

WHEATON SQUAD SUFFERS DEFEAT AT HANDS OF TECH MEN BY SCORE OF 35-23

Captain Robin Gathers 17 Points to Gain
Single Game Scoring
Record

TO PLAY WESTERN STATE NORMAL NEXT

Five hundred Wheaton fans packed the Wheaton gym to view Armour and Wheaton College in their second struggle of the season, last Thursday. Armour displayed a complete reversal of form to emerge triumphant 35-23 in a game that was marked with numerous fouls.

The Kraftsmen experienced no difficulty in scoring baskets whenever they sought to increase the figures on the scoreboard. Captain Robin's contribution of 17 points, was a feature of the game and incidentally gave him the distinction of being the record holder in scoring during any one game.

Wheaton Leads at Start

Baskets by Rossing, Ott, Omiecinski and Moskowitz further aided Armour in attaining this decisive victory. Wheaton received a free throw in the first minute of play which gave them the opportunity to make the first score. They scored another basket shortly after to enjoy a 3-0 lead.

Captain Robin then opened his scoring attack by sinking two baskets in succession, placing Armour ahead 4-3. After Robin aroused our men with his four points, Wheaton commenced to feel their sting and declined rapidly. Rossing, Rutkowski and Omiecinski sank baskets to give Armour a 10-4 lead.

Lead Changes Continually

Just before the first quarter ended, Wheaton retaliated by scoring enough baskets to tie the score at 10. The remainder of the first half found both teams in a nip and tuck affair. Each scored consistently with the lead exchanging hands several times. Before the half ended, Robin and Ott located the hoop to place Armour ahead 17-14.

The results of the first period of play made things appear as though Armour would not hold out very long. Wheaton's performance was a duplicate of their feat when they met Armour in the first game.

Tech Outclasses Wheaton

The game in the second half, however, was decidedly changed. Armour completely outclassed Wheaton with their shots, floor-work and stellar defensive work. The yelling and cheering crowd subsided as Armour steadily increased their margin.

Armour scored seven points in the first five minutes of play in the second period and enjoyed a ten point margin before ten minutes of the time expired.

Coach Krafft feeling confident that victory was inevitable began to change his line-up giving all of his men a chance to enter into competition.

Tech Pugs Fill Hall to Capacity

Armour Tech boxers displayed their wares before a highly distinguished audience last Monday, when they clashed with the Headquarters Regiment squad. Many noted persons in and about Chicago were guests at the fights which climaxed an officers reception. In addition to many high military officials, there were such well known personages as Anton J. Cermak, president of the County Board and present Democratic candidate for Mayor; Michael Igoe of the State Legislature, and numerous lawyers and judges.

That the fame of our fighters has spread far, was shown by the fact that the hall was filled to capacity. Even though the event took place on hostile grounds, there were as many Armour enthusiasts as there were rival supporters. The bouts were fiercely contested throughout with the final score remaining in doubt until after the last fight.

Decisions Are Fair and Square

The final figures were Headquarters Regiment 3½; Armour 2½. At the time of writing of this article a return meet is being fought, the results of which will be published in the next edition. One thing which surprised the Armour contestants who are accustomed to fighting both their opponents and the judges, was the absolute fairness of the decisions. The results of the meet are as follows:

Montesano, 112, lost to Oliva, 115.
Sandstrom, 124, stopped Deagan, 126.
Krutchten, 137, lost to Searing, 138.
Melevsky, 140, lost to Eshoo, 138.
Heckmiller, 156, defeated Freitsch, 156.
Campioni and McDermott, 156, drew.

School Tournament Soon

The interest in Collegiate boxing is increasing rapidly and has manifested itself in school boxing

Nelson and Fox Win Places in Track Meet

G. A. Nelson, freshman star, won first place in the 880 yd. run last Friday night in the dual meet between the University of Chicago and Loyola. His time was 2:05.

Captain H. L. Fox took second place in the 440 yd. dash with a time of 55.0. Nelson also tied for third place in the high jump at 5 feet 6 inches. Tech runners were invited to partake in the meet, the places scored, however, not being counted.

tournaments, held at most of the large colleges in the country. It is a manly sport and builds up both the body and the personal courage.

Coach Weisman has announced his intention to sponsor a similar event at Armour. The plan has met with the hearty approval of Prof. Schommer and will undoubtedly prove a huge success. It will be launched soon after the mid-year exams. Every student who is physically able to do so should participate in this tournament which will determine winners in each of 7 classes.

All Men Urged to Compete

The individual benefit derived from such a participation will far exceed the effort. Those who show ability will naturally become potential candidates for the team as varsity boxers will not be eligible to compete. These bouts will be held in our home ring at such hours as will not conflict with the student's studies.

Those who are interested are urged to sign their names on the sheet posted on the bulletin board, together with their approximate weights. It is of course advisable to begin some sort of preparatory training. Coach Weisman extends an invitation to all those who wish to practice with the varsity squad on Mondays and Fridays at 5 P. M. They may avail themselves of the equipment and will receive instructions and advice from Coach Weisman. More definite information will be given out later.

Tech Won

In the game played with Wheaton last Thursday, Tech illustrated the proper method of playing basketball—we mean the correct method in that Armour was the victor by a 35-23 score. Perhaps the most gratifying performance of the contest was the work of Captain Robin, who totaled 17 points with 8 baskets and one free throw.

We understand that this is the first game that the varsity has won away from Chicago in the past two years. Let's hope it won't take quite so long to win another game on foreign soil.

Eleven Up—Eleven Down

Coach Krafft used a football line-up of 11 men to meet the Wheaton ministers. This was necessary for 21 fouls were called against Tech. Wheaton too, was penalized frequently when the referee called 14 fouls on them.

Basketball, in fact all athletics will be thrown into the discard during the next two weeks when the final examinations are to be held.

Interclass Meet

The first meet to be held where all the candidates for the varsity track team are to compete is the interclass meet on February 7, at 2:30 P. M. In this competition the team is to be divided into classes with points scored as three for first, two for second and one for third.

Inter-Class Champs Awarded With Medals

The medals for the champions of the inter-class sports are being given out now. Both the basketball and the baseball contests were won by the freshman class. The men receiving them for basketball are:

H. J. Moskowitz,
D. L. Jacobson,
F. J. Yuknis,
L. G. Rummel,
F. Henke,
H. Goldman,
A. E. Christoph,
The men awarded for baseball are:

G. M. Reed,
A. G. Hutman,
H. J. Moskowitz,
R. J. Lodeski,
F. J. Yuknis,
T. R. Omiecinski,
V. Omiecinski,
F. Henke,
S. M. Lillis,
J. C. Costanes,
R. A. White.

Ribbons and Medals

Last year medals were given to first place winners with the winning class taking the honor as Champions of Armour Tech. To vary this, the winning team in '31 is to receive individual medals. Place winners are to receive blue, red and white ribbons.

Some of the lads have been making very good times in the trials that have been run. Manager Fred Munch tells us that he expects a record turnout for the interclass meet.

New sweat suits have been distributed to the members of the team. These are entirely black with yellow letters signifying Armour Tech.
