

INTERFRATERNITY TRACK MEET WON BY TRIANGLE MEN

Garner 52 Points For Title; Theta Xi Runner-up

REED HIGH POINT MAN

The interfraternity track meet proved that Armour can boast of some very good athletes. All the events were hotly contested with thirty-one men entered in the shot put, twenty-three in the broad jump, twenty-five men throwing the discus and twenty men jumping the high jump. The other events were all similarly crowded with men "raring to go". Triangle repeated this year and won the meet with fifty-two points which were won by Lillis, Freeman, McDonough, Vanderkloot, Lyford, and Schmidt, all who took no less than a third place. Theta Xi was second with twenty-nine points garnered by such men as Reed and Norris. Reed repeated his performance of last year with high point man of the meet with a total of 18 points.

Phi Pi Phi and Beta Psi tied for third with twenty-two and a half points each. The men who tallied for Phi Pi Phi were Pfum, Friede, Tryzna, Geeraerts, Friese and Winkler. Bristol and Wittkeindt, showed up well in the finals for Beta Psi. Fourth was Delta Tau Delta with nine points, accumulated by Davis, Doane, Davidson and Tomei.

A first in the high jump at 5 ft. 4 in. gave George Reed and T. X. a start in the scoring column. Geeraerts and Bristol tied for second and Davidson took fourth for the Delta. Bristol won first honors in the pole vault with a jump of 9 ft. 6 in. Norris, Tryford, and Geeraerts finished as listed in this event.

Lillis showed the folks around that he has a mighty arm when he threw that little ball called a shot, 32 ft. 2 1/2 inches. Although Pfum is more accustomed to larger and lighter spheres he threw this one far enough to take second place. Next in order were Smith of Theta Xi and Hazleton of Beta Psi.

Throwing the discus was another event for the strong armed men and Lillis again took first place when he threw the plate 109.7 ft. Charlie Ford did not show up so well in the prelims but took second place with a throw of 87.5 ft. Small but mighty Norris gained a close third with 85.9 ft. Fourth place was also close with 83.3 ft. thrown by Burson of Beta Psi.

The fastest time in the high hurdles was 17.0 seconds. This was made by Bristol with Wittkeindt and Scott pushing him hard. Winkler fourth, was also so close that the timers had a little difficulty getting the individual timings.

The low hurdles saw some of the same contestants as the high hurdles with the competition just as keen. The event was won by Smith in 13.5 seconds. Bristol, Wittkeindt, and Geeraerts followed very closely in the order named.

Reed led Vanderkloot, Friede and Kolbe to the tape in the 100 yd. dash, and repeated in the 220. Vanderkloot, Pfum, and Tryznee finished in that order in the eight mile event. Times were 11.3 and 24.8 respectively.

The distance of the 440 did not seem to bother the men and they ran a fast race with Tomei finishing first in 59.2 seconds. McBrady offered very close competition and finished second in 59.7 seconds. Bob Schmidt outdistanced everyone in his particular heat in 59.5 seconds, garnering third place. Friede's time was 60.6 seconds for which he received fourth place.

McDonough won the 880 in 2 min utes 23.5 seconds. Friede took a second in this instead of a fourth as in the 440 and McBrady followed for third with Davis coming in fourth. For the mile Freeman managed to take the lead during the last two times around, and held it to finish first in a time of 5 min. 35.0 seconds. McDonough, Kercher and Davis followed but a few feet behind for second, third, and fourth place in the order named.

Vanderkloot managed to take a first place in the broad jump with a distance of 19 ft. 9 inches. George Reed was still in the running and

The Junior week program brought enough in the line of athletic activity to quench the desires of the hardest Techawks; even the professors were within its scope, and in all likelihood, not without the general after effects.

Baseball — inter-class, intramural, faculty-senior, or what have you; was a predominant source of sore necks, red noses and a gentle hint of that tired feeling; and perhaps no little enjoyment!

Tuesday saw the inter-class games start, and in the first, the juniors trounced the seniors, 7-2. Following this, a closely contested frosh-soph game resulted in an extra inning 3-2 win for the freshies.

The senior-junior fray started auspiciously for the juniors. Friede nunched one of Ray Pfum's offerings over first for a single and crossed the plate when Roberts came through with a double. The seniors found it hard to start as Vin Smith, on the mound for the juniors, held his elders to four hits, only one of which led

won second. Anderson and Doane managed to hurtle themselves far enough through the air to garner third and fourth place respectively.

The last event was the javelin throw but nevertheless it proved to be interesting when Pfum in his final throw, heaved the spear 150.7 ft. to beat out Leonard Dworsky of Rho Delta Rho who threw it 139.5 ft. Steve Lillis was third with 126.5 ft. which was followed by the 120.1 ft. throw of Stehman, a Phi Kappa Sigma man.

to run production. Lodeski counted on errors in the third, and Marcus scored on Lodeski's double after walking in the seventh. Two runs for the juniors in the fourth were unearned, but a healthy rally produced four runs in the sixth from four hits and a walk.

