

CANDIDATES FOR VP OF STUDENT LIFE

RANI SHAH

Name: Rani Shah
Year in School: Second Year
Major: Chemical Engineering
E-Mail Address: Rani@hawk.iit.edu
Candidate for: Vice President of Student Life

How would you best represent the interests of all IIT students in your decision making?

By making decisions which encompass both what the majority of students want and need as well as what future students will find useful in their college career.

What issues or goals would you like to tackle and how do you plan to accomplish them?

1. Making IIT's name more prevalent - this can be accomplished by teaming up with Tech Traditions and other organizations on campus to reach out to alumni, the city of Chicago, and all college students. 2. More flexibility with student organization events - not accepting cash has become quite a large hassle when buying tickets as well as having a strict policy for who can buy tickets. I'd like to compromise for more flexibility

TRISTAN LARSON

Name: Tristan Larson
Year in School: Third Year
Major: Civil Engineering
E-Mail Address: tlaron6@hawk.iit.edu
Candidate for: Vice President of Student Life

How would you best represent the interests of all IIT students in your decision making?

I hope to not only augment campus life for students who already participate, but also to increase the engagement of students who are less inclined to get involved, particularly commuter students.

In order to accomplish this I would like to make it easier for student organizations to

increase their visibility on campus, as well as making IIT a weekend destination for students who live off campus by encouraging weekend events and making facilities more accessible to students.

