

### TECH GRAPPLERS CONCLUDE SEASON WITH MORTON WIN

#### Matmen Pile Up Score With Pins, Time; Win 34-3

#### RETIRING SENIORS WIN

Finishing a successful season in grand style, the Armour Tech wrestling team overwhelmed Morton College 34-3 on the latter's mat last Friday. The Tech grapplers walked away with the meet by winning eight of the nine bouts and winning five of these eight by pins.

**Morton Wins First**  
The first bout, in the 118 lb. class, was a close fight, but Berzinski of Morton forged ahead to win by a time advantage, thus winning Morton's only bout. Basile started off the Tech scoring spree by gaining a time advantage over Ondus. Dunne followed through in a bout marked with plenty of action, in favor of Dunne, who almost pinned his opponent several times but had to be satisfied with a time advantage over his opponent Behkof.

In the 145 lb. class, Logullo took his match by a time advantage over Brook of Morton. After much maneuvering, Popper finally placed his opponent in a position in which he was able to pin his man in less than three minutes. Captain Kreml whose graduation will be a distinct loss to the team, pinned his opponent in a short bout of less than two minutes. Following the performance of Popper and Kreml, Tullgren, 175 pounder, followed suit by pinning Zalusky in one minute and five seconds.

**McIntyre Pins Karanda**  
In the heavyweight class, Karanda of Morton put up a game fight in spite of being handicapped by his light weight, although he was pinned by McIntyre. An exhibition bout at 145 lbs. was fought between Hanna and Wasielak of Morton. In his first bout as an Armour matman, Hanna, a very promising freshman, proved his mettle by pinning his opponent in one and one-half minutes.

In spite of the loss of several members of the team, Coach Weissman has high hopes for next year inasmuch as he has plenty of new material to fill the vacancies opened.

#### SUMMARIES

118 pounds—Berzinski (M.) beat McDaniel (A.). Time—5:54.  
126 pounds—Basile (A.) beat Ondus (M.). Time—6:27.  
135 pounds—Dunne (A.) beat Behkof (M.). Time—1:11.  
145 pounds—Logullo (A.) beat Brook (M.). Time—6:03.  
155 pounds—Popper (A.) pinned Kanak (M.). Time—2:39.  
165 pounds—Kreml (A.) pinned Siml (M.). Time—1:49.  
175 pounds—Tullgren (A.) pinned Zalusky (M.). Time—1:05.  
Heavyweight—McIntyre (A.) pinned Karanda (M.). Time—3:08.  
Exhibition—Hanna (A.) pinned Wasielak (M.). Time—1:32.

#### Baseball Candidates Meet in Gym Today

With less than a month before the opening game, the first meeting of the infield and outfield candidates for the Tech baseball squad is being held today in the gym. Although the batteries have been practicing for the last four weeks, weather conditions have not been suitable for outdoor work by the rest of the team.

**Twelve Games Scheduled**  
Twelve games have been scheduled so far, while the two games with DeKalb and one with Northwestern University are in the offing, awaiting approval. As has been the custom in past years, Chicago University's nine will be the first opponents of the season, on Saturday, April 10; if the weather is good and Ogdan Field is dry, a return game will be played April 12 on the home grounds.

**Good Pitching Material**  
Returning from last year for the pitching squad are Willy Kruse, Pete Winel, and Bill Penn, while newcomers with possibilities are Tom Green and Joe Pacocha. Green is a junior, hailing from St. Marys in Winona, Minnesota, who looks like good material, while Pacocha, a freshman who played outfield at Harrison when they were city champs, and who has done some pitching for the C.Y.O., may be used both as pitcher and outfielder on the Armour squad. Catching for the team will be divided up

### TECH SHORTS

*Editor's Note: This issue of Tech Shorts is written by Art Jens '31, who is a former Sports Editor of the News and the originator of this column.*

Enroute Prairie State Limited, Somewhere in Ohio, March 12, 1937.

Relays in the Armour style will appear in their 9th edition at the University of Chicago Fieldhouse next Saturday when the finest collection of college and university record breakers to show in the midwest this season will vie for Tech's handsome relay trophies.

