

HERBERT A. MANN

Born June 8, 1899, Chicago, Ill.  
Lane Technical High School.

"A History of the Development of the  
Suspension Bridge Cable."

W. S. E.

Here is a real Armour student and more, he is all that his name implies, a real man through and through. He has always been willing to help his fellow students.

EUGENE M. MATSON

Born October 12, 1896, Chicago, Ill.  
Lake View High School.

"Adaptibility of Reinforced Concrete  
Oil Storage, and Design of a Rein-  
forced Concrete Oil Storage Tank."

Φ. K. Σ.; Class Treasurer, 1916-17.

"Matty" is one of those clean cut men that makes one feel sure that he will accomplish things. In fact he has. His activities in class affairs leave no doubt of his future success. At summer camp we believe he had something to do with a controversy between a worthy senior and a skunk. He is a great traveller; in fact we all have an idea why he goes from Ravenswood to Normal Park every Thursday night. He is also inventor of the expression "Gimme a match."