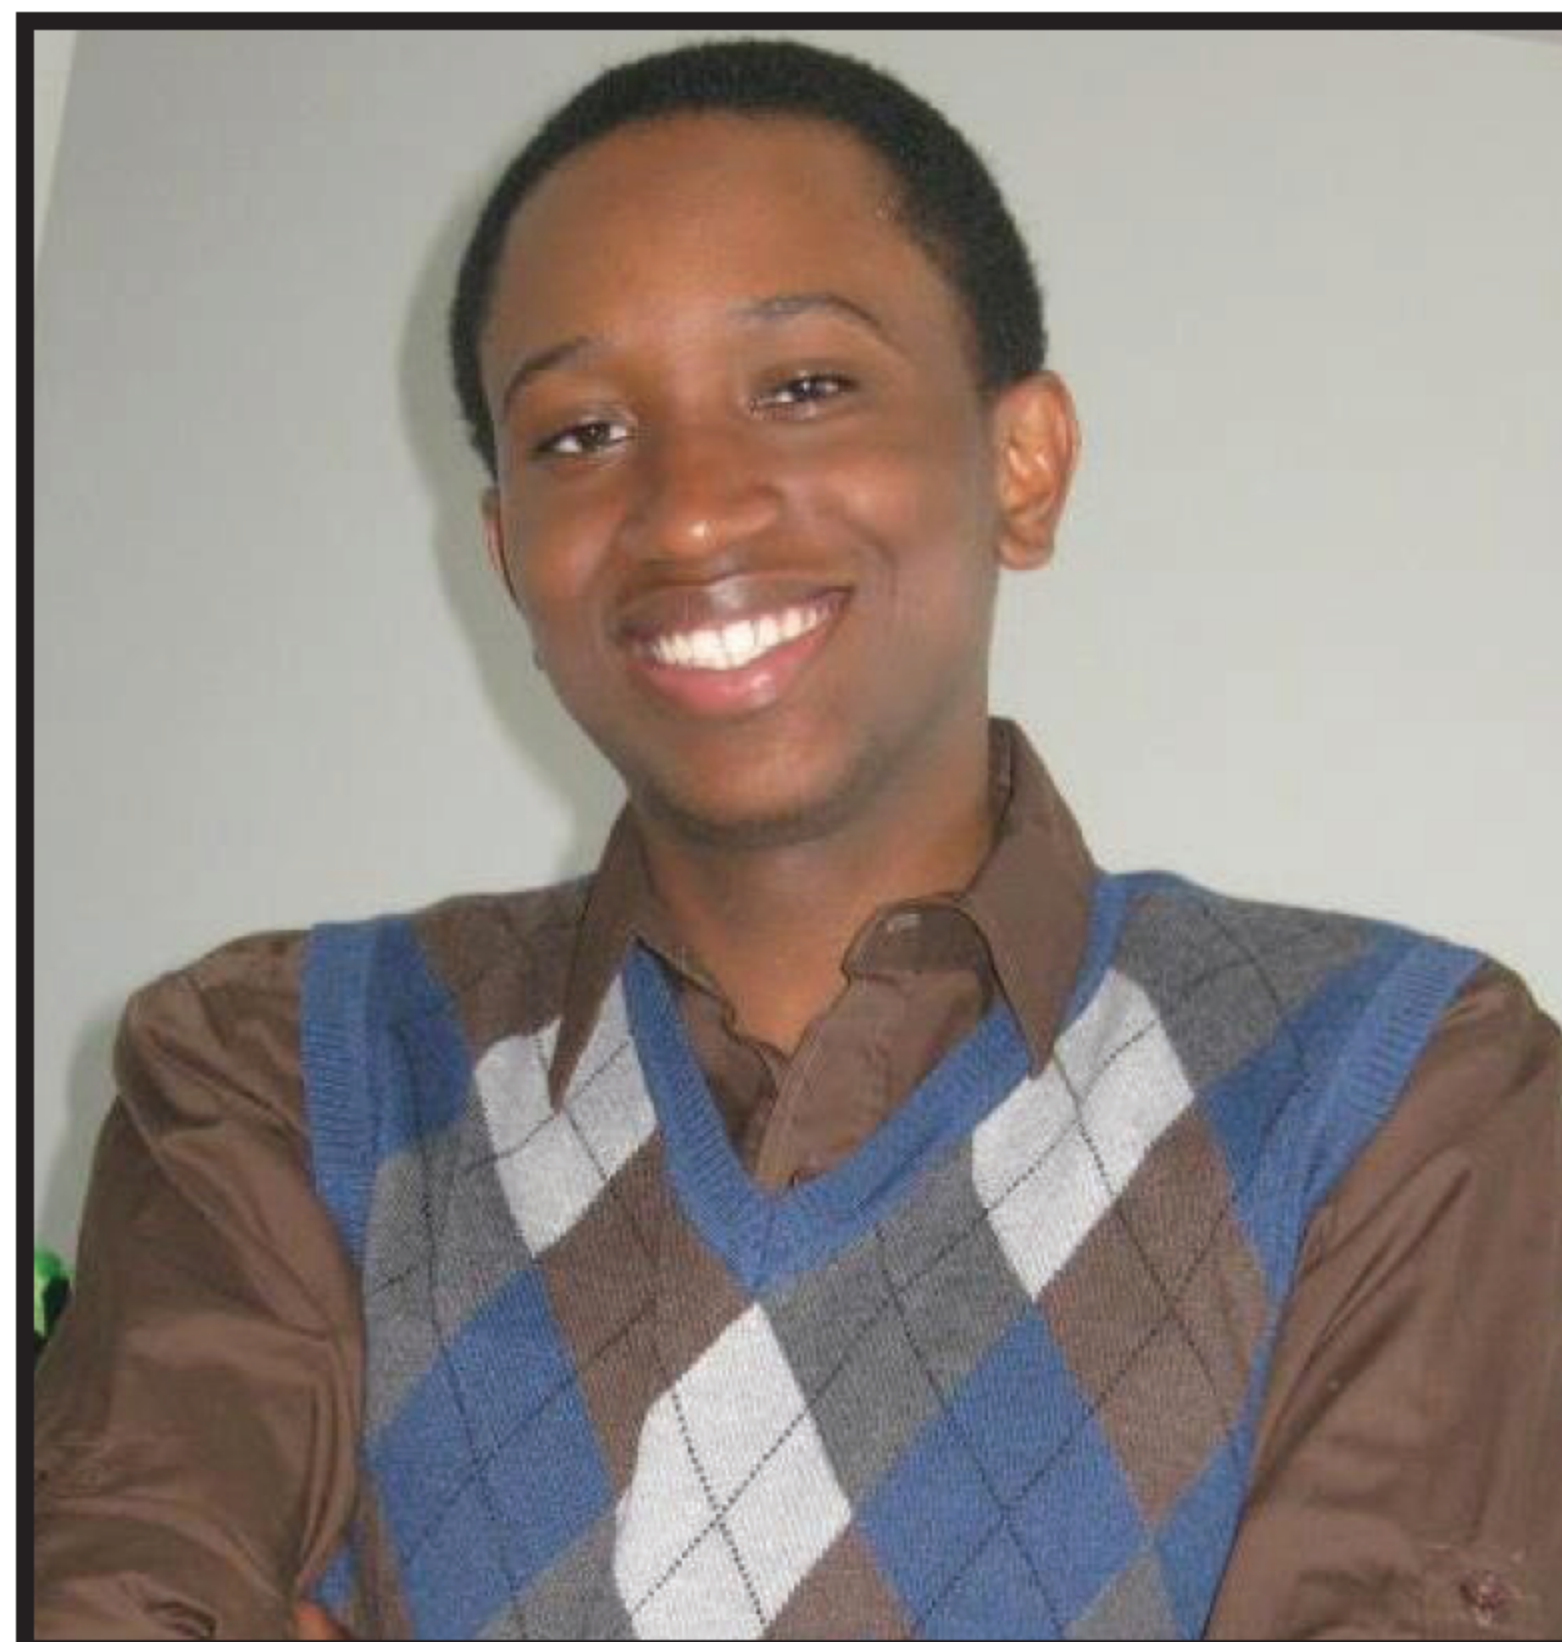

CANDIDATES FOR VP OF ACADEMIC AFFAIRS

SOONEN AHUA

Name: Soonen Ahua
Year in School: Second Year
Major: Mechanical Engineering
E-Mail Address: soonen.ahua@gmail.com
Candidate for: Vice President of Academic Affairs

How would you best represent the interests of all IIT students in your decision making?

Communication is key. In order to ably represent the interests of the students I will keep the lines of communication open between myself, my senators and my constituents. I will constantly strive to see that important and worthwhile projects are carried to a successful completion.

VICTOR OBIAHU

Name: Victor Obiahu
Year in School: Third Year
Major: Electrical Engineering
E-Mail Address: oobiahu@iit.edu
Candidate for: Vice President of Academic Affairs

How would you best represent the interests of all IIT students in your decision making?

My major responsibility would be to represent the people. To achieve this, I shall make myself very approachable. I shall work with

a committee of highly competent students to look into the endeavors of the school on the academic front and decide on the best ways to improve the existing policies with the interests of the student body at heart. I plan on identifying the interests of the student body by extensively using tools like IIT Idea already put in place by previous board members. This would help inform the SGA of desired changes to be made in the school.

CANDIDATE FOR VP OF COMMUNICATIONS DOR KARTER

Name: Dor Karter
Year in School: Third Year
Major: Computer Information Systems & Entrepreneurship
E-Mail Address: dkarter@hawk.iit.edu
Candidate for: Vice President of Communications

How would you best represent the interests of all IIT students in your decision making?

I am committed to fight for the students' rights and needs on this campus, realizing that we are the customer, and we deserve to have the best college experience. Furthermore, I want to continue the MTCC SGA tables, since they allow direct

communication between students and senators. I will use VoteBox and Student Voice (upcoming online student forum) to provide weekly feedback to students on raised is-

CANDIDATES FOR FINANCE BOARD CHAIR

EMMANUEL KLU

Name: Klu, Emmanuel
Year in School: Second Year
Major: Computer Science
E-Mail Address: eklu@hawk.iit.edu
Candidate for: Finance Board Chair

How would you best represent the interests of all IIT students in your decision making?

Having been involved with diverse student organizations, and having a cross-cultural social life, I believe keeping the interests of all IIT students is crucial. One basic aim is to make sure the Board makes decisions on a fair basis so events that encourage school spirit are funded.

A special thanks to SGA for providing pictures & information about the candidates!
