OUR RECORD

A little review of the Sophomore athletic activities of the past year will show that the class has not remained idle. We started the year's schedule by a victory in the annual Freshman-Sophomore track clash. In the Interclass-basketball tournament our first victims were the Juniors—then the Seniors. However, due to a spell of sickness two of our men were unable to play in the deciding game against the Frosh, and we lost. In a replay with the Seniors for the title, "after one of the most hectic battles in the history of the Institute," we were defeated by the close score of twenty-one to eighteen. It was nip and tuck and a fight all the way through. No one was sure of *that* game. The final issue to which we point with pride is the fact that in all the varsity athletics, majors and minors, some of the most outstanding men were of the Sophomore class.
