

Molecules, Wolves, Turks win as Lewis basketball begins

Although the Molecules expect to walk into the title-seat of the Lewis tournament because of an overwhelming victory in their starter, last week's games showed that there are other good teams, namely the 2A Co-ops and the Turks, which will offer tough competition and may set these self-appointed favorites back a couple of notches.

Molecules Sink Gamma Rho

Torpedoed by the five, not the fifth, column work of the Molecules the Gamma Rhos were downed in the bombardment of sixteen baskets and seven free throws for 39 points against the 11 counters which they picked up through the efforts of Bob Meyer, Steve Mendak, and Chuck Marner.

Smooth ball handling by Paul Brockman and Kilfoy fed Johnnie Poyle, who paced the Molecules attack with ten field goals and three free throws for twenty-three points. Bob Meyer, Gamma Rho forward, registered five markers with two baskets and a charity toss. Although Captain Jack Chakoian played a great game, he was unable to score against the tight defense of the losers who only let 39 points seep through.

Captain Joe DePinto led his Wolves to victory over the highly favored 1A Co-ops 16-14 when he sank his lone basket of the game in the last ten seconds of play.

Strictly defensive play by both teams in the first half kept the scoring down to four baskets and two free throws with the Co-ops on top 7-3 as the horn ended the second period.

Bill Leonard and Larry Wilkinson paced the losers with four points each, while "Midget" Dalessandro was high score man with eight points for the Wolves.

Marrese Wins for Turks

Two evenly matched teams staged a thrilling battle in which Lou Marrese's field goal in the last play of the game gave the Turks a 13-12 victory over the 2A co-ops.

Lake was high point man of the game with eight markers, Marrese came next with two baskets and a free throw for five points, and Ebner followed up with four points.

Richard Novaski, a cager who is just as good if not better than any player on the floor, was kept on the side lines by Rog Friewer, captain of the Turks, for some unknown reason.

RHO DELTS COP INTERFRAT PING PONG TITLE

Sparked by the efforts of Aaron Kolom, Rho Delta Rho won the interfraternity table tennis championship last Wednesday night. The victory was accomplished at the expense of Delta Tau Delta, whose squad put up a terrific battle before succumbing to the mighty Rho Delts. Kolom was undefeated against the Delts, winning twice over Phillips and once over Dunworth.

The matches stood at one apiece when the teams met in the deciding match last Wednesday. In the first game Kolom beat Phillips, three games to one. The Delts tied the count when Ed Franks lost to Jim Neighbor, three games to one, two of the games going to deuce.

Delta Tau Delta went into the lead in the third match as Tom Gustaf beat Lefty Derin, three games to one. Needing but one more victory for the acquisition of the cup, the Delts folded badly in the doubles competition, Krus and Kolom defeating Neighbor and Gustaf, and Franks and Derin cinching things for the Rho Delts by administering a whipping to Dunworth and Phillips.

Chakoian announces opening dates for Lewis ping-pong, bowling meets

Intramural sports at the west campus will be shifted into a higher speed by the announcement of intramural manager Jack Chakoian. Jack named the opening dates of the ping-pong and bowling tournaments as March 5 and 7 respectively.

Both women and men are eligible to enter these contests. Entry blanks for both tournaments will be available at the sports office in the gymnasium and must be turned in by Friday, February 27. In order that arrangements for the tournament play can be worked out.

Two Classes in Ping-pong

The ping-pong tournament will be divided into an intermediate class, for those who are beginners at the game, and the senior class for those who have played before. A practice round will be held to classify the players. Prizes will be awarded to the winners and runners-up in both divisions of this intramural classic. A meeting of the contestants will be held in the near future to decide the rules of play and the prizes which will be awarded.

Arrangements for the first official bowling tournament to be held by the Lewis students have

been set up by Jack Chakoian, and he hopes that there will be a large turn-out so that this tournament may become as successful as the basketball tourney has been so far this season. There may be a small entry fee which will cover the cost of the prizes to be awarded the winning team of the league, team high series, and individual high game, series and average.

Handicap System

The bowling will be run on a handicap basis, that is, the teams which have a low average will be spotted pins when playing against better bowlers. All games will be bowled during a time convenient to the players, and competing teams must be present at the alleys on the appointed hour. Competing teams must bowl at the same time, and under no circumstances will the scores count if their opponents are not present.

LEWIS BASKETBALL SCHEDULE

Tuesday

Gamma Rho vs. 1A Co-ops—2 p.m.

Cuswecu vs. EDT's 4 p.m.

Thursday

2A Co-ops vs. Molecules—3 p.m.

Wolves vs. Turks 4 p.m.

WHAT! A girl training men to fly for Uncle Sam?

• The name is Lennox—Peggy Lennox. She's blonde. She's pretty. She may not look the part of a trainer of fighting men, but—

She is one of the few women pilots qualified to give instruction in the CAA flight training program. And the records of the men who learned to

fly from Peggy show she's doing a man-sized job of it. She's turned out pilots for the Army... for the Navy. Peggy is loyal to both arms of the service. Her only favorite is the favorite in every branch of the service—Camel cigarettes. She says: "They're milder in every way."

DON'T LET THOSE EYES and that smile fool you. When this young lady starts talking airplanes, brother, you'd listen, too... just like these students above.

AND WHEN she calls you up for that final "check flight," you'd better know your loops inside and out. It's strictly regulation with her.

YES, and with Instructor Peggy Lennox, it's strictly Camels, too—the flier's favorite. "Mildness is a rule with me," she explains. "That means Camels."

Flying Instructor PEGGY LENNOX says:

The smoke of slower-burning Camels contains

28% LESS NICOTINE

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

• "EXTRA MILD," says Instructor Peggy Lennox. "Less nicotine in the smoke," adds the student, as they talk it over—over Camels in the pilot room at the right.

Yes, there is less nicotine in the smoke...extra mildness... but that alone doesn't tell you why, in the service... in private life... Camels are preferred.

No, there's something more. Call it flavor, call it what you will, you'll find it only in Camels. You'll like it!

THIS IS THE CIGARETTE FOR ME. EXTRA MILD—AND THERE'S SOMETHING SO CHEERING ABOUT CAMEL'S GRAND FLAVOR

CAMEL

THE CIGARETTE OF COSTLIER TOBACCOS

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to 5 EXTRA SMOKES PER PACK!

R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina
