

## OTHER CAMPUSES

These were contributed by students at Los Angeles junior college: Four methods of locomotion for an animal are backward, forward, sideways and up and down; the three parts of the small intestine are duodenum, ileum and Odyssey; the solar system is a way of teaching singing; a single tax was a tax levied by the Italian government on all men that were single; a down bed is a bed on the floor; worry means to tear and mangle with the teeth; imports are harbors that are inland; and skyscrapers are big telescopes.

This spring, Hal Kemp and his musicians have played at the proms of Michigan, Wisconsin, Indiana, Illinois, Iowa, Ohio and Purdue universities.

It is figured that it would take one person ninety-two years to complete all the courses offered at the University of Wisconsin.

"Time on My Hands" was the theme song of the Indiana university track team when it returned from the recent Penn Relays with a lot of twelve wrist watches.

An inquiry made at Harvard university reveals that the average student carries 22 cents on his person. The average at Miami university is six cents.

According to a survey made by the Carnegie Tartan, sophomores cut more classes than any other group of students.

For quite some time the instructors at Middlebury college were puzzled by the manner in which coeds ended the morning hymn. Now the secret is out. Everything is explained by the pronunciation of the last word: Ah-Men!

An instructor of biology at La Salle college demonstrated one of his lectures by exhibiting the skull of one of our early ancestors, at the same time impressing the students by stating that it was the skull of a chimpanzee, and a rare specimen. "There are only two in the country possessing these peculiar characteristics," he explained, "one is in the National Museum and I have the other."

It has been estimated that more than \$10,000 is paid out annually to honorary campus organizations by students at Washington university.

The University of Chicago permits students in the humanities curriculum to bring with them to final examinations any texts, notebooks or reference material they choose. The theory seems to be that unless the student knows something of the course he can not "crib" enough in the allotted time to raise his grade much.

In speaking of the 1934 graduates of American colleges and universities, the University of Oregon Daily terms them "Depression Babies."

While excavating for a new power house on the University of Washington campus, contractors uncovered a rich vein of coal.

The committee in charge of the freshman military ball at the University of Minnesota plans to attach dance tickets to the necks of five white mice which will be released at strategic points on the campus.

Coeds at Duke university complained of the table manners and actions of student waiters, among them three of the South's leading grid-men. Duke varsity football players immediately led a large group of men students in a boycott, refusing to speak or dance with the critical coeds.

It is interesting to note that the Indiana university fieldhouse contains 700 tons of steel, 40 doors, and 3,960 window panes. The structure is 300 feet long, 200 feet wide, and 76½ feet in height. During the month of June it is three inches longer than in December due to heat expansion.

Corsages have been taboo at the annual junior prom at the University of Southern California for several years.

## Fraternity Notes

## THETA XI

A farewell dance is to be held at the chapter house on Saturday, June 2, in honor of the graduating seniors. We are planning to make the dance a large affair and give the seniors a good send-off.

The baseball team continued its winning streak by slugging out a 21-10 win over the Delta. The final game for the championship is with Phi Pi Phi.

## PHI PI PHI

The house is beginning preparations for graduation. Donald C. Suhr has been appointed bibliographer of the house and has already begun his work. Social chairman Robert Samuels, has made the finals for the senior Farewell Party, to be held at the River Forest Country Club on June 5.

The golf team met Beta Psi and was victorious by the score of 3-0. The team is now anticipating the next match with Delta Tau Delta.

## BETA PSI

The last meeting of Beta chapter of Beta Psi for this semester was held Tuesday evening, May 22. At that time, our president reappointed all of this year's managers of teams for the coming year, with the exception of brother Bristol. Brother Searl was appointed manager of the track team in his place. Stevens was appointed manager for Stunt day.

The tennis team last week, defeated Phi Pi 3-0, and is now looking forward to the semi-final matches with Phi Kappa Sigma. There seems to be sure evidence that our billiard tournament will be over before the end of school. Brother Bristol recently took a stronger foothold upon the title

when he defeated Wittekindt. The score now stands 2 to 1 in favor of Bristol.

## PHI KAPPA SIGMA

With Ted Weems providing the synopsis and the Empire Room of the Palmer House lending its atmosphere, Phi Kap couples had a most enjoyable time last Friday night. This dance was the last dance for Don Jacobson, Carl Sachs, and Ronald Dobson who will graduate this semester.

At present the tennis tournament is the main talk in the house. The Phi Kap team successfully came through the first bracket by defeating the Delta 3-0. The fellows are to play Beta Psi in the semi-finals and we all wish them good luck.

## KAPPA DELTA EPSILON

Last Friday an election of officers by both the active and alumni chapters was held at the house. The following men were elected to offices in the active chapter: president, Albert Roothberg; vice-president, Jos-

eph M. Kubert; treasurer, Sol L. Ender; and secretary and social chairman, Morton Z. Fineman. The men receiving offices in the alumni chapter were: president, Maurice Krausman; secretary, Sol Garfield; and social chairman, William Olefsky.

## DENTISTRY

a profession which  
is not crowded

offers unusual opportunities for a career to the student interested in a profession of recognized importance in preventive medicine and general health service.

The University of Illinois College of Dentistry presents a superior course designed to prepare its graduates to be leaders in the profession.

SO ROUND and FIRM  
and FULLY PACKED that's why  
you'll find Luckies do not dry out—*They Taste Better!*

Luckies are always in all-ways kind to your throat. For every Lucky is made of the choicest of ripe, mellow Turkish and domestic tobaccos—and only the clean center leaves—they cost more—they taste better. Then, "It's toasted"—for throat protection. And every

Lucky is made so round, so firm, so fully packed—no loose ends. That's why Luckies "keep in condition"—why you'll find Luckies do not dry out, an important point to every smoker. Luckies are always in all-ways kind to your throat.

"It's toasted"
