

## Now Supposing

You'd chased every "Prof." in school for his picture--or to go to the studio and have one made; and you'd got 'em all—but one. And then you'd asked that one, every day, to go to the photographer and have "his made" and he didn't do it. And then you'd gone to the Deans, and got them on his trail, and then he took a pair of shears and cut this mite from a postal card; would'nt it make you mad?

### "Doc" Campbell's Problem

Let a=baby's cerebral capacity  
 " b=the Doc's intellectual capacity  
 " x=baby's future career  
 It is required to find "x."

### Overheard in the Lunch Room

Nervous man, (evidently in a hurry)  
 "Where can I find Mr. Larson?  
 Accommodating Stude, (destroying some of the Captain's beans) Why I think he went over to the Greek's on State street for his lunch.
