

THE CLASSES

B. S. in A.

CASRIEL HALPERIN

A Synagogue in a Large City.

Born April 29, 1890, at Kiev, Russia.

Joseph Medill High School, Chicago, '06.

Winner of the Home Traveling Scholarship, '13. Inventor of the Halperinesque style of architecture, sometimes known as the Rococo d'Ecole de Paradise Halle. Delights in coming in as a dark horse with the winning design.

ROSCOE H. ZOOK

A Group of College Buildings.

Born May 21, 1892, at Valparaiso, Indiana.

Ft. Wayne High School, '10.

Omega Lambda; Atelier; Alpha Delta Tau; Third Marshall Junior Week, '13; Chairman Social Committee, '12-'13; Treasurer Class Atelier, '10-'14; Track, '11-'12.

"Chubby" is a great entertainer, famous for his song, "ri-di-de." He is so swift a worker that he always finishes problems a week before due, and usually finds time to turn out a couple of posters a week. He is quite the freehand shark of the senior room.

B. S. in F. P. E.

WALTER CHARLES GIELOW

Tests of Extinguishers for Automobile Fires.

Born January 29, 1888, at Manitowoc, Wis.

Manitowoc High School, '10

Fire Protection Engineering Society, (President.)

To Gielow accrues the distinction of being the first President of the Fire Protection Engineering Society.

He has always exhibited keen interest in his chosen work.

EMIL J. HEPP

Tests of Extinguishers for Automobile Fires.

Born September 19, 1892, at Chicago, Illinois.

Lewis Institute, '10.

Fire Protection Engineering Society.

The responsibility of upholding a full half of the honor of '14's fire protection class has rested easily on Hepp's shoulders. He announces his intention to make good, and we believe he will.

B. S. in I. A.

ALBERT G. BAUERSFELD

Teaching experiences accepted as thesis.

Born August 1, 1880, at Pomeroy, Ohio.

Chicago English High and Manual Training School, '90;

Chicago Teachers College, '00.

Albert was the chairman of the Industrial Arts organization and was the one who petitioned the Institute to inaugurate the Industrial Arts course at Armour. Although we have not seen much of Albert, we have learned that he is exceedingly interested in vocational education, and is prominent in many state and local educational associations.
