given at

THE LINCOLN PARK REFECTORY

FEBRUARY 10, 1922

Committee in Charge:

E. M. SEABERG, *Tau Beta Pi*

W. T. GRAY, *Phi Lambda Upsilon*

R. O. MILES, *Eta Kappa Nu*

W. J. McCORMACK, *Scarab*

On the evening of February 10, 1922, there gathered at the Lincoln Park Refectory a representative group of members of the four Armour Tech Honorary Fraternities, Tau Beta Pi, Eta Kappa Nu, Phi Lambda Upsilon, and Scarab. The group contained about thirty-five members and an equal number of guests.

The purpose of the gathering was to have the best time possible through the media of Goodheart's famous orchestra and the other "props" necessary for a good dance, and, needless to say, the dance was voted a huge success by everyone present.

An affair like this always evokes the thought that some members of the honoraries must have dual personalities, being disciples of both Terpsichore and whoever is the god or goddess of the midnight oil.
