

Cagers Schedule Nineteen Games

Play Alumni Warmup Tilt Next Wednesday: Opponents Include Kenyon, St. Ambrose

By Jim Wangersheim

A schedule marked with several "flashy" contests as well as the usual "breeze" games, has been presented to the Techawk basketball squad for the forthcoming season.

Highlighted by their appearance in the Loyola tournament, where they will face the high-scoring Crusaders from Wheaton college, who present an admirable record of 19 won and 5 lost in 1946, the cagers will also oppose such formidable "fives" as Lawrence, St. Ambrose, and Kenyon college.

On the theory that it is better to lose to a superior foe than to win handily from an obviously inferior opponent, Coach Ed Glancy has begun the process of rebuilding the schedule to fit this rule. Of course you can't jump from a dismal season of only four wins out of 18 games among the so-called "breeze" teams to a "big time" schedule in one year, but he's definitely on the right road.

After a beginning tilt with the Alumni on the 19th of November the cagers will journey up to Appleton, Wisconsin on the 24th to open the regular season with Lawrence college. Winners of 9 out of 17 during their 1946 campaign, the Vikings were victors over Illinois Tech twice.

Prior to the Loyola tournament, they will face the University of Chicago Maroons, and Chicago Teachers, both on the opponents home court.

Alumni Game

The initial home game will find Lake Forest invading Technology Center on the 10th of December. However, it should be noted that the students will not be able to see the team in action after the Alumni game on the 19th of Nov. until this December date with the Foresters. Common sense would then move all those interested to witness the Alumni contest.

Presented in conjunction with the Honor I Sports Smoker, this promises to be more than the "usual" Alumni game. Coach Bernard Weissman is prepared to send a team consisting of Jack Byrnes and Walt Futterer, Co-Captains in '42-'43, Ed Puchalski, Capt. in '43-'44, Ray Murphy, Capt. in '46-'47, and Jim Oldshue, center on last year's varsity squad.

Other games include a home and home exchange with George Williams college, Concordia, and the University of Illinois' Navy Pier branch.

Pigskin Prophets

Picking 12 winners out of a possible 12 games, J. H. Rohlf a Junior CE walked off with top honors in the contest for Nov. 1st. Other winners were C. Vesely, B. Cunningham, S. Doppelt, G. Bowman, M. Molitor, A. Suracki, G. Rauen, N. Toberman, E. Poole, F. Kolb, D. Felsenthal, and S. Shaeffer.

Rules:

1. Pick the winning team in the first 10 games, and the probable score in the remaining two.
2. First Prize, two tickets to the Chicago Bear-Pittsburgh Steeler football game.
3. Second Prize, 1 carton of Chesterfields, and 19 next entries, 5 packs apiece. As many entries as desired may be submitted.
4. All entries must be in the box by 5:00 p.m. Friday afternoon. Technology News staff members are ineligible.
5. In case of tie, insert "X" in both spaces.

Pigskin Prophets

Sports Personality Of The Week

By Ben Sutton

Ray Bulka, junior ME, is a spark-plug on the undefeated Junior Gremlins football team. To date he has scored 27 of his team's 39 points to help them in their drive to the top of the National league.

Raymond Bulka of 1945.

That fall he went out for the basketball team. He gave promise of developing into a fine player. In June of 1946, however, he had to quit school and go to work as a draftsman.

Ray returned to school this fall and hopes to participate in several phases of the new, comprehensive intramural program. He believes it is "the best athletic program that IIT has had, because it gives all students an opportunity to participate."

Ray is modest and unassuming to a fault. He is shy of the fair sex, and his plans for the future are centered around his desire to work with engines.

Trackmen Improve Time But Still Lose

The emphasis of the Techawk track team is on conditioning. Although they are mostly middle-distance runners, the spikemen are getting into excellent shape by competing in cross-country meets.

In their most recent venture into the realm of distance running, the Tech harrriers were downed 13 to 37 by a heavily favored Navy Pier team. Actually, the Scarlet and Grey led most of the way as it was not until the last 400 yards of the 2½ mile race that the Illinois men surged ahead of Jim Sauer, Coach McCauley was highly pleased with the times recorded by his team.

He is trying to arrange a meet with Elmhurst for next Saturday. If the Techawks continue to better their own records, they may defeat the Bluejays. At any rate, they will be well protected against the cold with their new hooded sweatshirts.

