Never before in the history of Armour Institute of Technology has the Orchestra shown such enthusiasm, good quality, and ability. As usual violins were in abundance; but this year several more clarinets and cornets appeared to lend added tone and quality to the music. The Orchestra alternated with the Band in furnishing music for the assemblies and we will all agree that Professor Phalen has developed a club of which we are all proud.

Asmus, Sturm, Horn, Setterberg, Bowman, Parker, Norrgard, Rezac, Miniberger.
Gothard, Beisbier, Williams, Koeber, Rappel, Daniels.
