

TECHAWK GOLFERS ARRANGE MATCHES WITH BIG TEN FOES

March 21 and spring is here... the urge of the fairways predominates in the activities of the Tech golfers these days. With the first signs of balmy weather the divot diggers knocked the rust from their clubs and marched towards the greensward. The first match of the season is not scheduled until the middle of April but the golfers think that the old maxim of practice makes perfect is what it takes and are tuning up for the first skirmishes.

Individual matches among the Tech men to determine who's who on the green are to be run off as soon as possible.

Manager Ray Pfum has practically completed the arrangements for the 1934 schedule and to date has booked eight matches, having signed up the strong Northwestern and Chicago University teams that overcame the Armour golfers last year. The Tech squad also travels to De Pauw and to Illinois Wesleyan and Bradley to display their skill.

Alumni Match Is First

The Alumni match is the first game of the season and will give the Tech squad a chance to avenge a defeat at the hands of this aggregation last season. On the alumni team are the former golfing stars of the Institute, notably "Kid" Miller, and Sven Johansson. Probably Larry Davidson will struggle against Miller in their annual set-to which is usually the feature match, in so far as a tight match is concerned. Johansson, last year's captain, and several other alumni members of the days of back when will round out the opposition.

The home squad will be deter-

Indoor Tournament

With the coming of the indoor season there has been a request for a more or less organized schedule of indoor games between the various sections. To accomplish this the classes interested in participating in this tournament should drop their entries in the News Box in the lobby of the main building before noon Thursday. This blank should bear the signatures of at least ten men of the section and only men in that department and year.

There are at present 5 sections in the junior class that have shown interest in intramural athletics and the members of the classes of the other three years are urged to send in their

names shortly by means of an informal tournament. Captain Larry Davidson and four or five of the leaders of the tournament will bear the burden in the first match. Those who are to be in the thick of the competition are Richards, Ahern, Shanahan, Wattley, Frank Davidson, Engstrom and Hevrelis. Any others wishing to try out are urged to see Coach Leigh as soon as possible.

Tentative Golf Schedule

- Alumni at Armour—April 14.
- Armour at Northwestern—April 24.
- Loyola at Armour—April 28.
- Chicago at Armour—May 1.
- Armour at De Pauw—May 5.
- De Pauw at Armour—May 12.
- Armour at Bradley—
- Armour at Illinois Wesleyan—

entries and make a real tournament of it.

As soon as the entries are received a schedule will be printed and published in next week's News. In this way the free periods that are common to two sections can be utilized for the games. The entries (all must be members of the same section and year) will be published along with the schedule and rules of the tournament next issue... so send in your entries.

The baseballers are active as can be evidenced by the grunts and groans that emit from the gym (the indoor practice field of the Tech) as the fielders bend for the grounders in the approved Kraft fashion.

Golfers Chase Pill

The golfers are out after old man par again. After a look at the schedule that Manager Ray Pfum has compiled the golfers think that a little practice would be very fitting. They meet Northwestern, Chicago, Loyola, DePauw and several other schools that have strong teams. However, Ray assures us that the hopes for a successful season are high. He is going out for the team.

1934 Tennis Schedule

The tennis team has 13 matches scheduled to be played between April 27 and May 26... quite some tennis for a month but Manager Colburn believes in a full booking. Well just so the school work won't interfere with the tennis.

The main of the competition on the baseball team centers about third base these days. Steve Lillis, regular third baseman last year, is to be shifted to the outfield, as rumor has it, thus leaving the hot corner as one of the vacancies to be filled. The third baseman to take over the job may be discovered soon since the team is scheduled to take the field this

Tech Represented at Butler Relays

The "tri-color" was well represented last Saturday afternoon and evening at the Butler Relays in the persons of Captain Nelson, Neal, Kirkpatrick, and Fleissner. This quartet took part in the college one mile relay event in which they had a good chance of coping.

