICK”

Cleave to "The Slipstick"; let the Slipstick fly where it may.

Evolution

Harken, little freshman,
Do you really know
That you have remaining,
Four brief weeks to go?

Yes; soon you'll be a soph,
Haughty, proud, and gay
Till you think of class work,
'Twill chase your joy away.

And, each eager sophomore,
You shall grieve no more,
In the allotted four weeks
You'll ride the elevator.

Juniors, soon you will lead
The school in everything,
And it's almost fitting
You should want a ring.

Seniors, high and mighty,
For you we shed a tear
Cause you'll soon be working,
After loafing all the year.
L'Envoi.

Four weeks are but brief
Things must come and go.
But what will really happen,
We really do not know.

—ALLAH.

FORESIGHT

"So you claim your father knows the exact moment he will die; the exact year, month, and day?"
"Yessuh; he oughta know. The judge tole him."

Query: If Armour had a dramatic club, would they call the members the "Armour Star Hams"?—Iowa Bill.
Answer: Sure; and their repertoire would be limited to Bacon.

He Rates 40 Nag Power

First Wife: I hope you don't nag your husband.
Another: Only when he is beating the carpets. When he is thoroughly irritated, he makes a much better job of it.

Now we have moving pictures that talk. We wish that we had patrons that didn't

And Quiet Reign'd Supreme

Neighbor: Will you lend me your saxophone for a few days?
Nother: Sure. Can you play it?
Neighbor: No, and neither can you while I've got it.
—Freddie.

Prof. Griffith says that N. U. will shed bitter tears over losing their chance to absorb us when they compare their baseball record with ours. Kraft is crafty.

Salvation Nell: Will you give me a dime for the Lord?

Scotty: How auld are ye, lassie?
Nell: Eighteen, sir.
Scotty: Wull, I'm seventy-five. I'll be seeing Him afore ye, so I'll just gee it ta Him myself.
—F. B. A.

A Miss is as good as her smile.

I. O. N.

HERE'S THE HOLE TRUTH

Soph: Success! At last I've discovered what they do with the holes in the doughnuts.
Frosh: Y'don say. What do they?
Soph: They use them to stuff macaroni.

Seems that the other day one of the deans called up the mother of a young hopeful, and told her that her son had fifteen cuts. He kindly asked her to come down and see about it. And, believe it, she did, and brought with her two doctors, three nurses, and an ambulance.
—H. A. M.

Suggestion for a school slogan:
Only four more weeks left till summer school. Form your classes early.
—I. O. N.

A Russian was being led off to execution by a squad of Bolshevik soldiers on a rainy morning.
"What brutes you Bolsheviks are," grumbled the doomed one, "to march me thru a rain like this."
"How about us?" retorted one of the squad. "We gotta march back."

It must be said in favor of the Chicago gangsters that they are doing more to eliminate Chicago gangsters than anyone else.

NO TECHNIQUE

Grandma: Horrors! Doesn't that little boy swear terribly?
Grandson: Yes'm, he sure does. He don't put no expression into it at all.

Scientists insist that the sun is going to last another 15,000,000,000 years. What, then, is the idea of all this daylight saving?
Al Auerbach

Professor Earl H. Reed, Jr.

(A Biographical Sketch)

By H. P. RICHTER, '32

Earl H. Reed, Jr., head of the Department of Architecture, was born in Norwood Park, Ill., Sept. 14, 1884. After spending his early boyhood in this town, he was graduated from the Chicago Manual Training School in 1902. He then worked for a year in the office of D. H. Perkins, architect, and in 1903 entered the Massachusetts Institute of Technology, Architectural Department, receiving his B.S. degree in 1907. Prof. Reed spent his summers in the office of Arthur Heun. After graduation, he worked two years in the offices of Holabird & Roche, Chicago, and was active in the planning of the University Club, La Salle Hotel, Monroe Building, etc. He also had experience in the construction of St. Chrysostom's Parish House and the Park Ridge Episcopal Church with Brown and Walcott, architects.

From 1906 to 1913, Prof. Reed traveled and studied abroad, including two years in the Second Class Ecole des Beaux Arts, Paris. He prepared for the Ecole in Atelier Unebdeustock and was a student in Atelier Redon. He also had practical experience in the offices of Giubert, Chauchmiche, Sue et Huillard, and for the Compagne General des Omnibus. During his stay abroad, he made a special study of Continental and English church architecture.

During 1913 and 1914 he was in charge of the planning and design of the Municipal Pier, City of Chicago, for Charles S. Frost, and in 1914 he became a licensed architect of the State of Illinois. During the summer and fall of 1918, Prof. Reed

Inquiring Reporter

Question: Would a football team for Armour Tech be possible and successful?

F. E. Williamson, '30, E. E. Should have one but it's impossible and would be unsuccessful under the present curricula.

B. F. Stein, '30, E. E. Yes, if it wouldn't bankrupt the school. They have such a wonderful stadium.

J. E. Ransel, '30, F. P. E. Absolutely. Carnegie Tech and Georgia Tech, both fine technical schools, have equally fine football squads. A football team would do much for Armour in the way of advertising.

Dan White, '32, M. E. A football team would certainly be possible here at Armour. It would probably experience the same degree of success as the other teams, as it would encounter the same difficulties.

S. Jeffery, '32, E. E. I believe a football team would be something very practical for the students of Armour to attempt. I also believe it would be successful, because there is plenty of material to work with.

I. G. Katz, '30, Ch. E. I suppose it would. I'd like to see a football team here. We might put Armour on the map.

was in charge of the Plan Additions to Camp Grant, Rockford, Ill., for Edward H. Bennett, architect.

Prof. Reed made the preliminary sketches for the proposed new Armour Institute of Technology, 1918-1919.

