Thesis Subject: Two Hinged Spandrel Braced Steel Arch.

Tau Beta Pi.

Radical X.

Civil Society.

President Chapin Club (4).

Board of Athletic Control (3), (4).

College Track Team (1).

Kellner has been a "name to conjure with" for the last five years around "Armour Scollege,"—two world-famed brothers of that name, Walter and Otto, have forever endeared themselves to all who hail the name Armour as their Alma Mater. Otto began his illustrious career together with his brother and the others of that matchless gang of Roughnecks, the 1910 Civils, but owing to the fact that he spent a semester elsewhere he has been able to become one of us.

Otto is a German from the "Nord Seite," where so many of our Civils hail from. Daily he takes great delight in a perilous journey over the "Through Route 22" line to and from his place of toil (?x—!). He is a great favorite among the Civils and besides is some splash around the school, as already stated.

In athletics the lithe Mr. Kellner has been a dominating factor, not only in track work, but also as a member of the Board of Athletic Control. The Kellner family has been represented on the Board for three consecutive seasons, Otto having been a member two years.

As a drawing card at the dramatic enterprises pushed by Armour interests Otto has earned undying fame. During the course of the Musical Bun, the Junior Play of 1909, Kellner's original parodies "What D'ye Think O' That?" sung in an inimitable manner made an indelible impression on our young minds.

Otto's great popularity was further proven by his election as President of Chapin Club this year. Among his other marks for distinction we can mention his election to Tau Beta Pi and the Radical X.

Kellner is the idol of the Civils, and can have about anything which he wants from them. His vein of humor is inexhaustible, and his general all around ability stamp him as one of the fellows who are really worth while.

"An Ounce of a Man's Own Wit is Worth a Ton of Other People's."
