

ATHLETICS

REINHOLD RUWALDT, '23

(Short Stop)

Last year was Ruwaldt's first year on the Varsity team. One day Coach Walsh was speaking with Ruwaldt and found out that he played ball on his home town team. A few days later we saw Ruwaldt in an Armour suit and since that day he has made good. Ruwaldt has the distinction of being the only Armour man to get a hit off the marvel Kalamazoo pitcher while at that town. Ruwaldt will be with us again this year and we surely expect to see him do marvels.

J. LEO WALSH, '23

(Coach and First Base)

Walsh as usual played brilliantly at the initial sack. He was always reliable in a pinch and contributed the greater part of the brains of the team. "Lee" is one of the best fielding and hitting first-base men ever seen on a college baseball diamond. Walsh, although playing wonderful ball all season, reached the height of his form at the end of our season. In the last game of the year with Purdue, "Lee" poled two over the center field fence for home runs. We are indeed glad to hear that Walsh has again signed up to coach the 1923 baseball team and we look forward to what will probably be Armour's greatest baseball season.

THOMAS J. ROWE, '22

(Second Base)

"Tommy" had the distinction of being the smallest ball player that ever was seen upon the Armour diamond. He also had the distinction of being one of the best players at the keystone sack that Armour has seen in many a year. All his admirers will be keenly disappointed not to see him at second again. If "Tommy" makes as good a showing at engineering as he did at baseball, he will, indeed, be a success.

JOHN L. RUZICH, '25

(Utility)

Ruzich is another new man on the baseball squad. He was always dependable and could play most any position on the field with ease. On the bases he was as fast as a rabbit. We are glad to know that he will be in school this year and we look forward to again seeing him on the diamond. Look out for Ruzich, boys, he's coming through!
