The aim of this association is to bring the graduates of Armour Institute of Technology into close touch with each other and to promote the welfare of the institute in any way within its power. An alumni association may render great assistance to the officials of the institute, not only in advising as to what studies should or should not be included in the curriculum, but also in assisting younger graduates to positions.

The Alumni Association is composed of three classes, active members, or those who are graduates of the technical college, associate members, or those who have completed at least two years work in the technical college, and honorary members, or those to whom the association sees fit to extend honorary membership. The members of the technical college faculty have also been admitted to associate membership.

A branch organization with a membership of fifteen, has been formed in Pittsburg, the officers of which are:

J. R. SLOAN, President
DEAN HARVEY, Secretary and Treasurer
E. F. NELSON, Master of Ceremonies

Two banquets and business meetings are held each year by the main branch, one in June, and one in December, and the officers are elected annually. At the meeting of December 22nd, 1906, an official pin of the Alumni Association was adopted. A cut of the pin appears on this page. The background is black enamel, the lettering is in gold, and the class of the owner is shown by the numerals thereon. Associate members are distinguished by the absence of the class numeral. At this meeting the Fulcrum was accepted as being the official organ of the association. A department is set aside for alumni notes. The initiation fees of the association and annual dues were each raised to one dollar.

Preceding the last business meeting, addresses were delivered by Dr. Gunsaulus, Deans Monin and Raymond, and Mr. E. V. Starkweather. The attendance at this meeting was 101, which is about one third of the total membership.
