

ATHLETES TO BE HONORED AT MID APRIL ASSEMBLY

Lettermen and Honor A Initiates to Get Awards

FIRST OF MANY?

For the first time in Armour athletic history, award winners are due to receive their hard earned monograms in an assembly especially arranged for the honoring of Tech athletes.

Although a definite date has not been set, the assembly will be held in mid April, sufficiently after the early cycle of Tech sports has closed to permit the naming of lettermen and manufacture of awards. The basketball team, whose lettermen were named recently; and the wrestling and swimming teams, whose winners will be named soon, will be the portions of Armour's sports' endeavors to be featured.

To Present Honor A Keys

Another feature of the assembly will be the presentation of keys to the initiates of Honor A, Armour honorary athletic fraternity. Incidentally these men will be formally pledged next Friday at a meeting of the Honor A.

The awards assembly has long been before those interested in the general attitude to sports at Armour Tech, and this move, which will be officially secured by the A. T. A. A. this week, is certainly due the men that represent Armour in the athletic field. The many students who have not appreciated a Techaw's effort in his field of sports will be permitted to see these super students who continually prove that there is far more to life at Armour than shiny pants and sore eyes!

Swimmers Lose Season's Finale

In an unsuccessful attempt to end the season's work with a victory, the Armour swimmers put up a dogged fight against the Irving Park "Y" tankers, but lost by a score of 49 to 26, on March 12, in a dual meet staged at Bartlett pool. There was a certain amount of sentiment felt by the men who were swimming their last swim for Armour, and Capt. John Ahern, Stan Bernstein, Bob Lyford, and Dinty Moore, went in there and fought. Special mention is due "Dinty," who copped the only individual Tech first in the meet.

Armour Wins 160 Yd. Relay

The strong Tech relay team composed of Ahern, Ruekberg, and Tallafuss, sprinted to an easy win in the 160 yd. event, but this splendid start was unfortunately followed by only one additional first, that being in the 100 yd. free style. An almost certain win in the 100 yard breast stroke was lost due to Rog Knaus' inability to swim in the meet. Our divers put up a fine show, but were completely outclassed by the proficiency of Middleton and Richardson.

Summaries:

- 160 Yd. Relay—Won by Armour (Ahern, Moore, Ruekberg, and Tallafuss. Time, :25.
- 100 Yd. Breast—Won by Koch (I.); second, Hammer (I.); third, Stehman (A.). Time, 1:19.6.
- 40 Yd. Free Style—Won by Hanson (I.); second, Ahern (A.); third, Richardson (I.) Time, :21.3.
- 220 Yd. Free Style—Won by Bergwin (I.); second, Zaruba (I.); third, Ruekberg (A.). Time, 2:49.1.
- 100 Yd. Backstroke—Won by Gutfahr (I.); second, Bernstein (A.); third, McDonald (A.). Time, 1:19.
- 100 Yd. Free Style—Won by Moore (A.); second, Stipp (I); third, Hanson (I.). Time, 1:02.6.
- Fancy Diving—Won by Middleton (I.); second, Richardson (I.); third, Ahern (A.).
- 180 Yd. Medley—Won by Irving (Gutfahr, Hoeh, and Hanson). Time, 159.3.

By Art Jens

Editor's Note: This issue of the Tech Shorts is written by Art Jens '31, who is a former Sports Editor of the News and the originator of the column.

Armour's Relay Carnival has arrived. By that we mean that it has now come to that stage of development where it is receiving due notice from the press and is attracting many of the big names in this business of track and field. It is our prediction, and you can mark this in your hat, that a few years from now this meet will have to be moved from the Field House to the Chicago Stadium to accommodate the crowds.

We Toss the Shot

Our Sports Editor tells us that space is limited so we'll give you this dope in this manner. . . . At the officials' dinner at the Del Prado Hotel between the trials and the finals we witnessed some first class raillery between and among "Long John" Schommer, Joe Lipp, Major John L. Griffith, Ned Merriam, Dr. Monilaw and M. Morton, all to the amusement of the gathering. . . . Thirty teams broke into the point column which betters last years' total of 26 and 33's total of 17. . . . Way back when, at Armour's first meet, only ten teams scored points. . . .

