

## The Class of 1917

To Editor of Cycle which are not photygraft of alternating currants but two dollar annually publication.

I are bequested by hon. fellow stewdents to negate history of hon No. 17 fleshman class. This honor fill me with salmon like explession and I reply blushingly "I are receptacle of thank you kindlee feelings and dissolve to emaciate office with much sufficiency." After Hon. Jennings Bryan speech I sit down on much applause.

When class meeting are over I hasten to hon. registars office and discount I longly due laundry bill for paper and pencil and jocularly and with editor in chief expression I evaporate home. Hourly I wreck brain collecting news for paper and finely produce poetic acccunt.

In bisection of September much scholars select Armour Institoot as alma maters and with Carnaygee explession embellish hon. school with long green and soonly are unrolled in study hours (hon. Ed. study hours are muchly desirable at Armour). Nextly important object of editorial attention are fleshmen class meeting which I will promptly disgust (hon. linetype please to put all titles in rough face type).

### FLESHMAN CLASS MEETING.

Hon. fleshies hold meating for collection of officers on end day of September 1258—Hon. D. Raymond are introjuiced by Senior who give welcomish address and "pleased to meetcha" talk and are followed by hon. D. Monin who in whiskerous attitude dissipate on dooties of hon. fleshmen and give pat on back sermon and tell us we are most intellectual giants in captivity, which I receive blushingly for I expectorate he are refurring to me. After spasms of elegance hon. D's decompose to office and leave fleshies to mind own business. Mr. Haake pronounce first office to be satiated are secretary. Owing to excess of candydates two percipitates are necessary and Mr. Andre being heavy weight sink to bottom where he settles in hon. secretarys chair. (Ed. for benefit of unchemical engineers I wish to state I cunningly use chemical slang). Mr. Andre however are reversible reaction and double decompositions. Hon. Haake for plesident. By principle of mass action Hon. Haake are filtered out from rest of candy dates and placed at head of fleshmen as unknown I. Afterwards analysis shows Hon. Haake composed of much pepper. After allowing ppt. to stand one minute he are requested for speech and corrodes as following which are favorite election talk "Fellas I didnt expect office but since it are thrust upon me I wish to express much obliged feelings and with your help we will show up the sophs (hon. Ed. it seem to place hon. sophs on exhibition are chief aim of hon. "not stales" (this are sinonym for "fresh" which I coagulate are very eggese-lent but some hon profs. think "never before employed" are more appropriate for "fresh"). Mr. Wall Brick are next elected assistant to plesident which are necessary precautions for hon. sophs tell us plesident are sometimes missing after hon. class hurry, so I dissolve to unattend hon. hurry because might I be taken for hon. plesident (this taken have double meaning, hon. ink slinger). Position of hon.
