RUSSEL OWEN MILES

Born July 13, 1900, Wyanet, Ill.

Electrical Engineering.

Miles is the prize comedian of the E. E. department. With his bogus sleight-of-hand and mind reading performances, together with an ever ready supply of humor, he served to brighten many a dark day. His usual occupation is keeping track of "Ham and Gravy."

EUGENE BERNARD MUESER

Born Aug. 24, 1900, Elmhurst, Ill.

Elgin High School, and Lane Technical High School.

Electrical Engineering.

Tau Beta Pi; Eta Kappa Nu; A. I. E. E.; Armour Radio Association; Treasurer, A. I. E. E.; Senior Indoor B. B.; Senior Basketball; Anti-Shifters.

Mueser enjoys the doubtful honor of never having his surname pronounced the same way by any two professors. Not being satisfied with having A. C. problems to work, reading every magazine in the library, collecting A. I. E. E. dues, exchanging love-pats with Kelley, etc., he improved his spare time by taking a course in Spanish in the evening. Due perhaps to his experiences in the S. N. T. C. and in a two weeks' cruise aboard the U. S. S. Wilmette, Mueser's usual flow of lingo ends up with the statement, "Bellum est Hades."
