At the beginning of this year Andrew A. Andersen was made pilot of the Band. Andersen has played in both the Band and the Orchestra and so has had enough experience to do his job well. The Band has played at nearly all of the assemblies and has supplied color and "pep" to the baseball and basketball games and the athletic rallies and Circus Day. How fine it was to hear the Band playing the Armour Fight Song in Milwaukee when the basketball team played Marquette. The Band proved a boon to the frightened Freshmen on Circus Day.