In 1915 and 1916 he became an instructor of the Architectural Department of Armour Institute of Technology. In 1923 he became associate professor of Architectural Design and in 1924-1925, head of the Department of Architecture. Since 1925 he has been professor

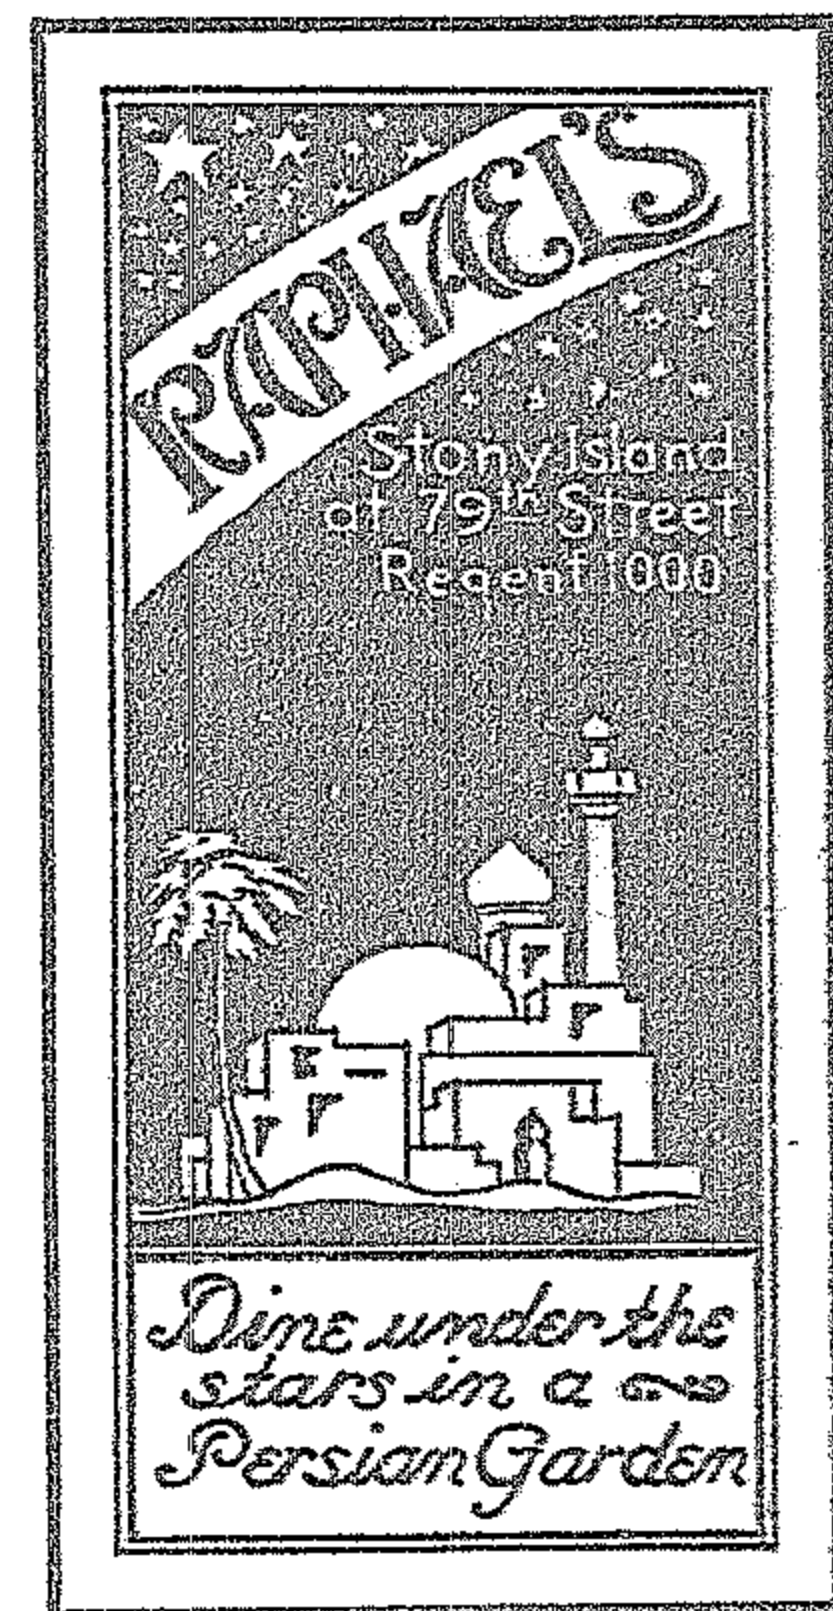

and senior critic of Architectural Design.

Prof. Reed was married to Edith Lobdell in 1917. He has two children, Dorothy and Joanne.

He is a member of Delta Kappa Epsilon, board of directors of the Chicago Chapter of the American Institute of Architects, chairman of Education Committee, Special Committee for the Plan of Washington, D. C., Special Committee on Chicago Centennial Celebration, Art Commission of Evanston, Ill., Society des Beaux Arts, Architects, Arts Club, and the Audubon Society.

