

THE CLASSES

B. S. in Ch.¹E.

HARRIS PERLSTEIN

Heat Treatment of Certain Alloy Tool Steels.

Born August 18, 1892, at New York City, New York.
North Division High School, Chicago, '09.

Beta Phi; Sphinx, President, '14; A. Ch. E. S.; Y. M. C. A.; Organizer and First President A. R. A.; Fulcrum Rep., '12; Editor-in-Chief, '13; Associate Business Manager, CYCLE, '13; Senior Representative, '14; Director Tech Circus, '13.

Occasionally one finds a man, who, combining work and pleasure is a star of the first magnitude in all; such is Harris. Organizer of some, leader of many, and a good pusher in all doings of the Tech.; these show his caliber and versatility.

J. ALBERT WHITTINGTON

Technical Utilization of the Solids of Skim Milk.

Born April 7, 1883, at Benton, Illinois.

Armour Scientific Academy, '10.

A. Ch. E. S.

"Whit" achieved fame by walking off with the ten dollar prize awarded to the most orderly "chem." lab. worker last year. The chemicals have come to respect and like Whittington for his efficiency and frankness.

TOLY AGAZIM

Efficiency of Heat Transmission in a Vacuum Evaporator.

Born September 1, 1892, at Chicago, Illinois.

Tuley High School, Chicago, '10.

Beta Phi; A. Ch. E. S.; Y. M. C. A.; Fulcrum Staff, '13.

Despite being a Math and Chemistry shark and all around A-1 student, Toly is modest. He has already "made good" on difficult work and belongs to the list of those who have won the respect of their classmates.

ISADORE ROBERT WISHNICK

New Method for Determination of Total Fats in Soaps.

Born April 5, 1892, at Chicago, Illinois.

Tuley High School, Chicago, '10.

A. Ch. E. S.

That Wishnick knows how to overcome obstacles is demonstrated by the fact that he has earned his degree in spite of many of them. He should make good on grit and ability.

JOSEPH ZAVERTNIK, JR.

Utilization of Sunflower Stalks in Paper Manufacture.

Born August 13, 1892, at Laiback, Carniola, Austria.

Reaf-Schule, Laiback; Tuley High School, Chicago, '10.

A. Ch. E. S.; Vice President.

"Joe" is a good worker. He hustled himself into a real "job" at the end of March and tells us he likes it.

He is also quite a politician.
