

GEORGE C. KUMBERA

Born June 2, 1898, Kewanee Co., Wis.
Algoma High School, Algoma, Wis.

"Design of a Sand and Gravel Washing Plant."

B. Φ.; H. K. N.; W. S. E., A. I. E. E.

George, better known as "Swede," is one of Armour Institute's best known and most efficient "fussers." One of the easiest ways to get a girl for a dance is to ask "Swede." His favorite expression is "Gimme a light." Otherwise he is a real fellow, and if he doesn't make a railroad president in a few years we will have missed our guess.

WILLIAM K. LYON, JR.

Born June 20, 1900; Chicago, Ill.
Wendeil Phillips High School.

"Design and Construction of the Amburson Dam."

Δ. T. Δ.; W. S. E., 1919 and 1920; Secretary W. S. E., 1920; Junior Play, 1920; Chairman Social Committee, '21; Senior Picture Committee, '21; Championship Inter-class Basketball Team, '20; Interclass Baseball, '17, '19, '20; Interclass Basketball, '19, '20, '21.

"Bill" certainly did come down the home stretch at a fast clip. He finished up his work in grand style and still found time to arrange for the Senior Class Dance. He has a pleasing personality hence his many friends. If "Bill" should not succeed as a C. E. (tho we feel he will), he could resort to his friends or run dances.