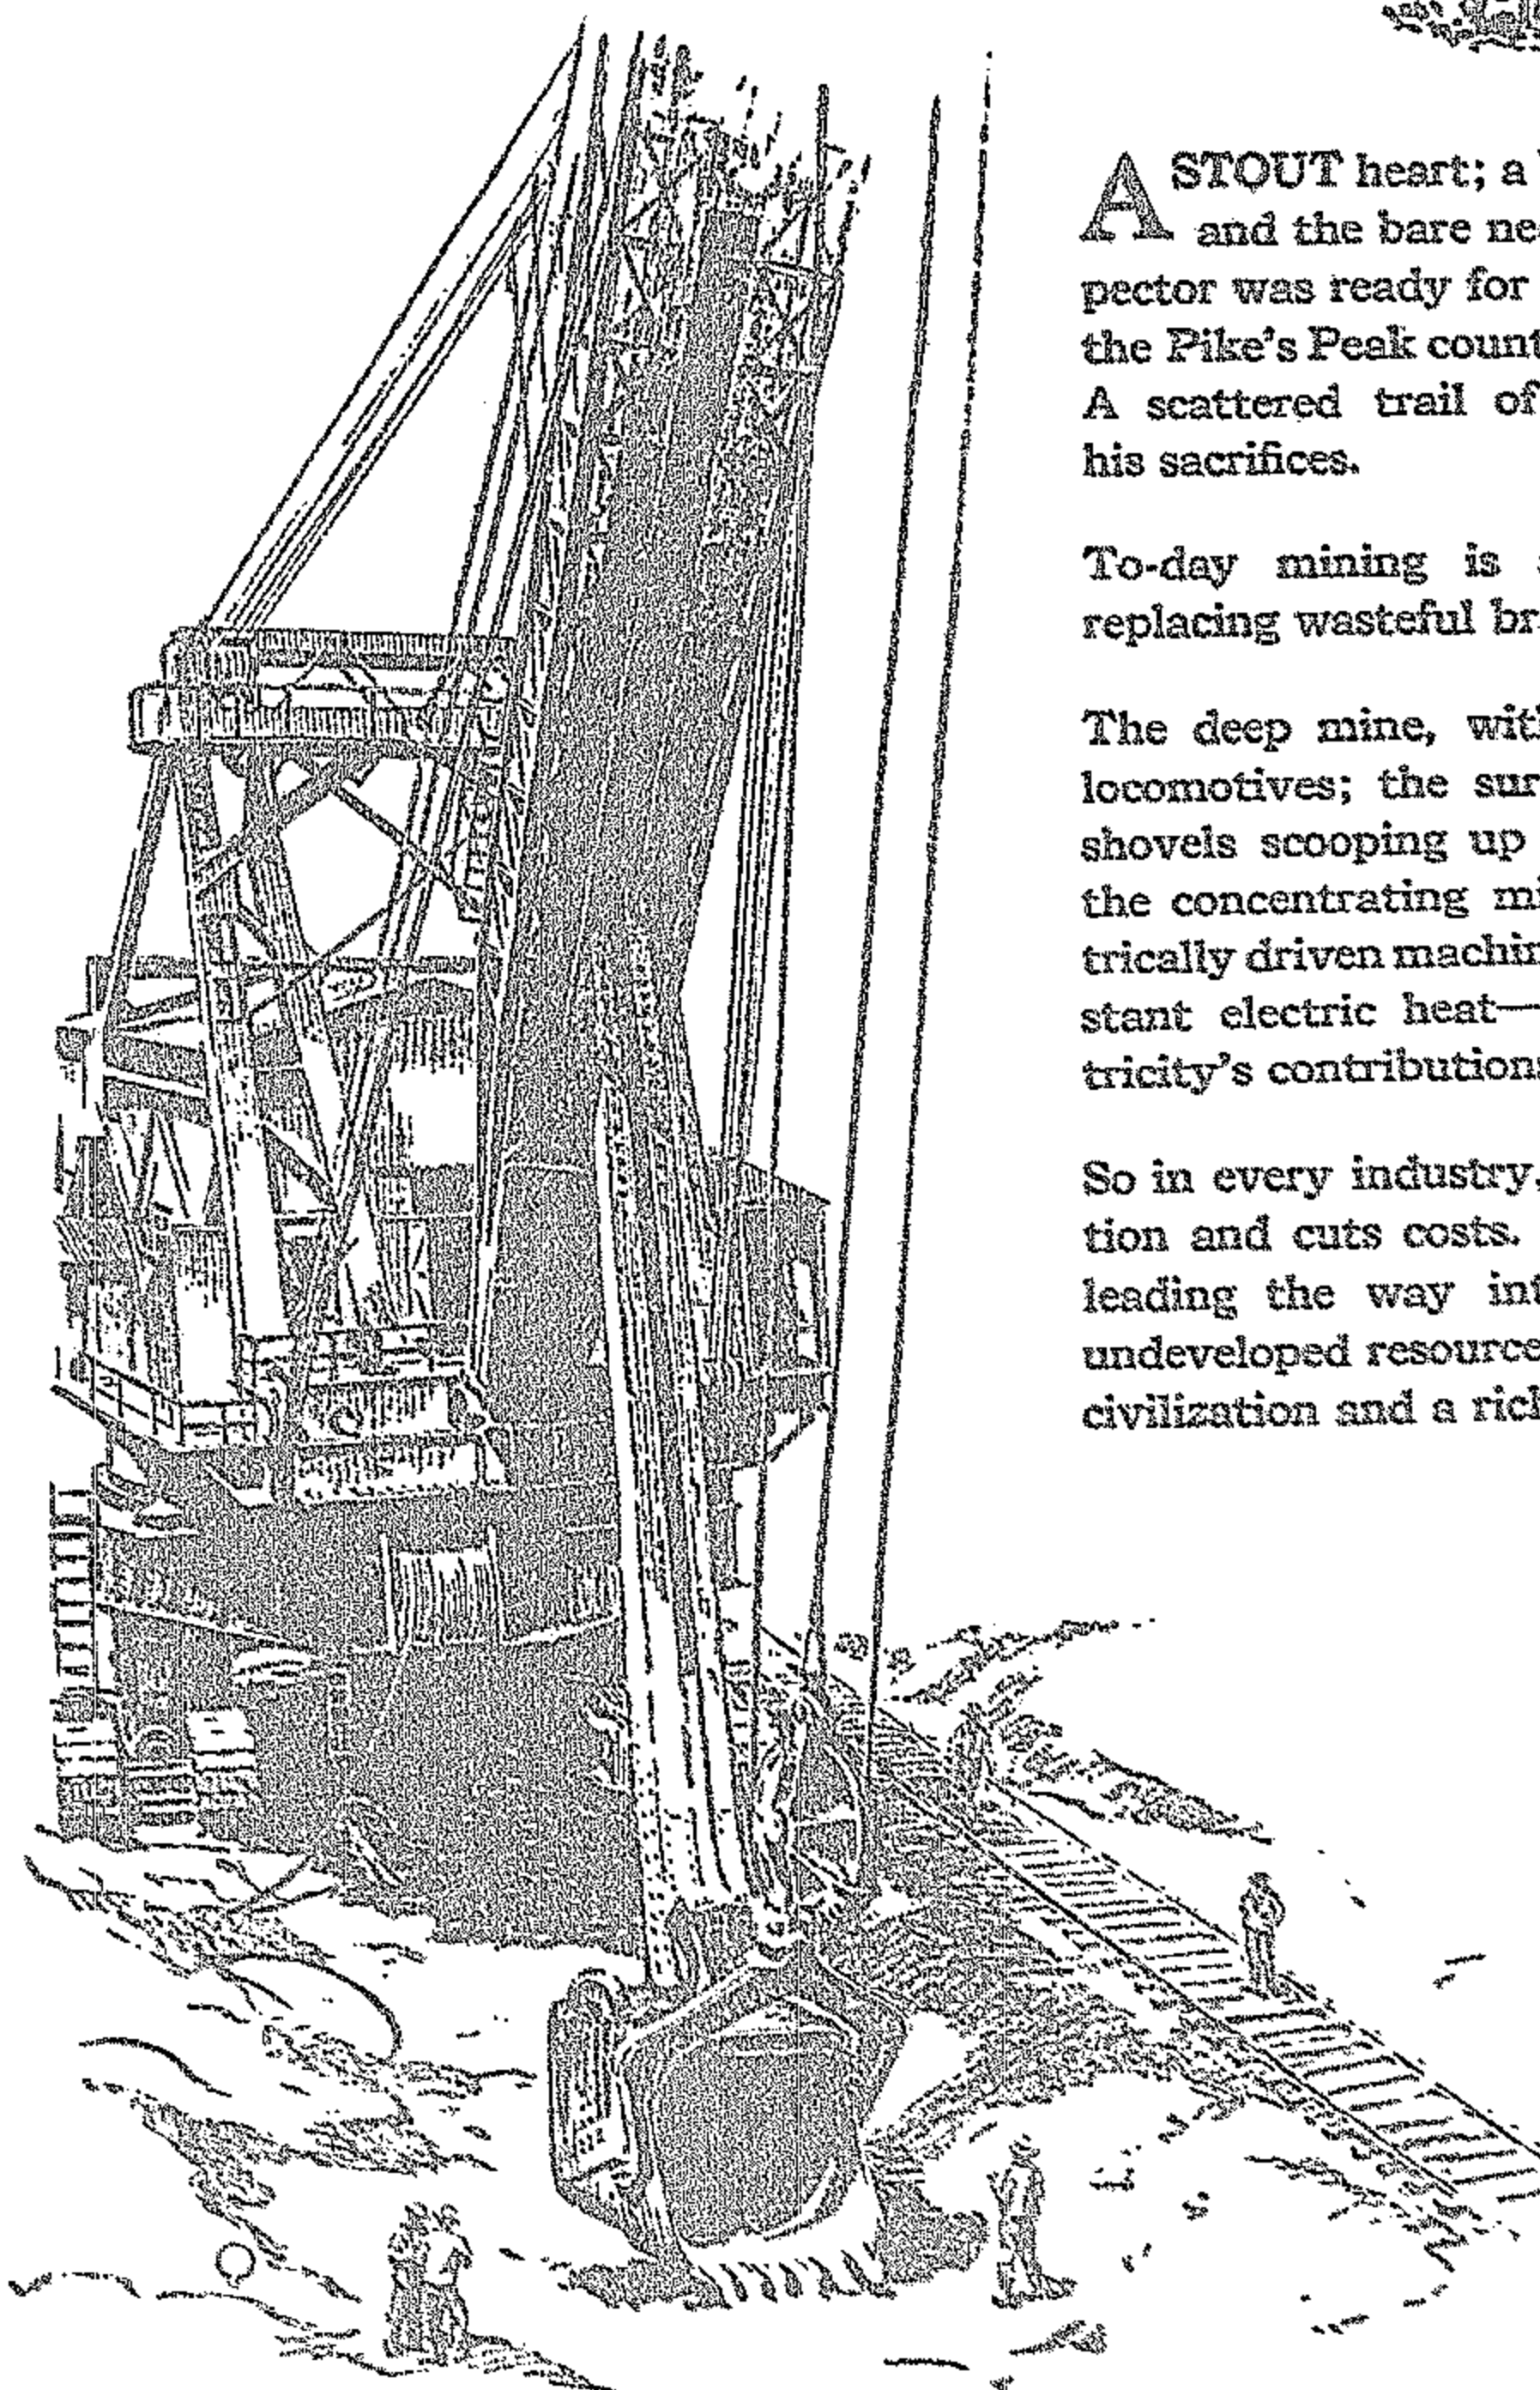

His favorite hobbies are fencing and gardening.

Students who are changing residence should report their new address to the Dean's Office as soon as possible.

ELECTRICITY

the modern prospector

A STOUT heart; a burro laden with pick, shovel, and the bare necessities of life; and the prospector was ready for the gold rush—Sutter's Mill, the Pike's Peak country, Cripple Creek, Klondyke. A scattered trail of half-worked claims marked his sacrifices.

To-day mining is a business, with electricity replacing wasteful brawn in mine and mill.

The deep mine, with electric lights, hoists, and locomotives; the surface mine with huge electric shovels scooping up tons of ore in a single bite; the concentrating mill with its batteries of electrically driven machines; the steel mill with its constant electric heat—here are but a few of electricity's contributions to the mineral industries.

So in every industry, electricity increases production and cuts costs. It is the modern prospector, leading the way into wider fields and tapping undeveloped resources—that we may enjoy a finer civilization and a richer, fuller life.

