

Fall Interclass Games

The fall baseball series aroused a great deal of interest among the students and was won by 1908, due chiefly to the fine pitching of Trinkaus.

On the same day that '07 defeated '10, '08 defeated the all star team of '09. On the latter team were four Tech men and two old academy men but they were unable to hit Trinkaus, who was in fine shape for this game.

The most important game of the series was played October 20, '06, between 1908 and 1907, for the class championship of the institute. The game was close, '07 being in the lead until the ninth inning when the first two men up received free transportation, Smith with a sacrifice advanced them one, and then Harger hit the ball into the west bleachers for a two bagger scoring two men and winning the championship.

The line up for this game was :
