

## For the Better Class of Cement Work

FOR almost twenty years CHICAGO-AA Portland Cement has been used in work of all kinds and it has given satisfaction — always.

CHICAGO-AA is a prime favorite in the better class of concrete work, where bright, uniform color, as well as high quality, is demanded.

Our latest publication, PARK PERMANENCE, is now ready for distribution. It describes by word and picture the extensive concrete work now being done in Grant Park, Chicago. This book is free to architects, contractors and others who are interested in the better class of cement work.