#### Time and Tide Too

We have been told that time marches on inexorably and with undiminished speed and so it must for this is your correspondent's 68th writing of this column over a period of eight years. Reckoning in college terms this is two generations of Armour men. We hope to run this string to a hundred—issues not generations.

#### Michigan and Ohio State

It has always been a bone of contention between the management of the Relays and colleges located east of Indiana to convince them that the Armour meet was of greater importance than other meets being run on the same day. Butler University has each year formulated a track program which called for an invitational meet on the week following the Big Ten Championships. Necessarily schools located in the vicinity of Indianapolis have found it less expensive to travel there than to come on to Chicago. This has to some extent limited the quantity of competition in Armour's meet but certainly not the quality. A solution is suggested in allowing partial expenses to competing teams. Under present attendance arrangements this is not possible but one day when the Relays move into the Chicago Stadium we shall see what we shall see.

Several weeks ago there appeared the first running of the Chicago Relays. This is the first time since 1931 that a big time indoor track meet other than Armour's carnival has been attempted in these parts. The attendance and quality of competition more than vindicated the most optimistic wishes of the promoters. If our meet could be moved into an area where adequate facilities for spectators were provided we would predict a sell-out.

#### Famous U. of C. Star Dies

The sudden and wholly unexpected death of Judge Walter Steffen takes from the Institute one of its staunchest supporters. Last year Walter Steffen as head finish judge did the finest job we have seen in handling activities at the finish line. There

between Seidenberg and Russek, both of whom batted over .300 last year.

#### Infield and Outfield

In the infield, co-captain Bartusek will be opposed by "Swede" Skrzydlewski for first base while Dunne and Wagner will probably hold down second base and short stop positions, respectively. For third base Irv Gebel, a junior who just started at Armour last September, Max Ephraim, Fred Newman and Dave Rodkin will all be trying for a regular berth. Gebel has played short stop and other positions at South Side Junior College and stands out as a good man for this position. The outfield will probably be built around co-captain Logullo at center field. Shewchuk, from last year's regulars, and Skeppstrom are bidding for the side positions.

#### Room for New Men

Although the men already named will probably form the backbone of this year's team, there is still plenty of room for any new stars who haven't as yet shown their stuff. Both the meeting tonight, and the practice that will start outside as soon as the sun shines warmly will give the newcomers a chance to show their stuff. The team is determined to make a good showing this year and any help offered will be accepted, both in the way of fielding and hitting.

were no errors and that is what accounts for the success of any meet.

#### Records and More Records

Records have fallen each year over a wide front mostly though in the relay events. This year we are looking for improvement in the jumping events because of two stellar pole hoppers from the garden spot of the world, Wisconsin. Albert Haller, winner of the pole vault in the 1936 meet, returns to defend his championship and should have little trouble in keeping the bar on the uprights beyond 14 feet. That's a lotta height looking up from the ground. Haller is a senior at the University of Wisconsin. Then there is Eddie Burke the soaring high jumper from Marquette who should have little trouble in raising Nelson's old record of 6 ft. 5 in.

Unless Coach Tom Jones of Wisconsin elects to withhold his distance star, Charles Fenske, from the mile run, it is possible to look for an improvement in Henry Brooksmith's one mile record of 4:14.1-10. Last year both Kleinschmidt and Fenske were kept from individual events to compete in the distance medley relay. Wisconsin won handily from Illinois in 10:40.6.

#### Champions Return

We have our fingers crossed, still we must predict some record smashing in the dashes and the hurdles. Bob Grieve, dash champion from Illinois should do something with the .07.1 that he set last year in the 70

yard straightaway and Al Tolmich of Detroit should smash records in both the high and low obstacle races.

Last Saturday was held the first Midwest Intercollegiate indoor track meet at North Central. This undoubtedly is a take off from the Armour Relays and to some extent follows the original intent of our meet. Way back in 1929 when Lonnie Stagg and John Schommer worked out the details of the first meet it was decided to restrict competition only to colleges. University events were later added and the Invitational changed to a Relay Carnival.

