IIT Office of Campus Energy and Sustainability

Campus Forum February 2012

The future of sustainable transportation:

Alternative Transportation vs. the Renewably Powered Electric Vehicle

Is the mode of transportation more important than the fuel?

Can we be a sustainable society if we are all still driving our own environmentally-benign personal vehicle?

Come participate in a discussion with two experts on the topic.

Speakers include:

Said Al-Hallaj
 Co-Founder, Chairman/CEO, AllCell Technologies

John Lankford
 Coordinator of the Neighborhood Bikeways Campaign for the Chicago-based Active Transportation Alliance

THIS Friday, February 24th

12 pm to 1:30 pm

MTCC Ballroom

Interested in attending?
