

Junior Chems Score High; to Battle Seniors

Again the top favorites in the touchball tourney, the senior chems and the junior chems, took measured steps toward the inevitable game where one must meet the other. This game will be the climax of the week's touchball schedule, and will come off Friday at 10:30.

Last week the seniors took it easy as they walked through the soph civils, 26-0, but the juniors were merciless as they piled up point after point, some lucky, others truly achieved, for a new scoring record at the expense of the Flat Foot Floogies. Final tabulations showed the score to be 38-0.

The junior chems, in setting the new record, took advantage of a demoralized frosh squad and a flock of breaks. In their second series of downs, the schmiers tried a long pass from Carpenter to Fahey which was ruled complete because of interference. Capitalizing on this, the chems scored two plays later when Grigas passed to Carpenter for a score.

Natinchek Second Scorer

The Floogies came back after this and though they couldn't score, they stopped the chemicals at least momentarily. Then a forward pass meant for Scott was intercepted by Natinchek who ran half the field for the second schmier tally.

In the second half, the chems really started rolling. A long pass, Carpenter to Fahey, counted and on the ensuing kickoff, Norkus passed to Fahey for another score.

Scouting a chance for a new record the chems started firing passes all over. Fahey dropped a perfect pass from Sher in the end zone, but caught the next one on an identical play. The final tally came when Sher broke through the line to intercept a freshman pass behind scrimmage and then lateraled to Natinchek who ran the remaining distance for a touchdown and a 38 to 0 victory.

Kruse Scores for Seniors

In the senior game, Willie Kruse stood out as he passed, ran and received the chems to victory. Although the civils held them off for a while, the chems broke into the scoring column when Kruse eluded the secondary to take Adeszko's short pass for a score. A few plays later Kruse again tallied when Moleculeski and Rothenberg swept the opposition out of his way and he ran the fifteen yards necessary for the tally.

After this second score, captain Rothenberg yanked the regular backfield and gave the sub linemen a chance in the spotlight. Moleculeski took advantage of this chance in the second half when he passed to Ryan in the end zone to make it 18 to 0. The civils then prevented any further scoring until the regulars returned to the backfield. Immediately Kruse took part in another scoring play

Armory Haunted By Hoop Shooters

Techawk cagers celebrated Halloween yesterday afternoon by haunting the Armory for a brief inaugural drill. Coach Grant Stenger, according to arrangements as standing last Friday, was then to send the squad through its initial workout.

Practice during the first two weeks will be held on Mondays, Tuesdays, and Thursdays until the floor is available for five night practise on November 14.

Included in the turnout were several of last year's regulars, including co-captains Swanson and Henriksen, Norkus, Scherer and Janick. These five will most likely form the regular team unless the newcomers show enough ability to oust them.

At present, Coach Stenger is engaged in trying to fill two open dates with games against either Ripon or Beloit colleges. Due to conflicting dates, Beloit was dropped from the schedule, but efforts are being made to reinclude them if at all possible. Ripon would represent a newcomer to the Armour schedule and if landed will be another big game for the squad.

As soon as the Student Union is completed, practise for the freshman squad will commence in earnest under the guidance of Bill O'Brien, co-captain of last year's Techawks.

when he fired a pass to Rothenberg for the game's final touchdown.

Senior Mechs Victors

Without the services of the backbone of their team, the junior civils fell before a strong senior mech squad last Friday, 15-0.

By their display of zip and speed, the senior mechs clearly showed that they were the superior team. Most of the play was centered about the civil's goal, and twice within the first half Vandekief snared long passes in the end zone to score for the mechs.

Miller was the source of many an accurately thrown pass, while Clark and Vandekief pierced the civil's line with knifing runs. After an unsuccessful assault on the junior's goal line in the second half, Pedersen, of the civils, was tagged behind the line for a safety. This was the last score in the 15-0 battle.

JUNIOR MECHS WIN, 23-0

Stunned by a score against them on the kick-off, the soph fire protects were easy meat for a hungry junior mech team last Thursday. After getting two points for a safety at the kickoff, the mechs continued their scoring ways to roll up a 23-0 score before the game was over.

