The dance that was to have been given April 1921, at the La Salle Hotel in the Red Room, was indefinitely postponed, because of the death of Doctor F. W. Gunsaulus. All student activities were postponed and the school was in a state of mourning for three weeks out of respect for his memory.

Judging from the preparations that were made for this dance it would have been a corker. Next year, however, the class will have a chance to show its metal.