You will find this monogram on powerful motors that drive heavy mining machinery and on tiny motors that drive sewing machines. Both in industry and in the home it is the mark of an organization that is dedicated to electrical progress.

FRATERNITY NOTES

SIGMA KAPPA DELTA
The alumni of the Sigma Kappa Delta fraternity gave a subscription dance Saturday, May 4. The dance was held at the chapter house. Many of the alumni and actives turned out for the affair.

SIGMA ALPHA MU
Armour Chapter of Sigma Alpha Mu held its annual spring house party Saturday night, May 4. Many alumni attended the dance.

CHI EPSILON
Chi Epsilon, honorary civil fraternity, held an initiation last Tuesday at the Phi Pi house, followed by a party. The following men were put through:
J. Hurley, '30.
J. P. Edstrand, '30.
L. Fischman, '30.
E. Blomme, '30.

THETA XI
Theta Xi wishes to announce the initiation of the following men last Saturday afternoon:
P. T. Abramson, '32.
A. E. Colcord, '32.
K. D. Hansen, '32.
R. F. Mechan, '32.
A. H. Olsen, '32.
Following the initiation the new-made brothers and the rest of the active chapter attended the '6294' banquet held at the Sherman Hotel, Saturday night, to celebrate the founding of the fraternity.

AN AIR CAREER Offers You a Brilliant Future
Get Your Training at Parks This Summer

Parks Air College has 54 instructors, 11 buildings with a floor space of 60,000 square feet and a total investment of more than \$350,000.00

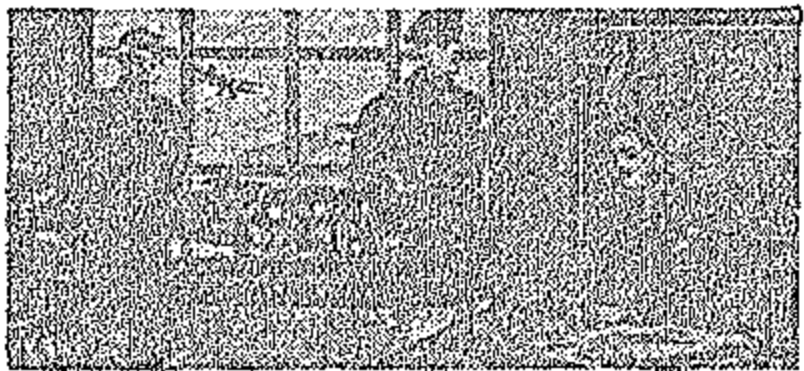

Flying has come down to business. Its development is seen in the beacons of light tracing the night sky. It is heard in the busy hum of airplane factories. It is measured in the magnitude of investments. It is recognized by life and accident insurance companies. It is officially acknowledged by Congress.

"Man has entered the most dramatic era of all his history"

There's a real opportunity to step into aviation right at the time when it needs college men to fill executive positions. The tremendous expansion and development

program now under way has created an unprecedented demand for high calibre men. It is the kind of future you can get enthusiastic about—a real opportunity to show your ability in a thriving, young industry where recognition is immediate.

By all means, get your air training now—this summer. Come to the largest air college in the United States, and get the thorough training that only Parks Air College can give you with its corps of highly experienced classroom and flying instructors and its latest type airplanes and equipment.

Train at the largest non-military air school in the United States. Parks gives a complete aviation education. Courses include:

