Basketball, 1924-25

MILTON H. ROMNEY.....*Coach*
 S. JOSEPH McLAREN, JR.....*Captain*
 LEWIS S. GREEN.....*Manager*

The Armour Institute of Technology Basketball Team, coached by Milton H. Romney and piloted by "Joie" McLaren, came through the season with an average that is somewhat below normal. This was not due, however, to either of the aforementioned as "Milt" was a remarkable coach and "Joie" could always be relied upon to get at least four baskets in a game. The team has improved a good deal over the teams of a few years previous. Due to the "breaks" of the game the Armour team failed to make a good start. The "pep" of the men was there, but that so essential feature of the "knockout blow" was lacking. It played hard and well but was only able to hold the opponents to a low score.

The greatest disappointment of the season was on the Michigan trip. Expecting to lose the St. Mary's game by a large score, the second team played most of the game and lost by only one basket. Again, after a splendid banquet and a rousing send-off by the peppy Alumni Association at Detroit the boys fought hard and lost to Detroit University by a close score. This game hurt deeply because of the team's desire to pay the Association with a winning game.
