**LEAD  
EVERYWHERE.**

Compact construction unequalled.

Without a rival for Largest Pictures for size of Instrument.

18 Backed Glass Plates or 50 Backed Cut Films can be carried in the Camera and exposed without reloading.

12 Metal Combination plate or cut film holders FREE with each instrument, but not required with VIVE patent backed non-halation plates and films.

Our new \$10 VIVE for 4x5 plates or cut films has all advantages named above, and, in addition, is fitted with our Patent Lens Cap and 3 Diaphragms, and is the only hand Camera having a focusing magazine.

Every VIVE is fully guaranteed to take as good pictures as sample picture mailed.

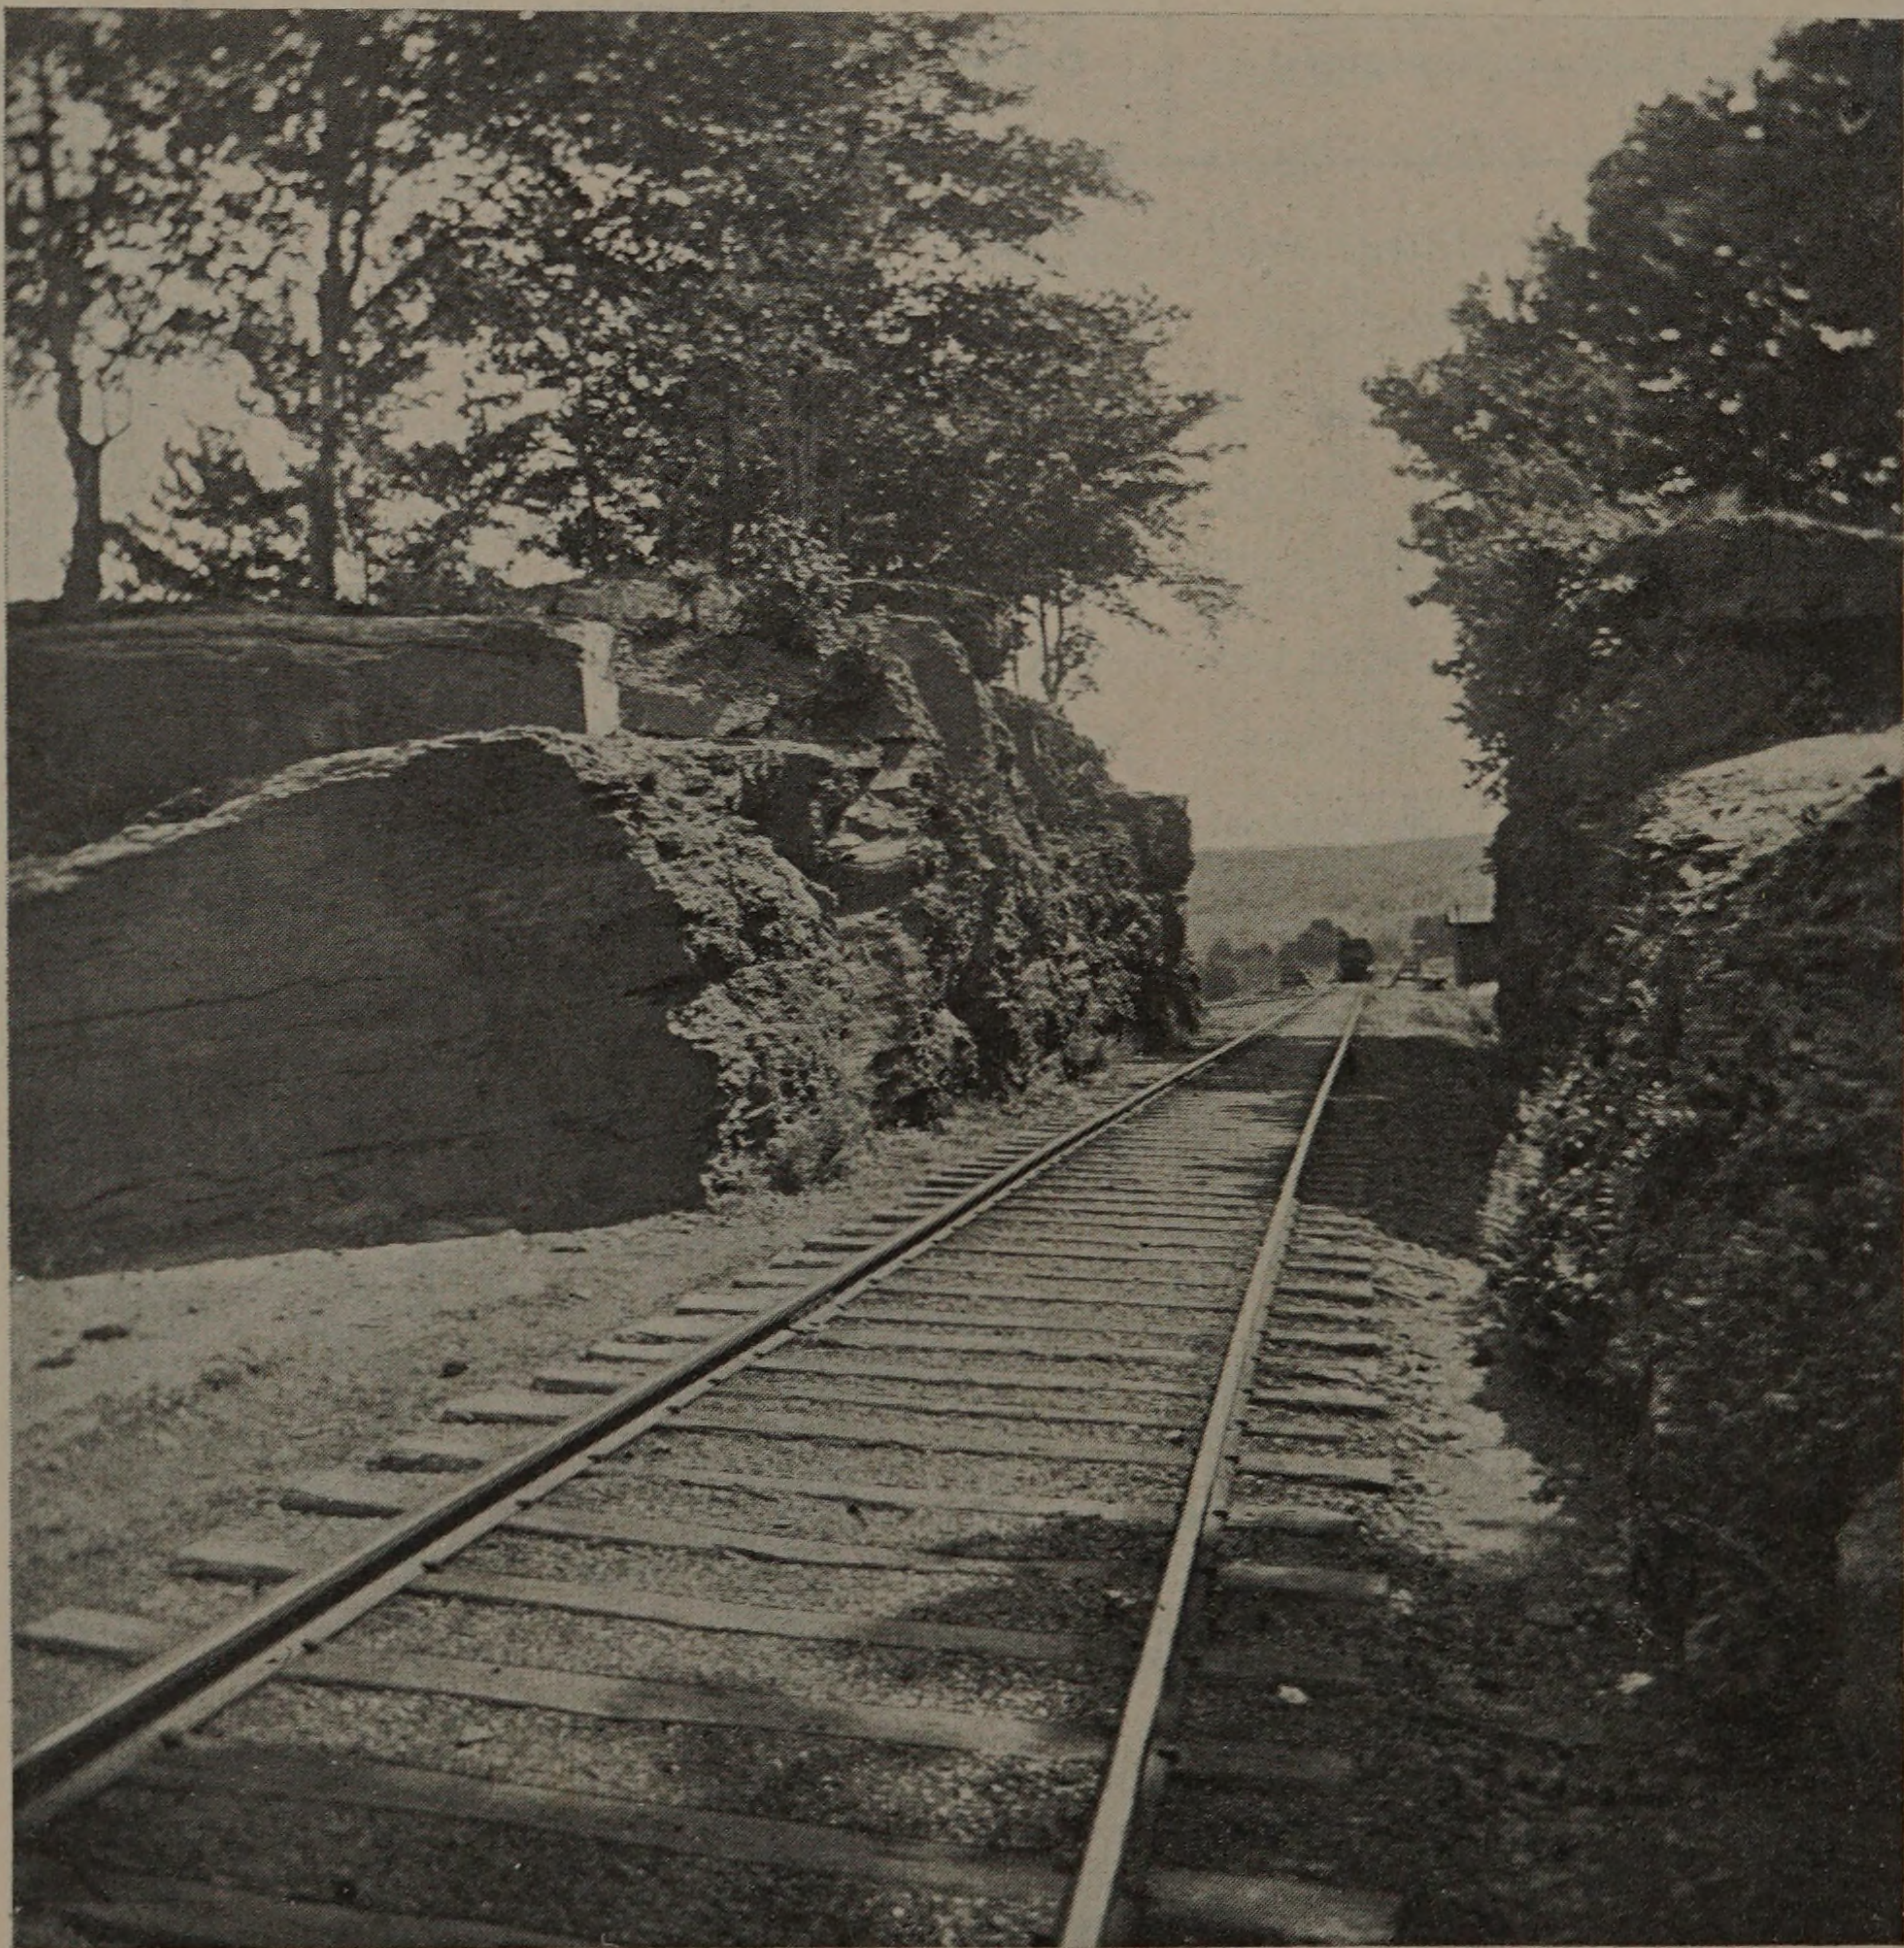

Before buying any other, send 2c for our illustrated Art Catalogue, or 3c extra for embossed mounted photographs.