Kleinschmidt, a Wisconsin man,

THE BOYS WHO brought home Armour's colors in the sprint medley. Left to Right, Dunbar, Neal, Coach Stagg, Nelson, and Neuert.

performed in expected style but his time was one and one-half second off his championship performance in the Big Ten. . . . The Relay medal has been changed from the conventional circular style to one of rectangular shape with several runners in bas-relief and the words ARMOUR RELAYS also in relief. . . . On the reverse side is engraved the year and the event. . . . Medals were awarded to the first three place winners and ribbons to fourth and fifth places. . . .

On the basis of our point system Pittsburgh was the team victor with 23 1/3 points. . . . Butler came next with 20 1/7 and Kansas State fol-

lowed with 20. . . . Pitt built up its total with one first, three seconds, two fourths, two fifths and a tie for fifth. . . . For all this effort they took back to the smoky city eight medals and five ribbons. . . . One year Indiana copped thirteen medals. . . . Notre Dame and Wisconsin put on a spirited battle for the University 2-mile Championship and almost ended in a blanket finish. . . . That is if two men can end a race in a blanket finish. . . . George Nelson ran his leg of the College Medley in 2:02. . . . Nuff said. . . . The field in the mile was larger than usual with 20 men facing the starting gun. . . . Daly of Detroit led all the way to the bell

lap when Kansas State's O'Reilly passed him and finished in the fair time of 4:20.8. . . .

We didn't do such a good pickin' job last week when we selected Sandbach in the hurdles and Fleming in the 880. . . . Randall Herman vindicated our choice in him when he returned a double in the University 70 and in the College lows. . . . We talked with Ted Canty about the future of the Armour Meet. . . . It seems that all depends on whether or not the Illinois Relays are revived. At the present time Athletic Director Huff of the Urbana School does not favor such a move, so long live the Armour Tech meet. . . . Michigan State's strong medley team had little trouble repeating their '34 victory. . . . A little pressure from the field and there would have been another new record in the books. . . . Wholesale record breaking is a thing of the past. . . . The marks are now up in the sky and only super-performances will cause any revision in the future. . . . 1932 saw the greatest assault on the records; but don't forget that was the year the Relays blossomed out into the big league class. . . . The east may have its Baxter mile and its Wannamaker mile but for real excitement we'll take the Armour University one mile relay. . . . In the first section of this race Pitt, Illinois, Northwestern and Wisconsin battled for honors. . . . In the second section Indiana, Notre Dame and Chicago matched strides. . . . After much cogitation and comparison of times the judges found that Pitt was first, Illinois second, Northwestern third, Indiana fourth and Wisconsin fifth. . . . In the shuffle

Notre Dame and Chicago got left. . . . Bill Krafft always gets the softest of jobs. . . . His main duty Saturday was to pick a fifth place winner in each of the races. . . . The rest of the time he spent in telling how his basketball team won eleven and lost three or sumpin'. . . . Three advertised performers failed to appear. . . . Murphy of Notre Dame went to the K. C. games where he got a fifth in the high jump, Sear of Butler who appeared in the same meet and Rosenkrantz who performed in the Jewish Olympics whatever and wherever they may have been held. . . . A lad with the name Brockmann wore Rosenkrantz's number and caused no end of confusion. . . . While we are on this name business we should mention Joe Kappenberger of Kansas State who did some neat hurdle topping. . . . He tied the 70 yard low record and came back later to stumble and fall to a high stick championship. . . . The pole vault began at 7 p. m. and finished at 11:15 as Irving Seeley, Big Ten Champ did a sample vault for the benefit of newspaper cameras at a height of eleven feet. . . . Well, that's our story and we're stuck with it. . . . Nevertheless we will say that if bigger and better A. I. T. Relays are made then John Schommer, Alonzo Stagg and George Allison will have to make them. . . . Our hat's off to you, gentlemen.

—for that better taste and fragrant aroma

Turkish tobacco leaf is so tiny that each of these bales contains from 70 to 80 thousand leaves.

But there's another and greater difference—Turkish is the most spicy and aromatic tobacco in the world.

We have Chesterfield buyers in all the tobacco markets of Turkey and Greece, including Xanthi, Cavalla, Smyrna and Samsoun.

And when you blend and cross-blend aromatic Turkish tobacco with mild ripe home-grown tobaccos as we do in Chesterfield

—you have a milder cigarette, a better-tasting cigarette.