#### Armour Football in 1906

In our peregrinations about the middle west this past year we have contacted any number of Armour men. The most interesting of our conversations was with Max Woldenberg, '06, who told us of Armour's football team during his time in school. Our most unusual experience was the night we played second base for the Cowies, Bud Weldon's champion diamond ball team in Wichita, Kansas. Bud, if you will look in the records, played a swell third base for Bill Kraft about seven years ago.

We could write on here for hours and hours but since this train is now in Indiana and since it is close to chow time we'll have to put the cover on this typewriter and hope that we'll see each and every Armour man at Saturday's meet. Until then, so long. No. 340-10-7655.

Better known as Art Jens.

### TECH SWIMMERS LOSE CLOSE MEET

#### Wilson Holds Early Lead To Win 40-35

In a close return meet held at Wilson Junior College, Armour's tankmen fell short of their opponents score by five points last Friday night. The 40 to 35 defeat was an upset from the standpoint of Armour's previous win of 49 to 26.

#### Wilson Takes Early Lead

Wilson stepped into the lead in the first event and managed to hold it by a small margin throughout the meet. By hitting the gun just right, Wilson's relay team took a short lead and maintained it to the end. Their last man, Wells, came in a length ahead of Winblad. Svagdis used his swift stride in the breast stroke event to best advantage when he soared in ahead of Pietrzak by several lengths. With the aid of Manke's third place, the Tech men brought the score to 10-11. Wittlow and Edgcomb, however, widened Wilson's margin by taking a first and second in the 40 yard free style.

#### Armour Takes Two Events

In the next two events, Armour stepped out with firsts and thirds to again tighten the score, this time at 23-25. Dodge took first in the backstroke, the first of these events. He was followed by Raschke and Simpson. Then captain Ruckberg came through in 100 yard free style by passing up Edgcomb, second man,

Those interested in becoming assistant manager of the baseball team should turn in their applications without delay. They should be addressed to Coach W. C. Kraft, and be in Mr. Stenger's office by March 20.

being supported by Smidl of Armour in third place.

Shagam of Wilson sprang gracefully from the springboard, carrying all of his lank high into the air to cop first place in the diving event. Saltzman, formerly of Wilson, took a second place for Armour.

Wilson cinched the meet in the seventh event when it took a first and third for six points. Wells took an easy first in this 220 yard splash, while Dodge beat out Hino for Tech's three points.

The medley relay was a swift victory for Armour due to Svagdis' spurt in the breast stroke stretch. The short time of 1:13.0 was believed a record for the Wilson pool.

#### SUMMARIES

160 yard relay—Won by Wilson (Hino, Underwood, Nichols, Wells). Time—1:27.  
100 yard breast stroke—Won by Svagdis (A): Pietrzak (W) second; Manke (A) third. Time—7:19.0.  
40 yard free style—Won by Wittlow (W); Edgcomb (W) second; Downing (A) third. Time—0:21.  
100 yard back stroke—Won by Dodge (A); Raschke (W) second; Simpson (A) third. Time—1:18.  
100 yard free style—Won by Ruckberg (A); Edgcomb (W) second; Smidl (A) third. Time—1:04.  
Fancy diving—Won by Shagam (W); Saltzman (A) second; Cody (W) third.  
220 yard free style—Won by Wells (W); Dodge (A) second; Hino (W) third. Time—2:38.8.  
120 yard medley relay—Won by Armour (Downing, Svagdis, Winblad). Time—1:13.

# Ruby Keeler says:

## "Luckies are a light smoke that treat a tender throat right"

"In a way, it's easier to keep in condition as a dancer than as a singer. Exercise can keep the muscles in shape, but there are a lot of things that can go wrong with the voice and throat. It stands to reason, then, that any actress wants a cigarette that is gentle and strikes the right note with her throat. I started smoking Luckies 4 years ago. They're a light smoke that treat a tender throat right."

*Ruby Keeler*

LOVELY WARNER BROS. STAR NOW APPEARING IN "READY, WILLING AND ABLE"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Keeler verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

THE FINEST TOBACCOS— "THE CREAM OF THE CROP"