The soph-frosh game was perhaps the best of the week's ventures. Swede Nylen, the soph hurler, and Lefty Olson, pitched high grade ball with a 0-0 tie at the seventh inning as a result. The frosh threatened with a man on base most every inning, but Swede and the soph infield collaborated to keep the board clean. Olson's fast ball caused a goody amount of whiffing among the sophomores.

Entering the eighth, the freshmen finally broke the ice. A hunt and two hits accounted for three runs when the airtight defense of the "freemen" collapsed. The sophs, in their half, grabbed two runs on an error, a walk, and a hefty single. Then, with the tying run on third and but one out, the batter punched at the first one and the runner, on the go with the snap of the ball, scored easily except that the hunt turned out to be a pop fly which Olson grabbed and relayed to third for a double play. Whereupon the freshmen gained their sole victory over the sophs in a week filled with various types of encounter. In respect to all concerned, no names are mentioned here.

The championship game on Wednesday morning gave little trouble to the juniors, who buried the freshies under a 12-3 score. The winners cashed in on errors to register one in the first, three in the second, and four in innings three and seven. The frosh grabbed two in the first when Skepstrom singled, Vuillaume tripled and Skuza singled. Vuillaume, safe on an error, scored in the fifth on Merz's double to complete freshman ventures.

Armour Defeats Bradley Golfers

Peoria, Ill., May 18. — (By Staff Correspondent)—Bradley Tech's golf team fell before the Techawks by the close score of 6½ to 5½. This match, the first of the two road matches scheduled last week-end, was in the fire until the final hole.

Captain Larry Davidson took the honors by defeating Meyers, Little Nineteen champ, by a 3 to 0 score. Next in line was Bob Richards who split his match with Welch to add 1½ points to Tech's score.

In the other two singles matches Watley and Ahern came up with 1 point apiece and their opponents ran off with 2 points each. "Muscles" Watley had a little difficulty before the match, losing four balls on the same hole, so that before he settled down his opponent had run up quite a lead. However, he came back strong to win the second nine.

In his two games Smith fanned 16 and allowed 14 hits and 10 walks. Very nice pitching abetted by some nice support.

The Juniors grabbed the annual inter-class relay and Roberts, Nelson, Rigoni, and Kulpak got the medals to hold down their watch chains. The sophs trotted in second while the freshies and seniors also ran.

Pentathlon standings:—

Lettermen	Non-Lettermen
Roberts ... 4287	Rigoni ... 3958
Kulpak ... 4086	McGrath ... 3896
Neal ... 4013	Fleig ... 3893

The bigger and better pentathlon attracted sixteen contestants this year. Although no records were broken, the various point ratings, as compared with a possible 5,000 for squalling school records in all events, indicate some pretty fair all-around men.

Net Team Loses In Junior Week Games

The Tech netmen received two setbacks last week when George Williams, whom they had previously beaten, and Wheaton both handed them 4-2 defeats.

Wheaton visited Armour on Saturday, after the dust of Junior week had settled, and went to town in reasonable fashion.

Results—singles: Newsom (W) beat Esbensen (A) (6-3) (6-4), Chamberlin (W) beat Lammers (A) (10-8) (6-1), Liens (W) beat Armsbury (A) (6-2) (6-4), Cieslewicz (A) beat Farr (W) (5-1) (6-1). Doubles: Lammers, Esbensen (A) beat Newsom, Chamberlin (W) (6-2) (6-3), Liens, Farr (W) beat Armsbury, Cieslewicz (A) (2-6) (6-4) (8-6).

The courts are in rather terrible fashion and playing at home didn't mean much to the Techawks. Esbensen and Lammers, both of whom lost their singles matches, paired in the doubles to defeat their victors for some satisfaction.

The George Williams game on Monday should have been in the bag, for the Y men went down 5-2 in an earlier match. Streh and Lammers, Tech mainstays, were missing from the team, so some excuse might be found to appease the public.

Esbensen, who has been playing a steady brand of tennis came through with a victory in his singles match easily and, paired with McDonough, he accounted for Armour's other win.

Dear Bill:—

Say, you know I've found the best place in the land to sell my text books. They really pay you cash money for your books. Not only the ones we are now using, but also my old high school and grade books as well.

They pay the highest prices and are conveniently located off Roosevelt Road on 1255 S. Wabash Ave. They're on the 2nd floor. WILCOX & FOLLETT is the name. Don't miss this tip!

Well, Jim has just finished his exam and we're going down there to cash in on our books. Regards to all.

SAM.

I THANK YOU—
I thank you ever so much—but I couldn't even think about smoking a cigarette.

"WELL, I UNDERSTAND, but they are so mild and taste so good that I thought you might not mind trying one while we are riding along out here."
