

*"All those people in the suburbs just realized what they left behind. Now they want to get our black bodies off the lakefront.*

*Well, there happen to be people in this community who don't want to move to Gage Park, to Winnetka.*

*KOCO is preparing an alternative plan to the City's. KOCO is preparing a plan for the people here now — not for the rich people who want to move in.*

*We need warm bodies. We need people from this community to help us in preparing these plans."*

*... Reverend Herbert Eaton*