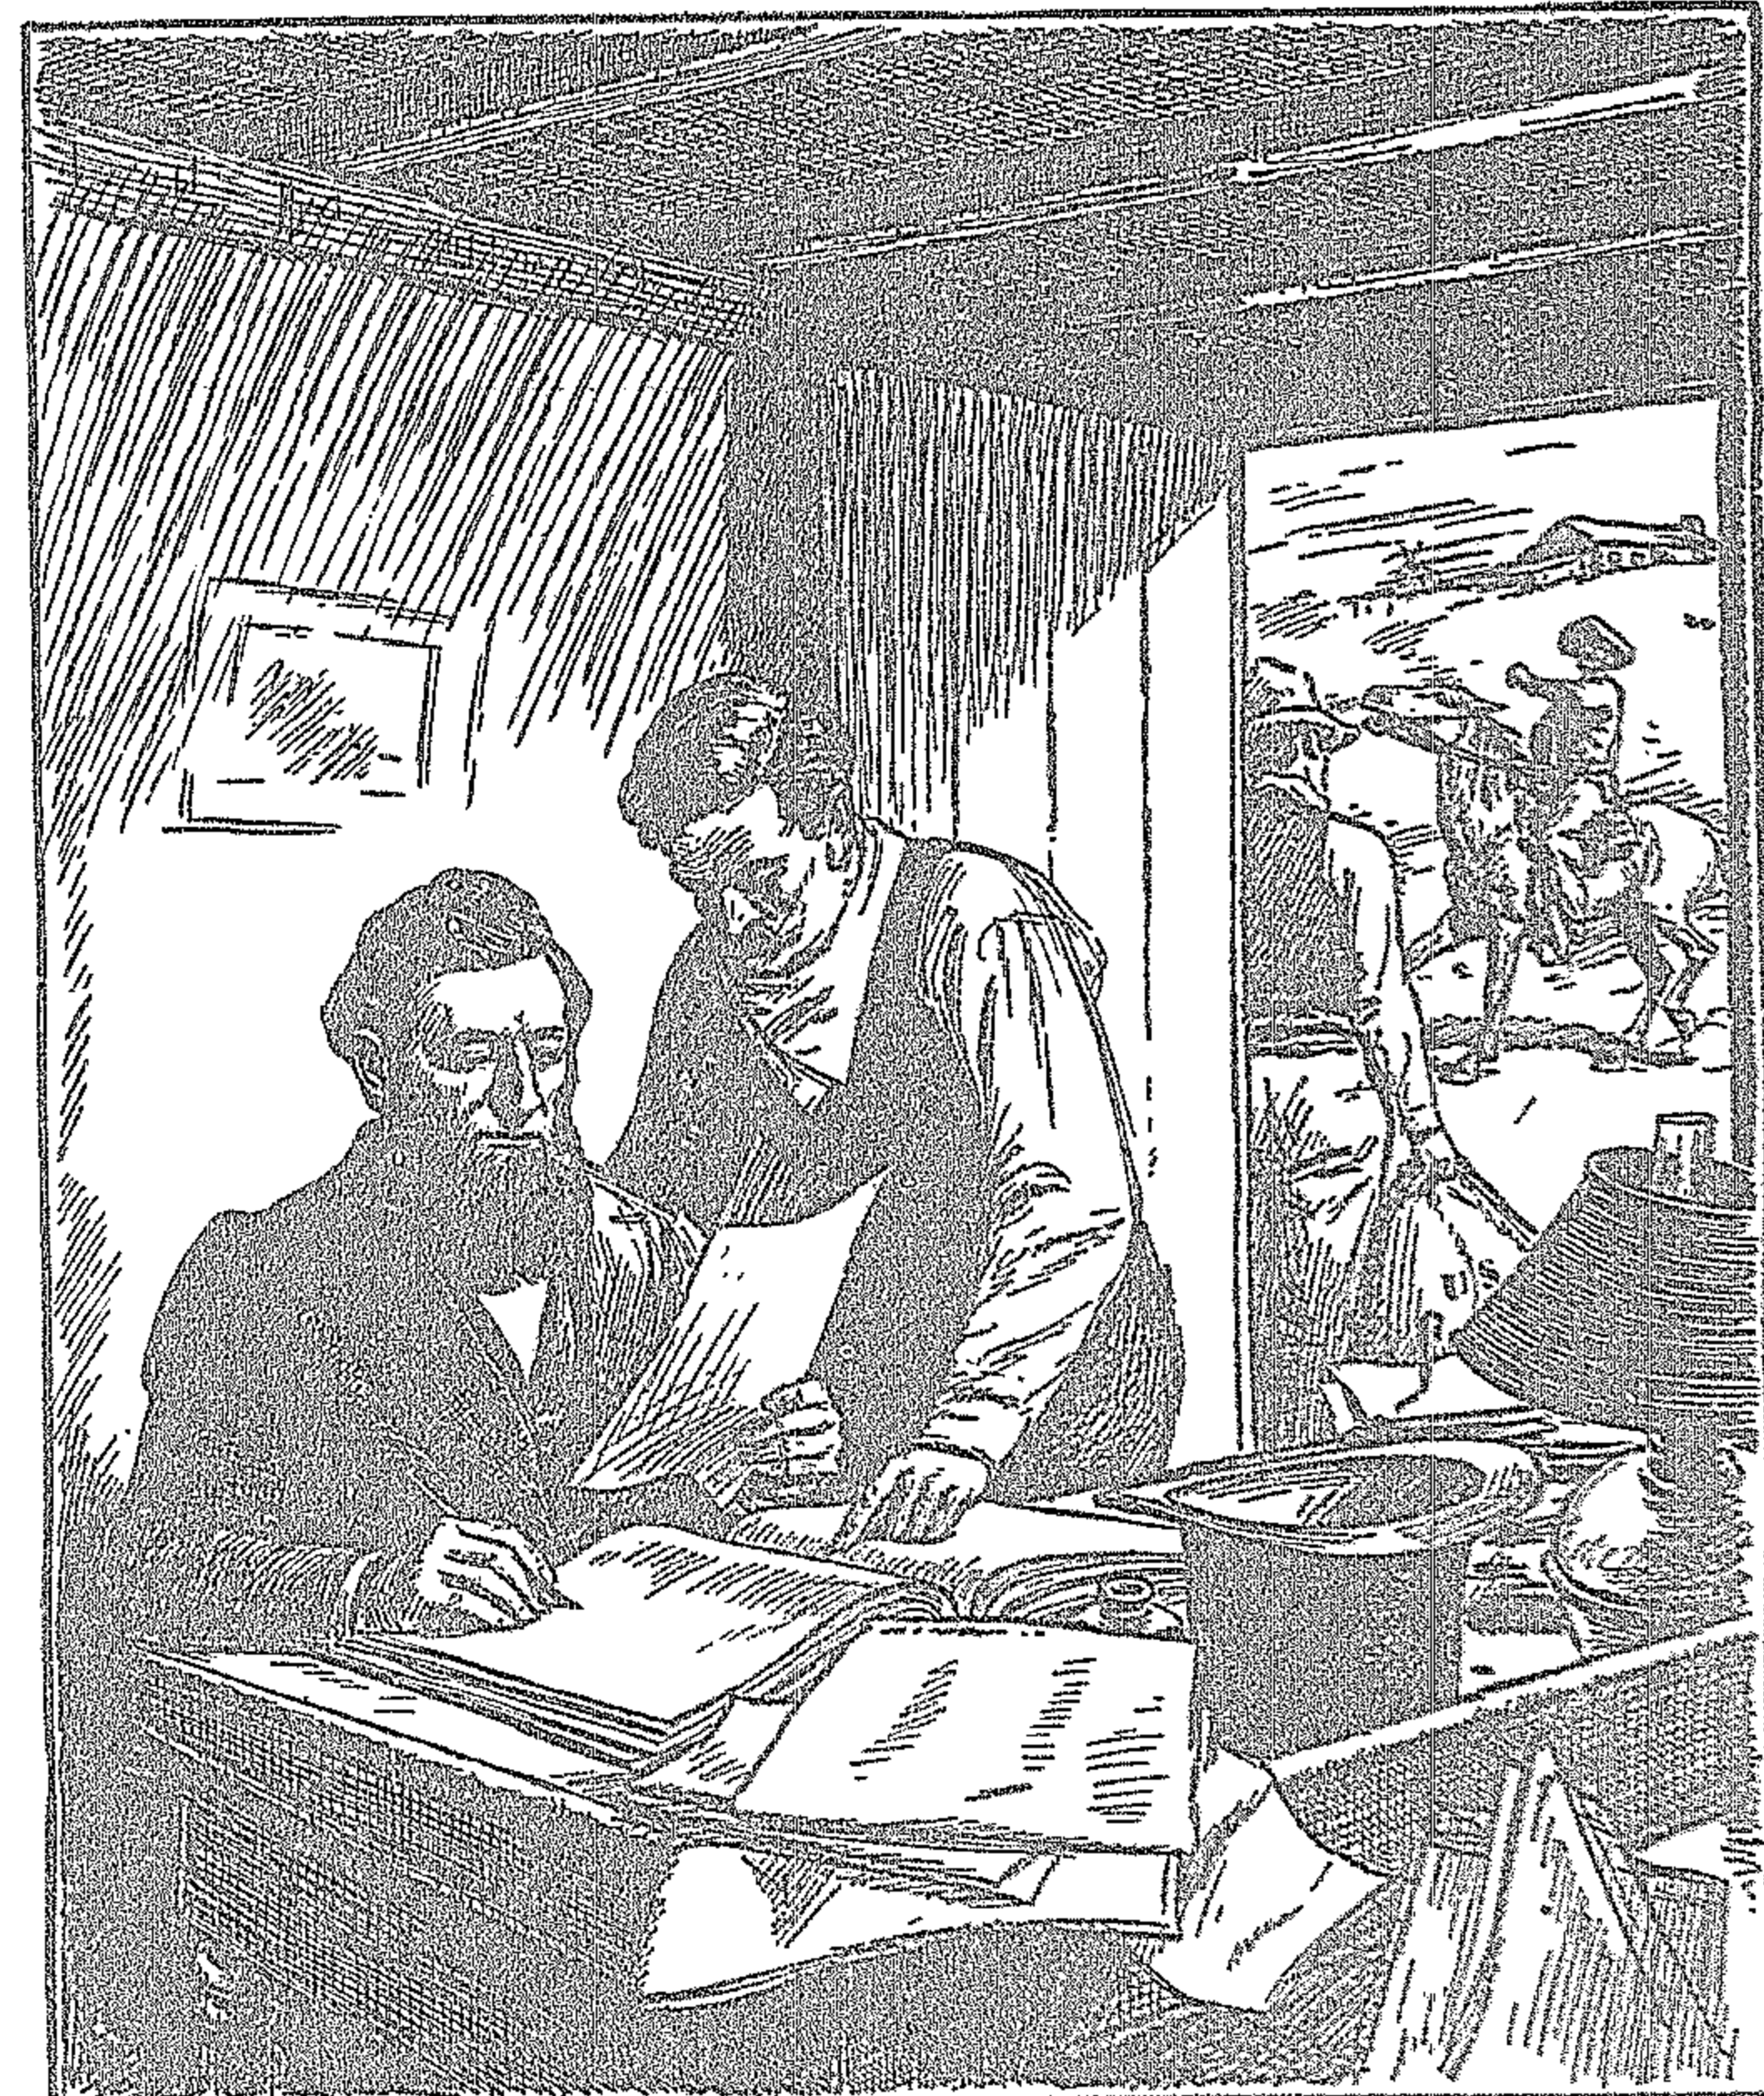

Primary Flying Course
Advanced Flying Course
Night and Blind Flying Course
Mechanics' Course in Airplanes and Engines
Commercial and Aerial Photography Courses

Complete Pilot's Course
Two months at Parks fits you for a pilot's job, paying \$300 a month. You get thorough instruction in Navigation Aero-Dynamics Airplane Design Rigging Airport Management Aerial Photography etc., and a thorough shop course in power plants—everything from the big Liberty, Whirlwind, and Fairchild, down to the little Vellec engine. All equipment and planes are the latest type, and our instructors have an enviable reputation both as pilots and classroom teachers.

Fill in the coupon now... Get our new illustrated booklet and read the whole story of your future in aviation.

They gave the express rider a good start

Henry Wells, developing the mail and express business of Wells Fargo, knew the necessity of careful preparation and alert management. Communication was more than the picturesque racing of pony express riders; behind the scenes there was always the systematic planning of routes, the watchful inspection of outposts and men. Communication today is immeasurably faster

than it was then, thanks to electricity. And to a vastly greater degree has the work of preparation behind the scenes become important.

In the Bell System, management must constantly look ahead to provide the sinews of service against growing public demand—material and men must be mobilized to extend and keep open the lines of communication.

