

## THE · 1910 · INTEGRAL

A board of Trustees was organized, consisting of the following:—Mr. Philip D. Armour, Mr. J. Ogden Armour, Mr. William J. Campbell, Mr. Philip D. Armour, Jr. and Mr. John C. Black. A charter was obtained from the state government and in 1892 the present “main building” was erected. The first classes were organized in 1893.

Dr. Gunsaulus, President, was assisted by a small, very efficient faculty, of which Prof. L. C. Moline, Miss Carrie Wright, Mrs. Julia A. Beveridge, Mr. John E. Snow, Prof. L. C. Moin, Miss Carrie Wright, Mrs. Julia A. Beveridge, Mr. John E. Snow, and Mr. Edward D. Agle are associated with the Institute. At the time of its founda-

tion the Institution comprised the Armour Scientific Academy and the Technical College, as at present, and also Departments of Domestic Arts, Commerce, Music, and Kindergarten Normal Training.

The courses included in the Technical College were:—Mechanical and Electrical Engineering, Chemistry, Architecture, and Library Science. Between 1896 and 1901, the courses in Domestic Arts, Commerce and Music were dropped one by one to meet the ever increasing demand for young men trained in applied science. In 1901 co-education in the Academy was given up, so that the instruction is limited to young men. All the engineering courses have strengthened from year to year. Departments of Chemical Engineering and Fire Protection Engineering have been added to the other engineering departments.

Since 1902, Evening Classes and Summer Courses have been offered and much good has been derived from these.

An additional building known as Machinery Hall was erected in 1902, Mrs. P. D. Armour having donated the building, while Mr. J. Ogden Armour bore the ex-

*“A pound of pluck is worth a pound of luck.”*
