

CLASSES

ANTHONY ROTUNNO

Born October 3, 1900.
Lane Technical High School.
Crane Junior College.

Tony is sure there. Not a giant in size, but then all good things come in small packages. As a speaker Tony is a wonder. He can talk for half an hour without saying anything.

EDGAR MERRILL SEABERG

Born July 23, 1900, Sheldahl, Iowa.
Sutton, Nebraska, High School.
Carter H. Harrison High School, Chicago.
Sigma Kappa Delta; Tau Beta Pi.
Class Treasurer; Sphinx, 1920-21.
Secretary W. S. E., 1921-22; Editor-in-chief, Armour Engineer, 1921-22. Inter-honorary Dance Committee.

E. Merrill has been a permanent fixture in the Civil Department for the past four years. He and the other Siamese twin constitute 50 per cent of the Hydro-Elects. Aside from his many activities as noted above he has shown a great interest in one School of Expression on Michigan Boulevard. Although his "minister-son's" conscience prevented him from doing the Ponzi frenzied finance act the other halves gave him the comfort that the Inter-Honorary Dance was a success in every other way. After leaving Armour he expects to remodel the peninsula of Sweden, that is, from an engineering standpoint. We feel that America will lose a fine engineer and know that his Armour friends will long remember him.