BELL SYSTEM

A nation-wide system of inter-connecting telephones

"OUR PIONEERING WORK HAS JUST BEGUN"

You are in the midst of a popular metropolitan flying field. Dormitories, shops, hangars, airplane factories, restaurant, recreation hall, and a new dormitory hotel are on the field. Here you will get your training in an enthusiastic, progressive environment.

TRACK MEN DOWN Y. M. C. A.

77-49 SCORE IN FIRST OUTDOOR MEET OF SEASON

Sturm High Point Man Scoring Three Firsts

Armour won the first outdoor track meet of the season Friday, May 3, beating Y. M. C. A. College by 77 points to 49 points and winning eight first places. The meet was held at the "Y" College track.

Sturm of Armour took individual honors by taking three first places, the 100-yard dash, the 220-yard dash, and the 440-yard dash.

Armour won all three places in the 880-yard run, the mile run, and the two-mile run.

Podlipiec scored first place in the 880-yard run, beating Timmermans by only a few feet, while Doubt trailed third.

The mile run was easily won by James with Smith second and Richter third.

Smith headed the two-mile run and Jillson won the 220-yard low hurdles.

Paul won the shot put and Yount took second place.

Ransel placed second in the 100 and 220-yard dashes. Harold Fox, Montesano, Goldman and Cordes finished second in their respective events.

Results

100-yd. Dash: 1st, Sturm, A.; 2nd, Ransel, A.; 3rd, Steele, Y. Time, 0:11.

