The aim of this association is to bring the graduates of Armour Institute of Technology into close touch with each other and to promote the welfare of the institute in any way within its power. An alumni association may render great assistance to the officials of the institute, not only in advising as to what studies should or should not be included in the curriculum, but also in assisting younger graduates to positions.

The Alumni Association is composed of three classes, active members, or those who are graduates of the technical college, associate members, or those who have completed at least two years' work in the technical college, and honorary members, or those to whom the association sees fit to extend honorary membership. The members of the technical college faculty have also been admitted to associate membership. There is a branch organization in Pittsburg.

Two banquets and business meetings are held annually, one in June and one in December. Each banquet last year was well attended. At the first one on June 8, at the Chicago Beach Hotel, the graduating members of the class of 1907 were admitted to membership. The cut at the top of the page shows the pin which all alumni of the institute should wear. Its background is of black enamel with gold letters. The Fulcrum is the official organ of the association. A pamphlet containing a list of the names and addresses of alumni is published each year and distributed to them.
