## AMERICAN ASSOCIATION OF ENGINEERS

National Co-Operative Business Organization

### FOR ALL TECHNICAL ENGINEERS

**OUR OBJECTS:** To raise the Standard of Ethics of the Engineering Profession and to Promote the Economic and Social Welfare of Engineers:

- 1st. By affording means for the interchange of information.
- 2nd. By maintaining a Service Clearing House.
- 3rd. By affording patent and legal advice in matters of common interest to Engineers.
- 4th. By supervision of legislation and to Encourage Engineers in useful activity in public affairs.
- 5th. By proper publicity of Engineering in the language of the layman.
- 6th. By creating a brotherly spirit among Engineers.

If you are qualified to give efficient service in any branch of the great field of Engineering (civil, mechanical, electrical, chemical, mining, architectural, etc.) you should in obligation to yourself and your profession, join this welfare organization NOW!
