

The annual Tennis Tournament of the school this year was one of the most hotly contested ever held. Carver had the job of managing it and "Bugs" was able. The matches were run on schedule and the numerous array of players dwindled down to Carver, Porges, Prof. McMullen and Arenberg. Carver defeated Porges in the semi-finals and Arenberg defeated McMullen. On account of heavy work towards the end of the tournament, Carver could not play and so the medal went to Arenberg.
