

Freshmen, defeated '05. Next year, in all probability, the Freshmen class will win again, for it would not do for '06 to cast to the winds a precedent of two years standing.

Worthy Seniors and lazy Juniors assembled to see the 1902 game with a few, alas! a very few of our lost co-eds, and the rest of the audience was a howling, fighting mob of Freshies and Sophs.

It is hard to remember much of the game, for the side-show took up half of a spectator's time. The Freshmen were *it*, however. They owned the big flag pole, from which their banner floated jauntily, held aloft by a box kite; they presided over the score-board, which was a work of art; they yelled and howled and kept things moving. The only thing they didn't do was to keep the Sophs. from burning '06 in effigy. And then they won the game, to finish with, as good Freshmen should.