Lange fumbled Lasker's high bouncing kick in the opening play and found just enough time to recover the ball behind the goal before a fast charging mech snarled him.

This seemed to take the spirit out of the firemen, and the remainder of the half was a one-sided affair, with the mech wolves always at the soph's doorstep.

Aided by a safety, the soph chems staged a comeback, having lost their first game in a forfeit, to down the

U. of C. to Pit Touchball Champs against Tech's

Short Pants, a freshman entry also with one defeat, 8-6, and thus eliminate the latter team from the tourney.

SOPH MECHS BEAT FLASHES

By using the "run, pass, and then kick" system, the soph mechs defeated the Phi Pi Flashes last Tuesday, 2-0.

It was the toe of Knorring that set the stage for the decisive safety. After the Flashes had brought the ball deep into soph territory, Knorring kicked a long punt to the Flashes' five yard line.

On the first play, Rusanowsky broke through the Phi Pi's line and tagged the passer for a safety. In the few remaining minutes of the game, the sophs controlled the play, something which they had not accomplished in the earlier part of the game.

JUICERS WIN OUT, 19-13

Battling a team that refused to give up, the junior juicers defeated the Freshman Rats, 19-13. The juicers built up an advantage in the first half only to see their opponents overcome this lead in the second.

During the first half the electrical men crossed their opponents' goal line twice and made one point after touchdown to bring the score to 13-0 at the half time.

In the second half, the Rats came back with renewed vigor and made a real battle of it. Displaying a stronger offense than in the first half, the first year men were able to bring some anxious moments to the camp of their upperclass opponents by scoring two touchdowns and a point after touchdown.

This brace of points matched those scored by the juicers in the first half, but the juniors were not to be denied. They returned the kickoff through the Rat's defense for the deciding tally of the game. The try for point after touchdown failed, but the electricals were on the long end of a 19-13 score.

By TOM CLARK

Touchball at its worst (or at its best, depending on how blood-thirsty you are) are the inter-fraternity games. Anything goes, it appears, in these games. Power-house runs, flying wedges, blocking the pass receiver, clipping, all seem to be the order of the day. It's too bad that a tournament run purely in the spirit of sporting competition should degenerate into common warfare. These comments are aimed at no one team of the fraternities—all seem to be guilty—and might well be heeded by some of the more antagonistic teams in the inter-departmental game.

It has been suggested that at the conclusion of the tournament an Armour All-Star team be named. If the idea goes through, it will place us right out in front with any football conference in the country. And then, definite steps are being made so that Armour's touchball champs may play those of the U. of C., where a similar contest is conducted among the departments.

By H. R. COYLE

We wish to nominate Ralph Tullgren as the "cleanest" touchball player of the fraternity gridiron. Even the referees agree to the extent of overlooking a few blunderous clippings and accidental clumsiness while he removes various ground gainers from their feet and hence from the game. . . . The time when Tullgren's actions will first receive serious commendation from this staff will be at the wrestling opener, when, as captain of the mat squad, he will be able to apply his jiu jitsu where it belongs.

The entire touchball rulings are at fault insofar as blocking is con-

Champs Show Power In Crushing Pi Kaps

Delta Tau Delta, last year's inter-fraternity champs, displayed the earmarks of another banner team as they swamped Pi Kappa Phi, 26-0, last Thursday evening.

The game was a very hard fought one all the way. The Delts slowed up the Pi Kapps with their fast rushing which left hardly time to hurl an accurate pass.

Pi Kappa Phi, led by the Heidenreich brothers, showed plenty of fight although outweighed slightly less than two to one. The need for better offensive blocking was seen throughout the game.

The Delt steamroller looked good with Scherer doing most of the tossing, while Tullgren and Puhl pulled them down. They had good blocking and exceptional speed in Scherer, who made one of the Delt touchdowns. Street was the second Pi Kapp offender, while Buzz Tullgren drew blood for the third tally. Scherer made a second score when he intercepted a pass.

The Rho Delts were to play the Phi Kaps this afternoon. The winner of this battle will play the Delts in the finals this week.

