

Swim season ends as Seals take dive

By Joe Rodgers

The waters of North Central once again proved to be a "Water-loo" for the Tech swimmers last Saturday as they were forced to sixth place in the first annual Midwest Invitational Swimming Championships. Captain Ray Klitzke fared little better in placing fourth in the fancy diving event. North Central edged Beloit to win with a total of 46 points to 44 for the runners-up.

Ted Erikson opened the scoring column for IIT with a third in the initial event, the 440 yard freestyle. A third by the medley team (composed of Earl Takata, Gerry Zichter and Ron Watson) and a second by Gerry Zichter in the 150 yard individual medley constituted the remainder of the scoring by the Seals in the high point bracket. The solo medley proved a heartbreaker as Zichter led to within ten yards of the finish only to be touched out by Koenitzer, the back stroke star of the hosts.

The diving contest, which promised to be a close fight from the start, left everyone gasping as Beyer of North Central proved himself top man by winning over such talented men as Moksnes of Beloit, Smiley of Wesleyan, Hegarty and Ackerman of Loyola, and our own Ray Klitzke.

The diving on the part of all was top form, with Moksnes and Klitzke apparently leading. Once again, however, Ackerman slipped through to beat the Seal's captain, with the Beloit ace taking second. Smiley placed fifth with Hegarty holding down the basement.

The Tech mermen thus closed the season with a dual meet record of 5-5 and a third and sixth in the two tournaments entered.

The loss of Captain Ray Klitzke will be sorely felt. Ray has been a stalwart of the team since his

freshman days. His fine sportsmanship as well as his diving ability has made him liked and respected by all who have competed with him or against him.

An Open Letter in Answer to the Question;

W. H. BROOKS

WHAT CAN BE DONE TO SAVE MY HAIR? . . .

This question has been asked by many college students who are suffering from dandruff, severe itch, and excessive falling hair. They realize that if future baldness were to occur it would not be pleasant and yet they feel powerless to do anything about it. We also are aware of this fact and as a result have made a thorough study of the college situation on this point.

Our survey has pointed out that most students are under a financial strain and as a result, must put off to the future anything that means incurring additional expense. Keeping this fact squarely in mind, we have devised a plan that is the answer to all your problems. Briefly outlined it is as follows:

Treatments given at a drastically cut rate . . .

No money down and no contracts to sign . . . you pay as you go. Satisfaction guaranteed or money refunded . . . This pledge accompanies each case that is accepted by our consultants. Dandruff, severe itch, and excessive falling hair can be corrected if caught in time. No one HAS to lose their hair.

This is your program college people, designed for you and no one else, so why not take advantage of it? You have everything to gain and nothing to lose. Interviews and consultation are absolutely free of charge.
