This year's Glee Club began under the difficulty of a lack of enough material. Nevertheless, Professor Phalen's untiring efforts started us off well. The Club felt a great loss when his other duties made it necessary for him to relinquish the directorship of the Glee Club. The Institute, however, was fortunate in obtaining the services of Dr. Daniel Protheroe. Armour did not enter the Contest at Orchestra Hall because Dr. Protheroe does not believe in the matter of adjudication; but in the past spring months we consider that we have done wonders with the Glee Club.
