INTER-CLASS BASKETBALL

Coach Schommer instituted a new scheme this year in the inter-class basketball series. Instead of playing only three games, as was the custom heretofore, a regular schedule of eighteen games was played, each class playing three games with each of the other classes. At the end of the series the team with highest percentage of wins was declared the champion. In this way Coach Schommer was able to get a line on all of his men, especially the Freshmen.

The Seniors won the championship, repeating their performances of the last two years—losing only one game. Their only defeat came at the hands of the Juniors, a team that failed to get along until late in the series. The pace the Juniors were traveling at the finish would no doubt have landed them the pennant, but losing their first four games, they were practically eliminated.

The series started November 2nd, and lasted three weeks, six games being played each week. The following is the schedule and results of the games.

INTER-CLASS TRACK MEET

The annual fall Inter-class Track Meet was one of the most successful held in years, as a lot of spirit was shown, and the competition was keen in every event. The Senior and Juniors fought nip and tuck until near the end, when the former came through very strongly in the field events and nosed out the lower classmen.

One of the main objects of this event is to enable the coach to get a line on the new material that has just entered school, thereby saving much time in the spring. Among the new prospects that made good showings are Mendius in the high hurdles, Chase in the dashes, Sullivan in the high jump, and Botts in the broad jump and weights. It is hoped that more will show up during the spring tryouts, for we need every available man if we expect to make a good showing in the conference this year.

The score:

Seniors	45
Juniors	31½
Sophomores	16½
Freshmen	24
