

H U M O R

*This Was Before He Lost It.*

Mr. Alling (Calling on Gus Heritage)—This gentleman here, with the pompadour.

Class (in chorus)—And the mustache!

*In Business Law.*

Mr. Alling—Who was king of England in 1676?

Oley—Queen Elizabeth.

The fellows who do their drawing near him say that Borroughs is well named; they pronounce it b-o-r-r-o-w-s.

*Jim Shattuck's Waterloo*

Oh, he'd hurl the dictionary promiscus thru the air,  
And he'd jab statistics inter ye from almost everywhere,  
And ol' Erastus Beebe  
Said he et a cyclopedy  
Ev'ry mornin' 'ith his breakfast; an' I b'lieve he did, I swear.

An' in knowledge o' the scripture he could lay the parson flat  
'Bout Melchizidek an' Moses, Jonah an' Jehosaphat.  
An' you couldn't find his ekil  
In Leviticus or 'Zekil;  
He kep' all the law an' prophets packed away beneath his hat.

He'd kote Congressional reports jest like his A, B, C;  
An' of all the laws an' statoots he possesses a full idee;  
An' he'd argify on science  
'ith all the intellectual giants,  
An' he'd run them from their burrows, an' he'd chase 'em up a tree.