This selfsame foursome showed up well in the past Armour Relays, in which they placed third close behind the crack Michigan Normal and Illinois State Normal teams. The winners had to negotiate the distance in the record breaking time of 3:25.9 in order to stay in front of the Engineers.

Nelson in Hurdles

Besides the relay event Captain Nelson ran in the low hurdles while Neal ran the 440 yard dash. Nelson in the 70 yard low hurdles placed fifth in a close race at the Armour Relays, and fourth place money in the 440 was awarded to Neal in the college events.

Results of the races will be published in the forthcoming issue of the Tech News.

Another point of interest is the fact that four left handers turned out... well at any rate time will tell.

Relay Team at Butler

Nelson, Neal, Kirkpatrick, and Fleissner went to the Butler Relays to perform for the Hoosier spectators.

These men also entered in the mile relay; George Nelson and Don Neal intend to compete in several other events. These were the only Armour men to compete in the Butler Relays; Johnny Roberts did not attend... they were afraid his multicolored track costume would cause a riot, so...

BALL PLAYERS ARE PRACTICING DAILY ON OGDEN FIELD

Yesterday afternoon found Ogden Field once again a scene of feverish activities, when approximately forty aspiring candidates for their first outdoor practice session of the year. Coach Kraft officially inaugurated "King Baseball" back from his lengthy retirement at a meeting held in Room A last Thursday afternoon.

The meeting was held for the express purpose of announcing the time of the initial outdoor practice session, and assignment of playing equipment. Coach Kraft stressed the importance of keeping in proper physical and mental condition and explained a few fundamentals in batting, base-running, fielding and pitching.

The pitchers and catchers who have been practicing diligently in the school gym for the past month will "open up" their bag of tricks this week in preparation for the intensive batting sessions scheduled.

Coach Kraft served notice that the letter men would not be insured of regular berths just by their past reputations, but would have to prove their worth on the diamond against the new aspirants. The new material present at the meeting looked promising, and with a break in the weather conditions the hopes for a "winner" look very bright.

Tech Tennis Team to Face Heavy Schedule

A tentative schedule for the 1934 season has been completed by the manager of the tennis team, Norman Colburn. There are a total of 13 matches to be played off inside of a month and the competition is of the calibre of Notre Dame, Chicago, Northwestern, Loyola, along with DePauw, Lake Forest, Wheaton, and George Williams.

5 Back From Last Year's Squad

The players returning from last year's squad are Streb, Armsbury, McDonough, Laemmers, and Esbensen, and there are several of the outstanding players in last fall's tennis tourney who are expected to try out for the squad. The winner, Mickey Luker, and his opponent in the finals, Cieslowicz, are expected to make a good showing this spring and do their bit to meet this heavy schedule that Colburn has compiled. Practice will be held as soon as the courts are conditioned and the weather is favorable.

1934 Tennis Schedule

- Armour at Notre Dame April 27
- Armour at Loyola April 30
- Armour at Chicago May 2
- Armour at Northwestern May 3
- Armour at DePauw May 5
- George Williams at Armour May 7
- Loyola at Armour May 10
- DePauw at Armour May 12
- Lake Forest at Armour May 14
- Wheaton at Armour May 19
- Armour at George Williams May 23
- Armour at Lake Forest May 24
- Armour at Wheaton May 26

— what it means

— to keep on hand 350,000 bales of Turkish tobacco to add something to the taste

So important is Turkish tobacco in the Chesterfield blend that we maintain a modern up-to-date tobacco factory in the far-off city of Smyrna.

Turkish tobacco adds something to the taste and aroma of a cigarette that no other tobacco can give.

It means something that Chesterfield always has in storage upwards of 350,000 bales of this aromatic Turkish leaf.

This Turkish tobacco is blended and cross-blended with ripe mild home-grown tobaccos to give Chesterfields a taste and aroma that is not like other cigarettes.

Everything that money can buy is used to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

*the cigarette that's MILDER
the cigarette that TASTES BETTER*
