

WEATHER REPORT

Predictions from latest available steam tables is that the heat, now latent, will soon be on in Chicago.

Climatic analyses to date indicate that low fronts will appear at downtown center, with high visibility in upper regions. Wind flurries can be expected from the north, south, east, and west at 33rd and Ventura, with velocities skirting new level.

Slight precipitation scheduled for Chem lab and heavy snowing is expected in many classes. Varying temperatures are predicted with high heat in biology and conditions of frigidity in the psychology department.

High today: Reekin's Gin. Low tomorrow: Soothie's Ice Pack.

**TECHNOLOGY NEWS**

Foisted off on the unsuspecting public practically every Friday during the school year by the students of Illinois Institute of Technology, 3300 S. Federal, Chicago 16, Illinois. Entered as second class matter October 10, 1940, at the post office at Chicago, Illinois, under the Act of March 3, 1879. Misrepresented for national advertising by the National Advertising Service, Inc., 420 Madison Ave., New York 71, N. Y. Advertising rates furnished upon request. Senator McCartwheel today revealed additional names of alleged security risks in important posts. Named as subversive were Chief Investigator ED MICHELIC, Twenty-five Percenter BLANK PAGE, Guilty Associate JOHNNIE BEST, and Character Assassin JOHN SCANNELL. Also accused of being stooges of a furrin power are Public Prosecutor BERT COHN and Shyster Lawyer LARRY SHAPIRO, as well as Wire Tapper BOB GREEN and Fellow Traveler JOE BASS.

Punkin Inspector DAVE MILLER and Rumor Monger VINCE MARSOLAIS were also denounced, as was Super Snoop WALLY KAISER. Otherwise accused were a large number of stooges and stool pigeons, with promises of surprise witnesses later. Senator McCartwheel stated: "Not since I was elected has such a gigantic fraud been perpetuated on the American people. You haven't heard the last of this."

A rich man sent a call to a physician for a slight disorder. The physician felt his pulse and said, "Do you eat well?" "Yes," said the patient. "Do you sleep well?" "I do." "Then," said the physician, "I shall give you something to take away all that."

"How does your new-purchased horse answer?" said the late Duke of Cumberland to George Selwyn. "I really don't know," replied George, "for I have never asked him a question."

Dr. Rickter, taking the portrait of a lady, perceived that when he was working at her mouth she was trying to render it smaller by contracting her lips. "Do not trouble yourself so much, madam," exclaimed the painter; "If you wish, I will draw your face without any mouth at all."

The Bristol magistrates were under the duress of great riots scattered through the town. They argued that under the circumstances it was impossible that they could have been collected in one place.

Oh, You Kid!

A certain physician was so fond of administering medicine, that, seeing all the phials and pill boxes of his patient completely emptied, and ranged in order on the table, he said, "Ah, sir, it gives me pleasure to attend you, you deserve to be ill."

An overbearing barrister, endeavoring to brow-beat a witness, told him he could plainly see a rogue in his face. "I never knew 'til now," replied the witness, "that my face was a looking glass."

A bachelor is a fellow who never fails to embrace his opportunities freely—and wants to continue to do so.

Two women were discussing a family which had recently moved into their neighborhood. One mentioned that the new arrivals had 12 children.

"My heavens," spoke the other, "that man sure must love children, or something."

If one and one are two
And one and one do marry,
How is it in a year or less
There's two and one to carry?

Overheard in the dark: "Hands off, Columbus, you've discovered enough for one night."

Girls who wear sweaters
The whole year through
Itch to get married
But never do.

That baby is a determined little infant, isn't he?" "He'll have his bottle or bust."

"What kind of dress did she wear to the party last night?"
"I can't remember. I think it was checked."

"Wow! That must have been some party!"

Techawk: "There's a certain reason why I love you."
Girl: "My goodness!"

Techawk: "Don't be ridiculous."

"I'm losing my punch," said the young lady as she hastily left the cocktail party.

MINOR MORSELS

Thaddeus Yschlpmkwitz, general promoter of the Smooth Shaftings acting group, has issued a warning to all those foolish enough to buy tickets for this year's show: "Be prepared to put up with the dullest, corniest and lousiest play this campus has ever seen! I shrink to think about it."

In an exclusive interview, Mr. Yschlpmkwitz went on to explain: "Originally, the plot was written to appeal to IIT students; that is, 100 per cent sex. But when school officials heard of this they made us cut it down to 99 per cent. As you know, the acoustics of the NSU auditorium are out of this world, and there's where they belong! There isn't enough lighting and stage equipment to do justice to even a Rialto review."

"But don't take my word for it. See for yourself just how crummy things can get. Crash, beg or bribe your way in—you'll appreciate the sleep. Remember, the show must go on—we need the money."