U. of C. vs. Tech; Champ Touchball Teams to Meet

Schommer, Metcalfe Plan for Playoff

As if the reception of gold medals and the title of champs weren't enough incentive for the various teams in the touchball tournament, athletic director John Schommer has come up with the statement that the champs shall have additional reward. Arrangements have been made with Nels T. Metcalfe, director of athletics at the University of Chicago, to match the touchball champs of the two schools.

The idea was conceived during a conference among the senior chemicals. In a moment of jest, Ryan mentioned that the winners of our tournament should play the winners of the Chicago tournament. The idea was carried further by Harv Rothenberg, who visited Professor Schommer and passed the thought along.

Professor Schommer, already engaged for a talk with Mr. Metcalfe, promised to bring up the point. This was done and now the game is a certainty. Mr. Schommer stated further that should Armour emerge victorious, he will endeavour to contract a game with the champs of Northwestern University.

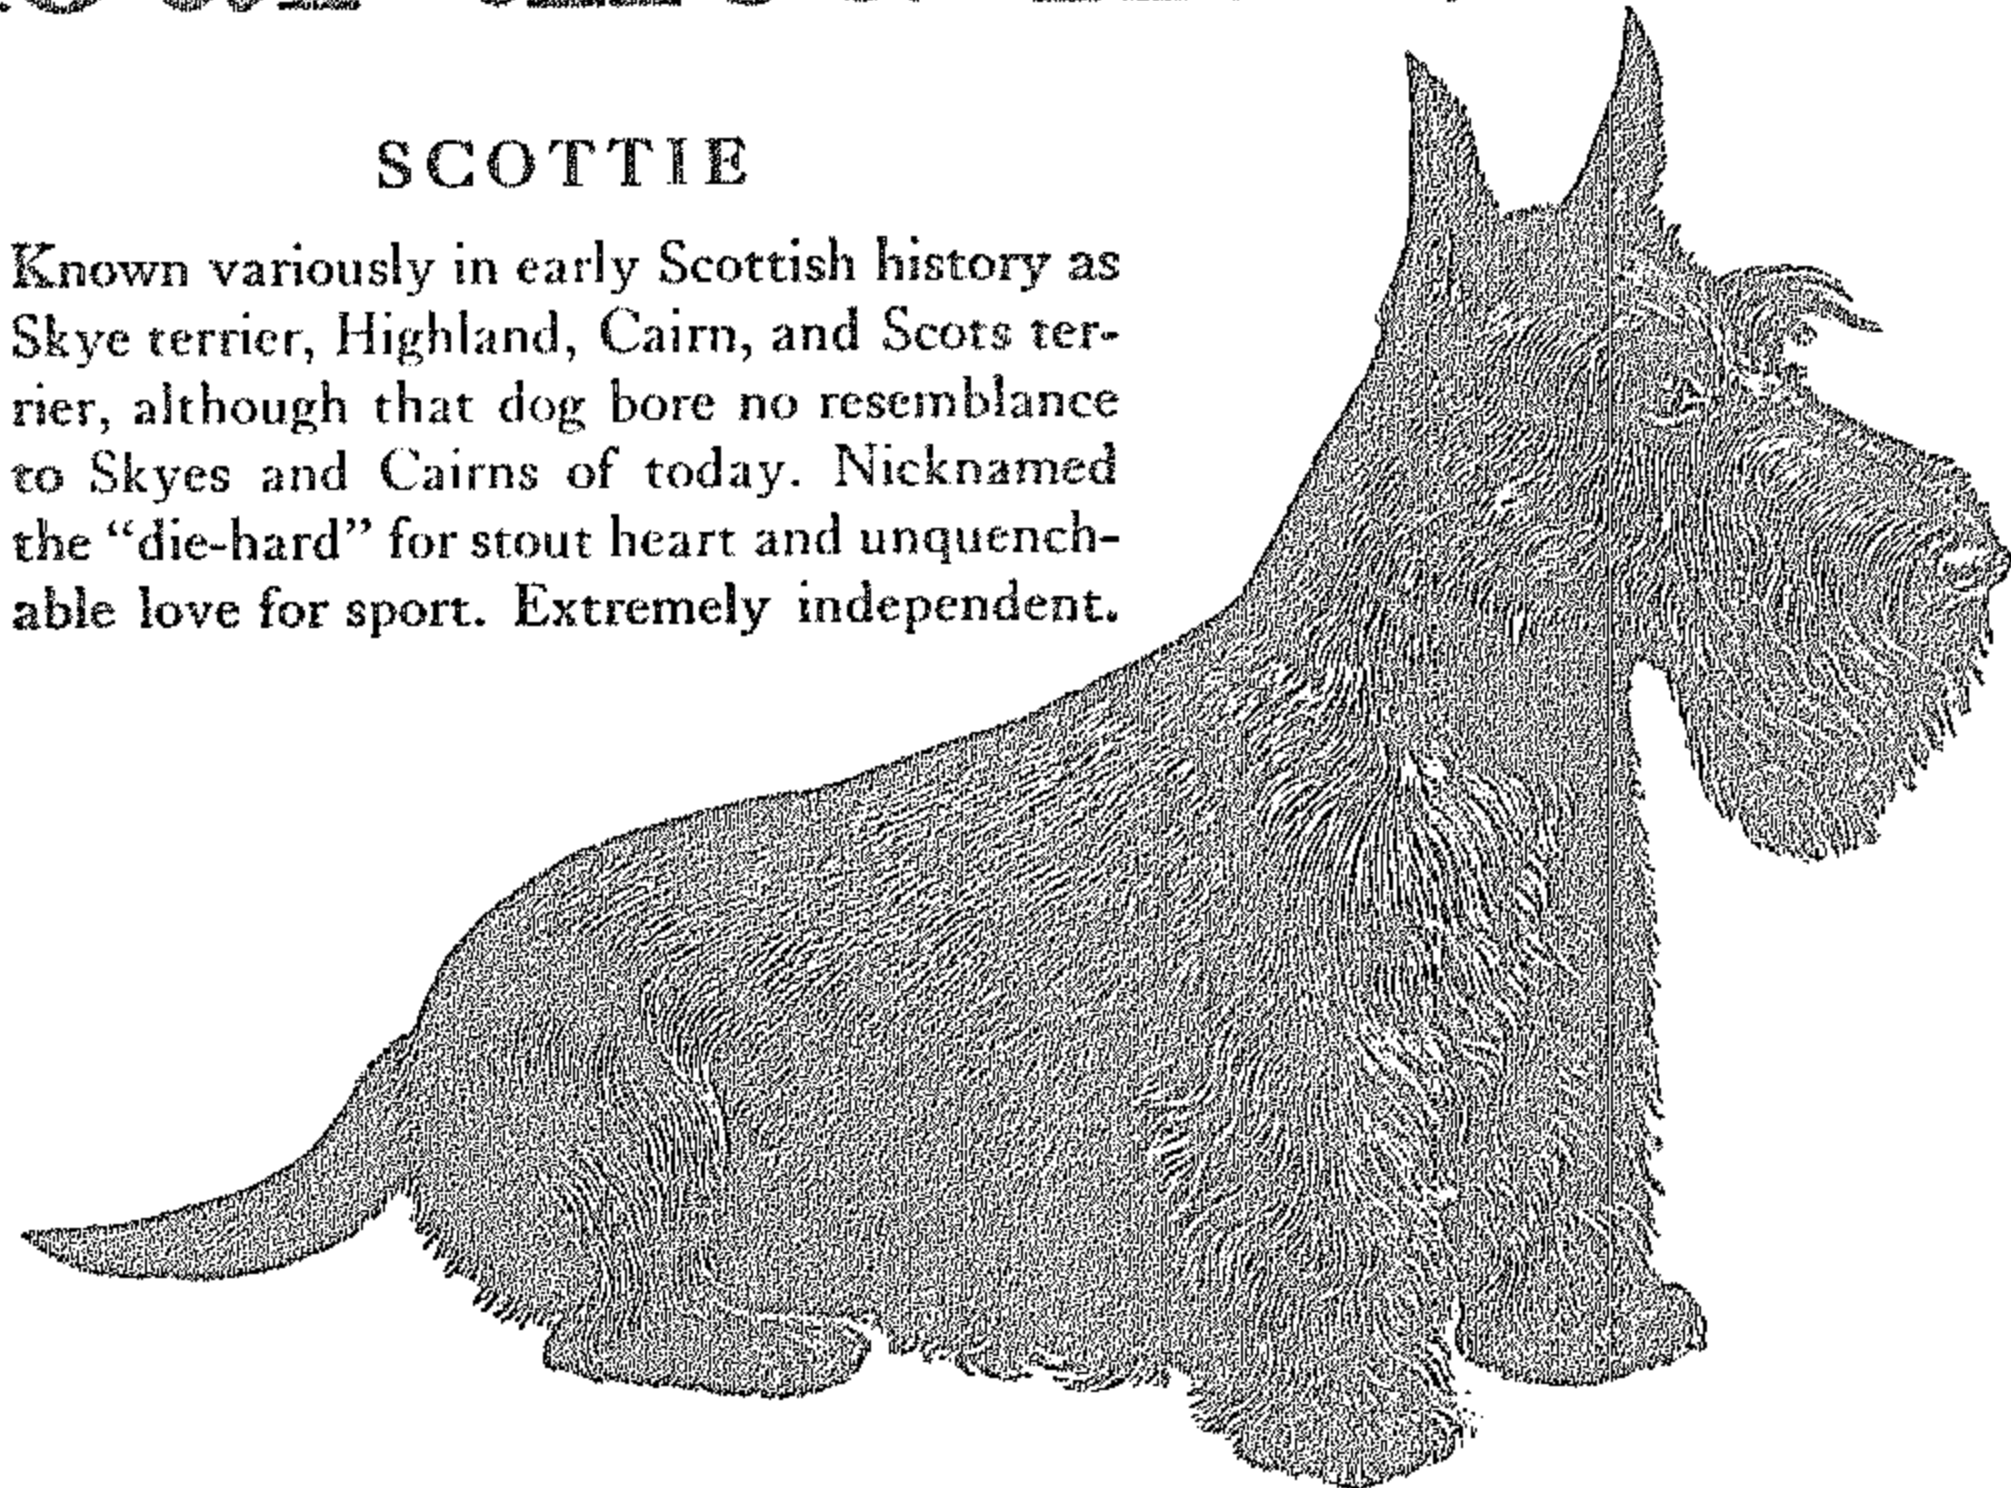

Although the rules covering the two tournaments have several differences, these will be ironed out a little later in the season. At this time the scene of the battle shall also be decided.

While this event isn't of intercollegiate importance at the present time, it may be the start of a new idea in the touchball field. Several other colleges in Chicago might be contacted and an annual tournament might be held to determine the intercollegiate touchball champs of the city.

Your tired nerves need frequent relief

SCOTTIE

Known variously in early Scottish history as Skye terrier, Highland, Cairn, and Scots terrier, although that dog bore no resemblance to Skyes and Cairns of today. Nicknamed the "die-hard" for stout heart and unquenchable love for sport. Extremely independent.

HE'S GIVING HIS NERVES A REST...

AND SO IS HE

"HOUSEWORK, shopping, and social affairs," says busy Mrs. V. G. Weaver, "would get me strained and tense if I didn't rest my nerves every now and then. I let up and light up a Camel frequently. Camels are so soothing."

Smoke 6 packs of Camels and find out why they are the LARGEST-SELLING CIGARETTE IN AMERICA

LIKE humans, dogs have a complicated set of nerves. But dogs are kinder to their nerves than we. They rest when they need rest...we plunge ahead with hurry and worry—straining our nerves to keep up the fast pace. We can't turn back to the natural paces of life like an ani-

mal, but we can protect, soothe, and calm our nerves. Smoking a Camel can be your pleasant method for breaking nerve tension. Camels are mild, with the flavor of a matchless blend of costlier tobaccos. Smokers find Camel's mild tobaccos delightfully soothing—soothing—to the nerves.
