Scroll & Triangle; W. S. E.; Y.M.C.A.
President W. S. E., 1921.

Benjamin is one of our "hard working" civils that found time to be president of the W. S. E. By the way, he showed us all "up" in Higher Structures. We know that he will be chief engineer for the South Park Board, starting this June 1st. Sometime in the future when you wish information in regard to bringing up children, see Benj; he has had charge of a park playground for the past few years and knows all the kids' tricks.

"Pete" blew in from Omaha one day back in the fall of 1917, and since then has been constantly increasing his popularity by his ever-ready spirit of good fellowship and his willingness to co-operate with classmates.

"Pete" does like to sleep, but well raised, he knows his eggs, and in work or play, prosperity or adversity, he stands head and shoulders above the crowd.
