

THE TWENTY-FIRST ANNUAL HOME CONCERT

ARMOUR TECH MUSICAL CLUBS

The Twenty-first Annual Home Concert was held at the Aryan Grotto Theater, April seventh. It had been planned this year to make this event a home-coming for the alumni of the Institute, with the result that many old grads returned and renewed old acquaintances and again came into close touch with the Institute activities.

The complete program was a monument to the hard work and months of practice the clubs had put in and every number was enthusiastically received. The finished exhibition demonstrated the ability of Professor Leigh as director and proved that Tech can produce a Glee Club second to none.
