

THE CLASSES

B. S. in C. E.

WALTER MAX EHRLICH

Proposed Hydro-Electrical Development on the Columbia River at the Dalles, Oregon.

Born December 22, 1892, at Denver, Colorado.

Lake High School, Chicago, '10.

Omega Lambda; Tau Beta Pi.; A. C. E. S. Chairman; Pin Committee.

Walter is quite an efficient chap; always ready for whatever comes up, be it work or play. His good nature and unfailing spirit have won him many friends. The same or other qualities seem to appeal to the ladies, for his acquaintance is very wide.

MEYER S. WILLENS

Design of Mechanical Filtration Plant for Waukegan, Wisconsin.

Born January 22, 1893, at Chicago, Illinois.

Medill High School, Chicago, '08.

A. C. E. S.; Y. M. C. A.

Willens is always ready to lend a willing ear to questions and dispense accurate information. He is another of the working through college kind and an excellent student withal.

HERBERT EGAN JEDAMSKE

Street Pavement for Rushville, Illinois.

Born October 30, 1891, at Chicago, Illinois.

Tuley High School, Chicago, '10.

Tau Beta Pi; Y. M. C. A.; Class Secretary, '12-'14.

Herbert is most accurately described by frequent use of the words, highest and best. His record in scholarship is of the highest and his work as a draughtsman is of the best of the class and will be hard to surpass. As a man, "Jeddy" has plenty of good fellowship and grit and is very well liked by all. "Jeddy" is also about the best fusser and dancer in the class.

STEPHEN PILLSBURY WALKER

Design of a Sewage Plant for Waukegan, Wisconsin.

Born March 19, 1891, at Milwaukee, Wisconsin.

Sioux Falls High School, '10.

Phi Kappa Sigma; Tau Beta Pi; A. C. E. S.; Y. M. C. A.; Class Treasurer, '12-'14.

Steve was originally noted as a good student only, but at the summer camp he surprised everyone by calmly appropriating the only girl in the country. That he has since increased his efficiency along this line without impairing his grades shows his metal.

JOHN C. VESELY

Design of Water Power Installation at Duck Creek Chain of the Rock Island Rapids of the Mississippi River.

Born November 5, 1891, at Chicago, Illinois.

John Marshall High School, Chicago, '09.

A. C. E. S.; Y. M. C. A.

Vesely is so quiet that one hardly knows he is present, but it is from habit rather than lack of something to say, for he is one of the best, hard working, efficient men in the class.