220-yd. Dash: 1st, Sturm, A.; 2nd, Ransel, A.; 3rd, Jenkins, Y. Time, 0:24.

440-yd. Dash: 1st, Sturm, A.; 2nd, Harold Fox, A.; 3rd, Steele, Y. Time, 0:55 2-5.

880-yd. Run: 1st, Podlipiec, A.; 2nd, Timmermans, A.; 3rd, Doubt, A. Time, 2:10.

1 Mile Run: 1st, James, A.; 2nd, Smith, A.; 3rd, Richter, A. Time, 5:1 2-5.

2 Mile Run: 1st, Smith, A.; 2nd, Montesano, A.; 3rd, Richter, A. Time, 11:11 1-5.

120-yd. High Hurdles: 1st, Blessitt, Y.; 2nd, La Rue, Y.; 3rd, Jillson, A. Time, 0:18.

220-yd. Low Hurdles: 1st, Jillson, A.; 2nd, Yount, A.; 3rd, Holmberg, Y. Time, 0:30.

Running High Jump: 1st, Smart, Y.; 2nd, Dickenson, Y.; 3rd, Squires, Y. Height, 5' 8".

Running Broad Jump: 1st, Robertsen, Y.; 2nd, Goldman, A.; 3rd, Squires, Y. Distance, 19'.

Pole Vault: 1st, Smart, Y.; 2nd, Robertsen, Y.; 3rd, Yount, A. Height, 11'.

Shot Put: 1st, Paul, A.; 2nd, Yount, A.; 3rd, Regel, Y. Distance, 44' 2 1/2".

Discus Throw: 1st, Robertsen, Y.; 2nd, Regel, Y.; 3rd, Yount, A. Distance, 114' 4".

Javelin: 1st, Regel, Y.; 2nd, Cordes, A.; 3rd, Farrell, A. Distance, 155' 2 1/2".

Late Sport Notices

ARMOUR 24 DE KALB 11

In a baseball game held Saturday at De Kalb which resembled a track meet, Armour scored 24 runs while gathering 19 hits. Numerous errors by both teams made possible the score. Stehno and Graham pitched for Armour, while Link and Yount did the receiving. Reichle poled a fluke homer when outfield errors helped him to complete the circuit. De Kalb scored 11 runs although they were able to gather but nine hits from the slants of the Armour hurlers.

NOTRE DAME 4 ARMOUR 3

Showing the effect of the Senior banquet, held the previous evening, Armour's net men lost a closely contested match to the Notre Dame tennis team on the Armour courts Friday afternoon. Armour won three of the singles but the doubles combination were not up to par, and Notre Dame took both doubles and one single to win the match.

Golf Team Meets Wisconsin Fri.

The golf team will play its second Big Ten match of the season this Friday when it encounters the University of Wisconsin golf team at Madison. Before the Crane match the Tech Golf team met Northwestern over the northsiders' home course, losing by a score of 11 1/2 to 1/2. Much improvement was shown later when the Armour team defeated Crane by a score of 16 1/2 to 1 1/2. Those to make the trip will probably be Ong, Christianson, Pfeiffer, Weiss, and Sitzler. Professor Leigh is the coach of the team.

Other meets to be held in the near future include the University of Chicago, and two matches with Loyola University.

Track Team Meets Wheaton Saturday

Saturday, May 13, Tech Tracksters will engage Wheaton College in a dual meet at 3 P. M. at Wheaton.

This is the second outdoor meet this year. Y. College was met at Y. Field last Friday. The outdoor season will end on Monday, May 20, when a triangular meet between Armour, Crane Junior College, and Chicago Normal College will take place. This meet will be the only one run at Armour this season.

Tech Tennis Team Wins Over N. C., 5-2

Captain Stellar and his teammates chalked up their first victory of the season by defeating North Central, 5-2 matches at Naperville, May 1st.

"Smoke" Jenning, with his racket working to perfection, defeated Robert Keough, while Captain Stellar downed Richard Keough, after the latter had tied the set at 5-5.

University of Nebraska.—A bootlegger who was lately arrested in Lincoln, Neb., declared that he was supported by a group of students known as the "University Club." The object of the club was to furnish the students with beer.

UNDEFEATED THIS SEASON

Armour Swamps Y College 16-1

Saturday, April 27, Armour's row of hickory swingers enjoyed a merry hit and run affair at Midway field when they buried Chicago Y. College with a 16-1 score.

Armour's hurlers mastered the pitching phase of the program so completely that Y. College shared but one hit. Robin featured with the heavy hitting by contributing 4 hits. Stehno's three healthy wallops and a pair of hits by Reichle and Gent afforded Coach Krafft the greatest portion of the hits that brought in the 16 runs.

Don Paul Fails to Place in Drake Relays

Don J. Paul, Armour's sole representative at the Drake Relay held at Des Moines, Iowa, on Friday and Saturday, April 26 and April 27, put the shot far enough to pass through the preliminaries but finished just outside the money in the finals, taking fifth place.

A Penn State woman recently chewed her way to a hot dog crown by eating twelve of the sandwiches at one sitting. When the bell rang for the close of the contest the student skipped away for her evening meal.

Beautiful but dumb

We are reliably informed that the above familiar phrase is applied mainly to certain poor dears in whom all the piquant runs to pulchritude. A gargyle is "in'restin", at least. Better pick 'em freckled and friendly than lovely but lacking.

And getting our minds back on business... innocuous, unmitigated mildness rather palls in a cigarette, too.

Chesterfields are mild, certainly—but "aren't they all"? The point is that Chesterfields are also "in'restin". They satisfy—and right there is why they gather in the gang.

Taste—the taste and richness of quality tobacco—that's what matters. And the blend can't be copied; you know you are smoking a Chesterfield, nothing else, at every puff.

CHESTERFIELD

MILD enough for anybody...and yet...THEY SATISFY