Fred W. Anheuser, factory superintendent of the Anheuser-Busch shoe company, will deliver a spiel to the local chapter of the Society for the Advancement of Morons at 1 p.m. in 131MC. Water Colder, SAM veep, announced the meeting somewhat ruefully. "Our organization is dedicated to movies and brewery trips. We got tricked into this," Colder explained that he had intended to get the brewmaster of the Nunn-Bush brewery.

Irrationalities of men studied by new maze

By Puss N. Boots

Dr. Tom Felix of our psychology department, who is world renowned for his experiments with paraplegic homo sapiens, has just begun work on a new complex homo maze. This maze will be used to determine the magnitude of neurosis of the homos and to what degree they can be controlled.

"Homo sapiens are used because of the similarity of their nervous system to that of a cat's," Dr. Felix said. He believes that if he can operate on the large growth on the front of the brain of the homos, they will possibly begin to rationalize as do all felines.

The homo's irrationality was demonstrated by the fact that Dykman, Dr. Felix' pet, upon finishing the maze attempted to attack our photographer.

Twins find grade racket a breeze

LEFT WITH THE SHORT END of the stick, Dick Dubbleman (at left) looks glum as he loses "grabs" to attend frosh health lecture.

When I entered "Tech-ed" ten years ago there was a certain pair of promoting twins. They signed up for one curriculum since they were promoters and not jerks. Jack would take all the obvious and intuitive courses while Richard took all the courses in which one may easily get "D's"—if he kills himself. Dick naturally was a student leader, holding elective offices and a top position on publications.

They had a wonderful record; they got out in four years! Of course they were perfectly balanced in their personalities. Jack had a part-time job while being a full time student in order to make the necessary half million that would see the boys through after they got out of the Institution. Dick spent the money in attempting to keep sane, by leading a mild social life, and doing a lot of promoting with small returns.

I remember well the day they got their diploma. They were the only normal ones in the whole sex-crazed, jabbering graduating class.

Then they got jobs, using duplicate copies of the same transcript. By putting forth combined efforts, they surmounted all obstacles. Six years later they were earning the engineers pay of \$27 monthly as kybo experts.

Last I heard, they were married. Wonder who the girl is?

Rape on Ogden field!

Rape will soon be raging on Ogden field, according to an announcement by Begur Pardon, Superintendent of Piddlings and Coffee Grounds. "We are sowing rape on Ogden Field," Pardon declared. "Already our tractors have harrowed the field, and the seeds are to be planted immediately."

Rape was selected in preference to lespedeza or some other similar plant, Pardon explained, because it grows profusely with a minimum of attention. "It will keep the dust down, and we may later be able to fence in the field and raise some hogs or sheep on it," Pardon observed.

IVAS seeks converts from nudists' camp

Members of the IIT chapter of the Inter-Variety Agnosticists Society met Tuesday for the first time to discuss plans for an active program of debates this semester.

Franz Joseph Murphy, club president, gave a talk entitled, "Why Do Bibles Always Have Black Covers?" After the meeting, the members made a tour of a nearby nudist camp, seeking converts among those who will not have the wool pulled over their eyes.

Lectures planned for future meetings this semester include such topics as, "Is Christianity Incredible?" "Can God Believe in the Scientist?", "Is God Made in Man's Image?", and "Is the Bible Historical Fiction or a Tribal Handbook?"

The IVAS also has plans for the presentation of movies for the pleasure of all Techawks. One new film to be shown at the next meeting is entitled, "Going my Way, Nowhere." All students, regardless of lack of race, religion, or political convictions, are invited to attend," said I. B. Natas, secretary.

Fried pros add gaiety to JW-OH

Junior Week-Open House started off with a bang this year—a bang heard around the campus broadcasting system. The moron of the year, a certain poor-loser campus leader, white baron, with a red nose and features to match, was to christen the Tombstone with a bottle of flat beer but missed the mark, splattering stale beer over both the MC and the Woman of the Year. She, in turn, called him a lousy DOS (Dean of Students) and slugged him with her coronation gift, *The Kinsey Report from a Woman's Viewpoint*.

One of the lighter features planned is the faculty roast sponsored by the EEs (Emancipated Engineers), who will exhibit an electric chair, in which the department's instructors will fry to a golden brown. This exhibit, of course, will run only as long as the supply of instructors lasts.

By popular demand the first to mount the platform will be Dr. T. B. Dozen, best-loved by students for his timely exam scheduling. ("The test will be at one a. m. Sunday, kiddies; that way there will surely be no conflicts.") His family life was recently revealed in the best-seller, "Cheaper by the Gross."

Agriculture upset by TN cliché list

Prize clichés collected from past dance stories and club meeting announcements were released today by Technology News editors. For purposes of illustration they are combined into a single article in italics.

Everybody is welcome to the biggest event of the season. A dynamic speaker will give an interesting talk; presenting something different to the audience. This unusual event should be attended by all students, Dean Dealins says.

Commenting on the nature of the clichés, Editor Fred Michigan stated, "Unless we get some new ones, we will have to plant potatoes in March."
