THE HONOR "A" SOCIETY

J. J. SCHOMMER, Honorary Member

G. A. GILBERTSON		<i>President</i>
D. E. RUTISHAUSER		<i>Vice-President</i>
W. A. O'BRIEN		<i>Secretary</i>
G. N. SCHUMACHER		<i>Treasurer</i>

The Honor "A" Society was formed in the spring of 1904 by the active athletes then at the Institute. The fundamental reason for the foundation of the society was the promotion of the athletic interests of the Armour Institute of Technology. The society also serves as a working unit for all "A" men in the discussion of athletic questions, and preserves all records of the athletic teams. Any student who has won a letter in any of the three major sports—basketball, baseball, or track—is eligible to membership.

The society held its annual banquet at the University Club, December 2, 1921. This was the first banquet given by the society since the beginning of the War. Messrs. Schommer, Huntley, and Kraft of the faculty, together with a number of "A" men, both alumni and students, were present at this reunion banquet. After the "inner man" had been satisfied, Mr. Schommer gave a very interesting talk on the athletic possibilities at Armour.

Shortly before the opening of the basketball season, complimentary annual athletic tickets and schedules were sent to all "A" men, both students and alumni. This idea was suggested last year, and has been carried out with great success. It was also suggested last year that each "A" man be presented with a certificate of his membership containing his athletic record while in the Armour Institute of Technology. A sample of this certificate was presented and passed by the members at one of the regular meetings of the society. These certificates have been sent to all "A" men.