IM Swim Meet November 20

Gold Medals Will Be Awarded To Winners

An intramural swimming meet will be held November 20 at the Valentine Boys Club.

Ed Glancy, director of intramural athletics said that the meet would be open to anyone who hasn't won a letter in swimming at IIT. Gold medals will be awarded to first place winners and if the number of entries warrant it, silver medals will be given for second place.

The schedule of events will include the 40, 100 and 220 yard freestyle, the 40 yard backstroke, 40 yard breaststroke, and diving. The divers will have two required dives and two optional dives to perform. There will also be a four man 160 yard medley relay, and a 120 yard medley relay composed of a backstroke, a breaststroke, and a freestyle.

Swimmers will be limited to two events and a relay. The meet will be held on an individual basis and any group of students may make up their own relay team.

Anyone interested in swimming in the meet should turn in an application with their name and event or events they desire to swim. The applications must be turned in to Ed Glancy at the coaches office in the gymnasium or to Cliff Nelson at Technology News office not later than November 17.

John Ahern the swimming coach said that this meet offers an excellent opportunity for anyone wishing to swim on the varsity since most of the winners can be fairly well assured of a spot on the team for the coming season.

Soph Archs Tie First Place Gremlins

By Larry Shapiro

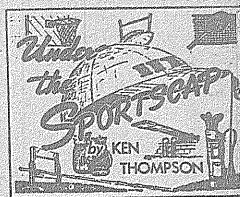

Touch football marched into its seminal week with the Senior Mechs, Junior Gremlins and Soph Archs still unbeaten. The Mechs are leading the American league while the Gremlins and Soph Archs are tied for first in the National league.

Last week the Soph Archs won twice, the Chem Eng. Grads, Rugsters, and Fresh Fire Protects once each.

The game of the week was a scoreless tie between the undefeated Gremlins and Soph Archs. It was a replay of the protested 7-0 Gremlin win last week with both clubs going at it "tooth and nail." Play was dominated by the Archs during the first half as they crossed the previously unblemished Gremlin goal for a score, only to find the pass received four yards out of the end zone. The Gremlins regained the upper-hand in the second period only to be stopped by penalties, lack of time, and the vicious Arch defense.

The Intramural Volleyball tournament will start on November 17 and the Techmen will be faced by several rugged female aggregations. The White Collar Girls have entered and a team of top-notchers will be chosen from the four teams

(Continued on page 5)

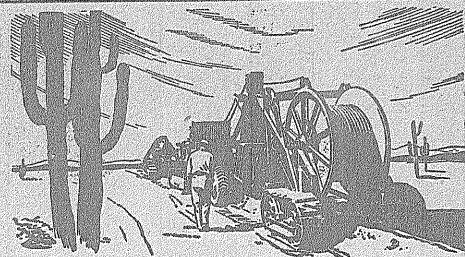

Ray Van Zelst, freshman class president and one of the more promising members of the freshman basketball team, was the victim of a rather serious accident last week. Several ligaments of his right leg were torn in an interfraternity football game last week. There is no school insurance to cover such events and unless Ray has personal insurance for it his team mates would do well to start a collection for the doctor bill.

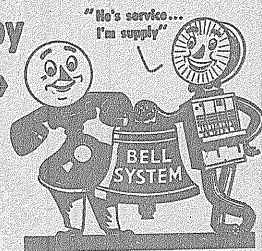

The matter of insurance is to be taken up at the next ITSAs meeting. If any student has some ideas on the subject let the ITSAs representatives know them.

The students taking gym can breathe easier, the concrete pillars have been padded.

Building new telephone lines for you takes well planned teamwork by these two »

Behind this giant plow train, burying a new transcontinental telephone cable, there's a story of typical teamwork by Western Electric in helping the Bell Telephone Companies to give you faster, even better service.

As the supply member of the Bell Telephone team, Western Electric is producing the coaxial cable which can carry 1800 telephone messages at once—can transmit television network programs, too. Complex machines—designed by Western Electric engineers—are turning out this cable mile after mile to keep the plow trains pushing forward on schedule.

Ever since 1882, Western Electric has been an integral part of Bell Telephone service—helping to make it the world's best at the lowest possible cost.
