

ATHLETICS

winning a decisive victory over Detroit University. Our men outplayed Detroit in every department of the game.

More injuries again beset the team and it was a badly wrecked squad that we took to Notre Dame where we were handed our second defeat of the season by this school.

Northwestern College, Lombard, and Augustana were met next in the order named to which we fell victims.

Augustana came for a return game and the fans were treated to a thrilling contest. Armour maintained the lead through the entire game, and it was in the extra five-minute period that a basket was thrown from mid-field which spelled defeat for us by one point.

The season ended with a double victory over Lake Forest, our old rivals. The team outplayed their opponents in both games and fully deserved to win.

Thus ended a mediocre season. It is true that games were lost, but the games won do not always prove a team. We have met real opposition from the colleges and universities of the middle west. This is a good sign. Keen competition always raises the standard of Athletics and there is not a better thing in the world to develop real sportsmanship. We have several scores to settle next year and present indications are that we will settle them in the right way.

There will be a strong nucleus for a great team next year and the prospects will make a mighty bid for a clean slate when the 1922 season rolls around.

BASKETBALL SCHEDULE FOR 1921-1922

American College—at Armour.....	Nov. 29
Northwestern University—at Evanston.....	Dec. 3
Crane College—at Crane.....	Dec. 7
